Report #15-190058

After reading the attached documentation and debriefing Ofc. Hamilton I find that Ofc. Hamilton's deployment of K-9 "Leo" as a searching and apprehension tool was reasonable, within State and Federal Law, within Department Policy and met Department expectations.

Due to the nature of the call and the possession of a knife by the suspect, utilizing a K-9 as a searching and apprehension tool made it safer for the involved citizens, the officers and the suspect.

Sgt. CJ Reynolds #558

Report Narrative

On 06-07-15 at about 1923 hours, I was asked to respond to Liberty Lake to assist the Spokane County Sheriff's Office/Spokane Valley Police, who were just involved in a vehicle pursuit and the occupants fled on foot.

I responded with K9 Leonidas (Leo). We are a WAC certified police patrol dog team and have been for over 6 1/2 years. We are also accredited through the Washington State Police Canine Association (WSPCA). In addition, I'm a Master Trainer with the WSPCA. Leo is my second working dog in nearly 11 years as a K9 handler.

I was driving a fully marked "Spokane Police K9" patrol SUV. I was wearing the uniform of the day. Leo was wearing a harness with "POLICE" marked along both shoulders and a Spokane Police patch affixed to his left side. We were clearly identifiable as police.

I pulled up and parked just to the west of McKenzie on Knox and contacted Deputy Palmer. He told me he had probable cause to arrest the fleeing suspect for the felony crime of eluding and burglary. He told me he saw the suspect jump the 6' fence that led into the R'n'R RV fenced lot, which is located at 23203 E. Knox and is several blocks long.

The RV lot was very large and full of travel trailers and other RV's. The gates were locked and we had to jump over the fence to get in. With all the RV's and how some were locked and some were not, searching the lot was extremely dangerous. A responsible party for the business said nobody was supposed to be inside the business.

We jumped the fence near the gate at McKenzie and Knox and then made our way over to the S/W corner of the fence, which was just south of where the suspect jumped over himself. I was told several PA announcements had already been made from the perimeter cars, advising a K9 was going to be used to search the area.

Once inside the fenced lot, I yelled two more K9 announcements but never got a response from the suspect. My announcements were similar to, 'Attention in the area, this is the Spokane Police K9. Suspect you are under arrest and need to give up now. The area is going to be searched by a police dog and when he finds you he might bite you!' I decided to release Leo off lead to search for the suspect for the following reasons:

CRIME:

There was probable cause to arrest the suspect for the violent felony crime's of eluding and burglary.

THREAT:

The suspect posed an immediate threat to the searching officers. The closed business he fled into provided countless places to hide, especially if he were to illegally enter an RV and hide, each one would have to be cleared and there were several hundred on the lot. They also provided great places to set up an ambush on officers, including high ground. It was also

unknown if he was armed with any weapons. There really was no good way of clearing the business without the use of the dog. The suspect's identity was unknown as well as why he was in such desperation to avoid capture. It was unknown if he had committed any other crimes that we were unaware of.

RESISTANCE:

The suspect was involved in a vehicle pursuit and then fled on foot so he was actively resisting arrest. He had also failed to give up after numerous announcements had been made.

After not getting a response from my K9 announcements, I released Leo and gave him the search command. He took off N/B along the west fence line and right where the suspect was last seen running E/B, Leo turned and also went E/B through the travel trailers. I downed Leo and we moved up closer to him. I sent Leo out a little deeper into the lot. About 3 or 4 row of trailers into the search, I heard what sounded like Leo jumping up on the side of a trailer. I knelt down to look where Leo was showing a change of behavior only to see him up under a trailer and then I heard the suspect scream. I made my way up to their location, which was only a few trailers away, and saw Leo had control of the suspect's forearm. Leo had dragged him out from where he was hiding, which was on top of the axles of a trailer. I yelled for the suspect to show me his other hand, which I then saw was free of weapons. I ordered Leo to release his hold and he immediately did so.

The deputies that were with me took him into custody without further incident.

I noticed the suspect was bleeding from a tear on his forearm where Leo had made contact. I gave a bandage wrap to one of the deputies and they wrapped his injury to stop the bleeding, while we waited for medics to arrive. The suspect was acting very unusual and wasn't making any sense as he spoke. It appeared to me he was under the influence of some type of drug or intoxicant.

Medics responded to the scene, mostly to deal with his level of intoxication and bizarre behavior. The suspect wasn't even providing his name to us. He was then transported to Deaconess Hospital to be evaluated and his minor injuries treated.

The suspect was located under a trailer that was about 50' away from where we had jumped the fence to get into the yard. It was well within earshot of my announcements as well as the PA announcements given from the nearby patrol cars.

I was also told a fixed blade knife was found right where the suspect was hiding. I was told it was positioned on the frame (or something similar) and in a location he could easily grab and use it. It's unknown what his intent was with the knife but he easily could have ambushed searching officers but likely couldn't respond quick enough to Leo if he was planning an attack.

At the hospital, they tended to his injuries. He had a tear about 2" long that was stitched and a few punctures as well. There was only one contact location.

Cpl. Daniel took photos of the injuries.

I learned of the suspect's identity while at the hospital. He was identified as Jacob A. Woodward. He had warrant out of Steven's County for 4th degree assault - DV.

Sgt. Hansen with the SCSO was aware of the contact. I also advised Sgt. Lee with SPD.

Deputy Palmer booked Woodward for eluding and 1st degree burglary.

See his report for further information.

SUSPECT INFORMATION			
Name/ Address	DOB/ Phone	SSN	Incarcerated at
* Woodward, Jacob A	9/20/1993		Spokane County Jail

On 06-07-15 at about 1923 hours, I was asked to respond to Liberty Lake to assist the Spokane County Sheriff's Office/Spokane Valley Police, who were just involved in a vehicle pursuit and the occupants fled on foot.

I responded with K9 Leonidas (Leo). We are a WAC certified police patrol dog team and have been for over 6 1/2 years. We are also accredited through the Washington State Police Canine Association (WSPCA). In addition, I'm a Master Trainer with the WSPCA. Leo is my second working dog in nearly 11 years as a K9 handler.

I was driving a fully marked "Spokane Police K9" patrol SUV. I was wearing the uniform of the day. Leo was wearing a harness with "POLICE" marked along both shoulders and a Spokane Police patch affixed to his left side. We were clearly identifiable as police.

I pulled up and parked just to the west of McKenzie on Knox and contacted Deputy Palmer. He told me he had probable cause to arrest the fleeing suspect for the felony crime of eluding and burglary. He told me he saw the suspect jump the 6' fence that led into the R'n'R RV fenced lot, which is located at 23203 E. Knox and is several blocks long.

The RV lot was very large and full of travel trailers and other RV's. The gates were locked and we had to jump over the fence to get in. With all the RV's and how some were locked and some were not, searching the lot was extremely dangerous. A responsible party for the business said nobody was supposed to be inside the business.

We jumped the fence near the gate at McKenzie and Knox and then made our way over to the S/W corner of the fence, which was just south of where the suspect jumped over himself. I was told several PA announcements had already been made from the perimeter cars, advising a K9 was going to be used to search the area.

Once inside the fenced lot, I yelled two more K9 announcements but never got a response from the suspect. My announcements were similar to, 'Attention in the area, this is the Spokane Police K9. Suspect you are under arrest and need to give up now. The area is going to be searched by a police dog and when he finds you he might bite you!' I decided to release Leo off lead to search for the suspect for the following reasons:

CRIME:

There was probable cause to arrest the suspect for the violent felony crime's of eluding and burglary.

THREAT:

The suspect posed an immediate threat to the searching officers. The closed business he fled into provided countless places to hide, especially if he were to illegally enter an RV and hide, each one would have to be cleared and there were several hundred on the lot. They also provided great places to set up an ambush on officers, including high ground. It was also unknown if he was armed with any weapons. There really was no good way of clearing the business without the use of the dog. The suspect's identity was unknown as well as why he was in such desperation to avoid capture. It was unknown if he had committed any other crimes that we were unaware of.

RESISTANCE:

The suspect was involved in a vehicle pursuit and then fled on foot so he was actively resisting arrest. He had also failed to give up after numerous announcements had been made.

After not getting a response from my K9 announcements, I released Leo and gave him the search command. He took off N/B along the west fence line and right where the suspect was last seen running E/B, Leo turned and also went E/B through the travel trailers. I downed Leo and we moved up closer to him. I sent Leo out a little deeper into the lot. About 3 or 4 row of trailers into the search, I heard what sounded like Leo jumping up on the side of a trailer. I knelt down to look where Leo was showing a change of behavior only to see him up under a trailer and then I heard the suspect scream. I made my way up to their location, which was only a few trailers away, and saw Leo had control of the suspect's forearm. Leo had dragged him out from where he was hiding, which was on top of the axles of a trailer. I yelled for the suspect to show me his other hand, which I then saw was free of weapons. I ordered Leo to release his hold and he immediately did so.

The deputies that were with me took him into custody without further incident.

I noticed the suspect was bleeding from a tear on his forearm where Leo had made contact. I gave a bandage wrap to one of the deputies and they wrapped his injury to stop the bleeding, while we waited for medics to arrive. The suspect was acting very unusual and wasn't making any sense as he spoke. It appeared to me he was under the influence of some type of drug or intoxicant.

Medics responded to the scene, mostly to deal with his level of intoxication and bizarre behavior. The suspect wasn't even providing his name to us. He was then transported to Deaconess Hospital to be

evaluated and his minor injuries treated.

The suspect was located under a trailer that was about 50' away from where we had jumped the fence to get into the yard. It was well within earshot of my announcements as well as the PA announcements given from the nearby patrol cars.

I was also told a fixed blade knife was found right where the suspect was hiding. I was told it was positioned on the frame (or something similar) and in a location he could easily grab and use it. It's unknown what his intent was with the knife but he easily could have ambushed searching officers but likely couldn't respond quick enough to Leo if he was planning an attack.

At the hospital, they tended to his injuries. He had a tear about 2" long that was stitched and a few punctures as well. There was only one contact location.

Cpl. Daniel took photos of the injuries.

I learned of the suspect's identity while at the hospital. He was identified as Jacob A. Woodward. He had warrant out of Steven's County for 4th degree assault - DV.

Sgt. Hansen with the SCSO was aware of the contact. I also advised Sgt. Lee with SPD.

Deputy Palmer booked Woodward for eluding and 1st degree burglary.

See his report for further information.

DISTANCE: about 25'

TIME: about 10-15 seconds

I CERTIFY (OR DECLARE) UNDER THE PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

Craig Hamilton 713

DISPATCH TIME	ARRIVED TIME	CLEARED TIME		REPORT DATE 06/17/2015	REPORT TIME 12:41
PRIMARY CHARGE					UCR/NIBRS CODE
NARRATIVE					

On 06-07-15 at about 1923 hours, I was asked to respond to Liberty Lake to assist the Spokane County Sheriff's Office/Spokane Valley Police, who were just involved in a vehicle pursuit and the occupants fled on foot.

I responded with K9 Leonidas (Leo). We are a WAC certified police patrol dog team and have been for over 6 1/2 years. We are also accredited through the Washington State Police Canine Association (WSPCA). In addition, I'm a Master Trainer with the WSPCA. Leo is my second working dog in nearly 11 years as a K9 handler.

I was driving a fully marked "Spokane Police K9" patrol SUV. I was wearing the uniform of the day. Leo was wearing a harness with "POLICE" marked along both shoulders and a Spokane Police patch affixed to his left side. We were clearly identifiable as police.

I pulled up and parked just to the west of McKenzie on Knox and contacted Deputy Palmer. He told me he had probable cause to arrest the fleeing suspect for the felony crime of eluding and burglary. He told me he saw the suspect jump the 6' fence that led into the R'n'R RV fenced lot, which is located at 23203 E. Knox and is several blocks long.

The RV lot was very large and full of travel trailers and other RV's. The gates were locked and we had to jump over the fence to get in. With all the RV's and how some were locked and some were not, searching the lot was extremely dangerous. A responsible party for the business said nobody was supposed to be inside the business.

We jumped the fence near the gate at McKenzie and Knox and then made our way over to the S/W corner of the fence, which was just south of where the suspect jumped over himself. I was told several PA announcements had already been made from the perimeter cars, advising a K9 was going to be used to search the area.

Once inside the fenced lot, I yelled two more K9 announcements but never got a response from the suspect. My announcements were similar to, 'Attention in the area, this is the Spokane Police K9.

INCIDENT CLASSIFICATION ELUDING	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER 15-190058
---	---------------------------------------	-------------------------------------

Suspect you are under arrest and need to give up now. The area is going to be searched by a police dog and when he finds you he might bite you!' I decided to release Leo off lead to search for the suspect for the following reasons:

CRIME:

There was probable cause to arrest the suspect for the violent felony crime's of eluding and burglary.

THREAT:

The suspect posed an immediate threat to the searching officers. The closed business he fled into provided countless places to hide, especially if he were to illegally enter an RV and hide, each one would have to be cleared and there were several hundred on the lot. They also provided great places to set up an ambush on officers, including high ground. It was also unknown if he was armed with any weapons. There really was no good way of clearing the business without the use of the dog. The suspect's identity was unknown as well as why he was in such desperation to avoid capture. It was unknown if he had committed any other crimes that we were unaware of.

RESISTANCE:

The suspect was involved in a vehicle pursuit and then fled on foot so he was actively resisting arrest. He had also failed to give up after numerous announcements had been made.

After not getting a response from my K9 announcements, I released Leo and gave him the search command. He took off N/B along the west fence line and right where the suspect was last seen running E/B, Leo turned and also went E/B through the travel trailers. I downed Leo and we moved up closer to him. I sent Leo out a little deeper into the lot. About 3 or 4 row of trailers into the search, I heard what sounded like Leo jumping up on the side of a trailer. I knelt down to look where Leo was showing a change of behavior only to see him up under a trailer and then I heard the suspect scream. I made my way up to their location, which was only a few trailers away, and saw Leo had control of the suspect's forearm. Leo had dragged him out from where he was hiding, which was on top of the axles of a trailer. I yelled for the suspect to show me his other hand, which I then saw was free of weapons. I ordered Leo to release his hold and he immediately did so.

The deputies that were with me took him into custody without further incident.

I noticed the suspect was bleeding from a tear on his forearm where Leo had made contact. I gave a bandage wrap to one of the deputies and they wrapped his injury to stop the bleeding, while we waited for medics to arrive. The suspect was acting very unusual and wasn't making any sense as he spoke. It appeared to me he was under the influence of some type of drug or intoxicant.

Medics responded to the scene, mostly to deal with his level of intoxication and bizarre behavior. The suspect wasn't even providing his name to us. He was then transported to Deaconess Hospital

SUPPLEMENTAL REPORT CONTINUED

Spokane Police/Spokane County Sheriff

INCIDENT CLASSIFICATION ELUDING	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER 15-190058
---	---------------------------------------	-------------------------------------

to be evaluated and his minor injuries treated.

The suspect was located under a trailer that was about 50' away from where we had jumped the fence to get into the yard. It was well within earshot of my announcements as well as the PA announcements given from the nearby patrol cars.

I was also told a fixed blade knife was found right where the suspect was hiding. I was told it was positioned on the frame (or something similar) and in a location he could easily grab and use it. It's unknown what his intent was with the knife but he easily could have ambushed searching officers but likely couldn't respond quick enough to Leo if he was planning an attack.

At the hospital, they tended to his injuries. He had a tear about 2" long that was stitched and a few punctures as well. There was only one contact location.

Cpl. Daniel took photos of the injuries.

I learned of the suspect's identity while at the hospital. He was identified as Jacob A. Woodward. He had warrant out of Steven's County for 4th degree assault - DV.

Sgt. Hansen with the SCSO was aware of the contact. I also advised Sgt. Lee with SPD.

Deputy Palmer booked Woodward for eluding and 1st degree burglary.

See his report for further information.

DISTANCE: about 25'

TIME: about 10-15 seconds

I CERTIFY (OR DECLARE) UNDER THE PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.
