**Complaint Being Investigated**

Use of Force

**Complainant Interview Summary**

Mr. Sabir was uncooperative and not interviewed.

**Officer Interview Summary**

Officers responded to a violent DV at [REDACTED] #1d where the defendant, Joseph Sabir, had kicked in the door and choked the victim. Mr. Sabir left the residence on foot and was in the area. Mr. Sabir also had a DOC warrant (original charge was criminal mischief while armed with a deadly weapon) and DUI.

Mr. Sabir was located at 220 S Elm in an upstairs apartment. He then exited the apartment as officers were setting up outside. As Mr. Sabir exited the residence he was confronted by officers who gave him verbal commands that he was under arrest and to get on the ground. Mr. Sabir refused to follow commands. Mr. Sabir was advised if he did not follow commands he would be TASED. He responded by yelling at officers and stating, "Fuck you" and "Shoot me." He then began walking toward an officer. Officer Lesser and Officer Stone deployed their TASER's almost simultaneously. This caused Mr. Siber to fall to the ground hitting his head on the pavement, causing a small cut on his forehead. He was then cuffed by officers.

After he was handcuffed, Mr. Sabir continued cursing at officers and started kicking. His legs were restrained. Mr. Sabir indicated he had a previous injury to his knee and he was hurting. After he indicated he would stop kicking, officers sat him up. Medics removed one dart that had penetrated his skin. The other 3 darts had either not penetrated or fell out as he was kicking and struggling with officers. He was placed in a patrol car where he began banging his head on the shield in the vehicle. After he agreed to stop he was taken to jail.

**Witness Interview Summary**

N/A

## **Physical Evidence**

There are 14 body camera videos of the incident. Officer Stone and Officer Berrow's videos show a good perspective of the incident. A link to the videos is provided below. There are photos of Mr. Sabir after the incident. A small sample is included in this report.

[https://spokanepdwa.evidence.com/index.aspx?class=UIX&proc=Evidence&page=EvidenceSearch&is shared with me=false&case id=15-201043&title=&category=&date search type=create&start date=&end date=&type=&owner id=&owner search=&original owner id=&original owner search=&status=open&tag name=&group id=&group search=&flagged status=&search type=advanced](https://spokanepdwa.evidence.com/index.aspx?class=UIX&proc=Evidence&page=EvidenceSearch&is%20shared%20with%20me=false&case%20id=15-201043&title=&category=&date%20search%20type=create&start%20date=&end%20date=&type=&owner%20id=&owner%20search=&original%20owner%20id=&original%20owner%20search=&status=open&tag%20name=&group%20id=&group%20search=&flagged%20status=&search%20type=advanced)

## **Investigative Summary**

Officers were investigating a violent felony where Mr. Sabir had fled the scene going to a location known to have weapons (220 S. Elm had a burglary where a gun was taken). He then exited the apartment he was in, confronting officers and refusing to follow commands. Officers advised Mr. Sabir that he would be TASED if he did not comply. Mr. Sabir refused to comply and started walking toward an officer. Officer D. Lesser and Officer Stone deployed their TASER's almost simultaneously for the following reasons:

Crime: At this time Mr. Sabir had committed 2 violent felonies; inflicting injury to a victim (1\* Burglary DV, 2\* Assault DV), he damaged property in the victim's residence, he had a DOC warrant related to being armed with a deadly weapon, and he had a DUI warrant.

Threat: Mr. Sabir walked down some stairs kicking the walls and screaming just before he confronted officers outside the apartment. Officers had taken a burglary report at the location recently where a gun was taken and Mr. Sabir had not been searched for weapons. Mr. Sabir threw his hat up in the air once outside, clenched his fists, and was taking small steps forward while posturing.

Resistance: Mr. Sabir refused to follow commands to get on the ground, and then he started walking toward an officer.

Mr. Sabir fell to the ground hitting his head on the pavement and causing a small cut on his forehead. After he was handcuffed he continued cursing at officers and started kicking at officers. His legs were restrained by officers. Once he agreed to stop kicking, officers sat him up. He continued cursing; however, he stopped kicking. Once he was placed in a patrol car he continued his violent behavior by hitting his head on the shield in the patrol car.

Officers may use the TASER under the following conditions:

### **309.5.1 APPLICATION OF THE TASER DEVICE**

The TASER device may be used in any of the following circumstances, when the

circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.

(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mr. Sabir was violent and demonstrated he would resist by defying officers' commands and asking to be shot. He was advised he would be TASED if he did not comply. He walked toward an officer and was TASED. Officer D. Lesser and Officer Stone's application of the TASER were objectively reasonable based on the totality of the circumstances. The officers' actions were within departmental guidelines and state law.

Sgt. Kannberg

## NARRATIVE

On 06/15/2015 at approximately 2250 hours I was dispatched to **#1d** in reference to a domestic disturbance between a boyfriend and girlfriend. Dispatch advised that the boyfriend had attempted to "choke her out."

Upon my arrival I assisted officers with clearing the apartment and the offender was not located inside.

I spoke with the female victim, identified as **#1a** who was sitting on the floor crying, she appeared to be very afraid and was shaking. **#1a** stated that her boyfriend, identified as Joseph Sabir, had been drinking since about 10 am and had been suffering from PTSD. They have only been in a relationship for about five months but he had recently been staying on and off for four days in her apartment. I asked **#1a** if she would like to sit on the couch but she said, "No, it hurts

too bad." #1a stated that Sabir had kicked open her locked apartment door when she refused to let him in and pushed her up against a wall. Sabir then pulled her on top of him on the bed and wrapped his arm around her neck and squeezed while he wrapped his legs around her body to restrain her movement. #1a said that she could not breathe and that, "I thought I was going to die!" She also stated that her television had been knocked over during the fight.

#1a spoke to me in short choppy sentences as if she were out of breath, or frightened to the point where she was hyper ventilating. She had a red mark on her neck. I noted her television was lying on her bed, knocked over on the screen. There was a fan at the foot of the bed, laying down and it was crushed.

During the altercation Sabir damaged her front door, a fan, and her television. All damage was valued at less than \$750.00.

Sabir then left the apartment with a subject that #1a knew only as D. A picture was shown to #1a of a male subject named Donald Walker and she confirmed that this was the same person.

Sabir came back to #1a apartment a second time and had a confrontation with another apartment resident, see Ofc. J. Rodriguez's report, before leaving the scene.

Photos were taken of the apartment, the damaged door and #1a injuries. Medics responded to the scene and evaluated #1a.

Sabir was taken into custody by assisting officers and transported to jail for Burglary 1 DV, and Assault 2 DV, and Malicious Mischief DV in addition to outstanding warrants.

On 061615 I contacted #1a again. She told me she was in quite a lot of pain, and had a visible injury on her back. She told me her jaw hurt and she spoke in a hushed and hoarse voice. She was staying with #1a who corroborated that she did not normally sound like that.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

Ofc. J. Beasley #1255

NARRATIVE					

On 6/15/15 at about 2259 hrs I responded to a domestic violence report from #1d. Information was received that a female had been choked and thrown around inside the apartment. The suspect male was Joseph Sabir who assaulted his girlfriend, #1a. We arrived in the area, I noticed the front door completely damaged and broken up. #1a was sitting on the floor crying. The apartment was cleared. Officer Beasley interviewed #1a and I began to interview the neighbor #1a, William F. Berg. Berg had a cut to his forehead. He advised that he witnessed the altercation between #1a and Sabir. He noticed the door get broken down by Sabir and also saw him throw #1a around. He advised that he watched this through his partly open apartment door and as Sabir walked past to leave Sabir either kicked it or pushed it open causing it to strike him on the forehead. I asked him if he needed medics and he refused. I asked him if he wanted to be a victim of a crime. He shook his head and said, "No I don't." I asked him a few times later and the answer was the same. He did mention that Sabir was with another black male who wanted to diffuse the situation and prevent Sabir from assaulting #1a further.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT ALL STATEMENTS MADE HEREIN ARE TRUE AND ACCURATE AND THAT I AM ENTERING MY AUTHORIZED USER ID AND PASSWORD TO AUTHENTICATE IT.

NARRATIVE					

On 6/15/2015 at approximately 2210 hrs, I was dispatched to 4305 E Longfellow Ave for a warrant. Joseph Sabir was wanted for a DOC warrant (original charge was criminal mischief while armed with a deadly weapon) and DUI. Sabir had been arrested a few months prior where he fought with LE after he crashed his vehicle. Sabir fought violently and had a loaded handgun in the his vehicle.

We arrived on scene and contacted Heather Sabir at the location. She stated she had not seen from him since the night he was arrested after crashing his vehicle. She did not know where he was staying, but that Sabir had a new girlfriend. Heather did not know where Sabir was or how to contact him. While we were on that call, dispatch advised that there was a DV in progress at #1d with the suspect being Joseph Sabir.

I changed my location and began to head over there. While enroute, dispatch advised that Sabir had tried to choke his girlfriend (#1a) out. Sabir possibly left that location and was across the street at 220 S Elm in an upstairs apartment.

I arrived at 3/Cannon. I began to do a K9 search at approximately 2301 hrs. We searched around the victim's apartment complex. I was advised via radio that probable cause existed to arrest Sabir for Burglary 1st degree DV, Assault 2nd DV (strangulation), and Malicious Mischief 3rd DV.

Sabir's location was unknown at this time. Information kept coming that he was in 220 S Elm and possibly apartment #1 (which was upstairs). Apartment #1 belonged to Donald Walker which was Sabir's friend.

OFC Gobble was watching the stairwell to #1. The apartment had a locked outer hallway door and then another door to the actual apartment. OFC Gobble stated that he had two black males (later identified as Sabir and Walker) pop out of #1 and then run back inside of it. One of the black males matched Sabir's description.

I pulled my patrol car up to the SE corner of the complex and put my spotlights on two of the upper windows. I exited my patrol car and went to contact two tenants who were watching further north. I asked them if they knew who could get into the main hallway corridor. They stated the manager was in #8. I knocked on #8 and immediately heard Officers contacting someone from inside that locked

**15-201043**

hallway corridor where Sabir was last scene.

I ran back over to there and noticed Heather Sabir was now currently sitting in her car right below the target address. Sabir began to kick and bang the locked hallway door. He was screaming. It was obvious that Sabir was agitated and working himself up for some reason.

I drew my taser at the low ready. Sabir opened the door and was immediately uncooperative. He would not listen to LE commands. He was told approximately ten times to get on the ground. Sabir refused and was yelling and pacing. He was looking around as if to see how many Officers were there and where he could either escape or attack. Sabir continued to be uncooperative and get on the ground. Sabir would clench his fists and then swing from side to side looking around all while yelling. OFC Gobble was the only person to the north of Sabir and he began to walk towards OFC Gobble's position while working himself up more and more and refusing to listen and de-escalate the situation. The situation was evolving rapidly. I knew that we could not let Sabir get mobile because he was an extreme danger to the public due to his behavior and past history. It was obvious that Sabir was not going to cooperate. It would be a fist fight if we attempted to go hands on with Sabir. I felt that a taser deployment would be the safest way to end this situation for Sabir, LE, and other bystanders.

1) Sabir was wanted for a felony DOC warrant (original charge was Criminal Mischief while armed with a deadly weapon and a DUI warrant. PC existed to arrest Sabir for Burglary 1st DV, Assault 2nd DV (Strangulation), and Malicious Mischief DV.

2) Sabir was a large man at 5'10" 235 lbs. Sabir had a previous history of fighting with LE approximately two months ago. He fought and resisted even though he had just been involved with a serious collision. Sabir had a loaded handgun in his possession during that altercation. Sabir had not been searched and had just left an apartment where the owner (Walker) owned firearms. It was unknown if Sabir was armed at this time. Sabir was banging and kicking the hallway door while yelling and screaming all to amp himself up. He was pacing and looking around with his fists clinched. Sabir, within the last 45 minutes, had just kicked down a door and strangled a female across the street. Sabir was under the influence of alcohol/and or drugs which caused him to be even more un-predictable and dangerous. Sabir was an extreme danger to himself, LE and the public.

3) Sabir was told approximately ten times to get on the ground and he refused. He was pacing and moving around while clinching his fists. His stance was bladed as if he was getting ready to fight or attack. He began to walk towards an Officer who was by himself to the north. Behind that Officer was two citizens watching the incident. Sabir was not following commands at all and the situation was getting more and more dangerous for everyone involved. The situation needed to end in order to ensure everyone's safety.

ATTEMPTED  
☐

INCIDENT NUMBER  
**15-201043**

It was at this point, that I feared that Sabir was going to charge towards OFC Gobble and the citizens to the north. I aimed my taser at Sabir's right side since he was beginning to head towards OFC Gobble. He outweighed OFC Gobble by approximately 70 lbs. I yelled index and fired my taser (at approximately 2336 hrs) at Sabir from approximately ten feet away. My taser was only deployed one time for the full five second cycle. The serial number on my taser cartridge was #C61000D8H. The taser worked and Sabir fell forward onto the ground on his side. I was ordering Sabir to get on his stomach, which he did not do right away. Several Officers moved in to detain him while I covered them with my taser still. I was indexed, but not on safe since Sabir was still refusing to cooperate and was kicking his legs. Sabir was warned several times that if he did not cooperate he would be tased again. No further taser deployments were needed. Sabir continued to yell and curse at LE.

Medics were advised to respond for a taser deployment. Sabir was upset and kept kicking his legs towards Officers and screaming that he wanted a cigarette. Sgt. Kannberg was onscene during the incident. CPL Daniels was onscene and photographed Sabir

Sabir was placed in the back of my patrol car and immediately began to bang his head numerous times on the back of my patrol car shield. He hit his head so many times that he cut his own forehead. Sgt. Kannberg spoke to Sabir, but he refused to cooperate and calm down. The seatbelt was placed on Sabir in an attempt to restrain him from hurting himself. The seatbelt worked a little bit, but he was trying extremely hard to break through it. OFC Beasley and I rode together with Sabir in the back. He slammed his head on the back of the patrol car several more times and he caused the seatbelt plastic cover of my patrol car to break. He was yelling at LE once second and then talking to normal to us and then yelling again. We arrived at jail and I could see blood on the back of the patrol car shield from where Sabir was banging his head. He had a cut to his forehead.

Jail staff took over getting Sabir out of the patrol car. Sabir was not very cooperative again with Jail staff. I advised the jail nurse that I heard that Sabir possibly took some pills prior to contact with LE - unknown how many and what kind of pills. It was not confirmed that he actually took pills. CPL Daniels took photographs to the blood in my patrol car and the damaged seatbelt. He also photographed Sabir's head injury.

I took my taser to Sgt. Lee where he downloaded the taser information. OFC Gobble took my fired taser cartridge and placed it onto property as evidence.

See my body camera footage for further statements and actual quotes from Sabir.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

<b>NARRATIVE</b>					

On 6/15/15 I was assisting units attempting to locate Joseph Sabir, who had a confirmed felony DOC escape warrant. We were checking an address at 4305 E. Longfellow.

Cpl Busch advised that about two weeks ago Sabir was involved in a vehicle collision. When he and Officer Rogan arrived Sabir began combative and fought violently with officers. At one point he attempted to access the driver's side of the vehicle. After Sabir was taken into custody officers found a loaded handgun underneath the driver's seat.

It was determined that Sabir was not there but just as we were leaving the location dispatch advised that Sabir was currently involved in another call on the south side of town at #1d

We arrived in the area and I walked into the south alley. It was determined that Sabir was not in the house but could possibly be across the street in a brick apt building.

We were not 100 % sure which apt Sabir could be in. We left several officers on the apt building while I assisted Ofc Hamilton with starting a k9 track from the last known location which would have been the victims house. We finished the track and did not pick up anything. I then heard officers advise that they had two black males come out of apt #1 and then run back inside when they saw the police.

Apt #1 was an upstairs apt. There was a lower door that was locked and led to the staircase that went upstairs to apt #1. There was a glass window in the door that allowed us to clearly see the stairs and the landing that led to the Apt #1.

We had officers around the building and could see movement in the upstairs windows of the apt.

I began knocking on the door that led to Apt #1's staircase. We knocked several times and then suddenly Sabir came running down the stairs and started kicking the door. I immediately recognized Sabir from his jail booking photo along with the description provided by the officers who was talking to the victim.

At this point there was probable cause to arrest Sabir on his outstanding DOC escape felony warrant. Officers across the street also stated they had probable cause to arrest Sabir for 1st degree Residential Burglary DV, 2nd Assault DV, and Malicious Mischief DV. He was actively evading & resisting arrest by not following our directions.

He had not been searched and it was unknown if he had possessed any weapons. Two weeks prior to this he had been armed with a 38 caliber handgun. Ofc Berrow had also advised that he had taken a burglary report from Walker who lives in #1, the apt that Sabir had just exited from, where a 9mm handgun had been taken. Ofc Berrow stated he believed that Walker was not being

truthful who had actually taken the handgun.

Sabir continued to kick the door and then opened it. We told him several times that he was under arrest and to get down on the ground. Sabir refused all commands. The situation was extremely tense, uncertain, and rapidly evolving. Sabir started to walk to the north and again refused all of our directions. Ofc Gobble was the only officer in that direction. There were also two citizens that were just to the north of him about 25 yards.

Based on Sabir's actions and demeanor I believed that if we went to put hands on Sabir it would be a physical fight. I felt the safest way to take Sabir into custody and to minimize injuries to Sabir and the other officers I deployed my Taser. At the same time I deployed my Taser Ofc Stone had come to the same conclusion and also deployed his Taser as well.

I deployed one cycle of my Taser which caused Sabir to fall to the ground and we were able to take Sabir into custody. At one point Sabir start to kick his feet and they had to be restrained. Medics had been called to remove any taser probes that might still be attached. we then placed Sabir in the back of a patrol car where he banged his head several times against the shield.

See Ofc Stone's report for further details.

<b>NARRATIVE</b>					

On 06-15-15 at approx 2301 hours I responded to [redacted] #1d reference a report of a domestic assault. Radio advised the suspect (Sabir, Joseph) was assaulting a female at the location. There was information Sabir attempted to "choke" the female out. Radio advised me of this call while I was attempting to contact Sabir at 4305 E Longfellow.

I was at the Longfellow with several officers in attempt to contact Sabir reference a threat call: A medical facility advised Sabir had been threatening them since they dropped him as a patient denying him pain medication. Sabir also had confirmed warrants. Recently Sabir was involved in a DUI collision where there was a loaded handgun on the floor of the driver seat floor board.

At the Longfellow address we contacted his wife (Sabir, Heather). Heather advised she does not have any contact with Sabir and that he does not live there. She was contacted when he was involved in the collision because she is still an emergency contact. She gave us permission to look for Sabir in the residence. Sabir was not in the residence.

We cleared the Longfellow call and responded to the [redacted] #1d ave address. When I arrived on-scene officers were making entry to clear the residence and check on the victim female. Information was developed that Sabir left and may be across the street at 220 S Elm. It was believed Sabir may be in apartment #1 with another male (Walker, Donald).

I maintained the perimeter on the complex (N/W) corner while we located the correct apartment. Apartment #1 was a second story apartment on the S/W corner of the complex.

Officer's onscene advised there was PC to arrest Sabir for 1st Burglary DV, 2nd Assault DV and malicious mischief DV.

I was directed to come around to the front of the complex. We were attempting to make contact with the occupants of apartment #1. I heard officer advised the suspect Sabir was walking down stairs to the front door of the complex. When he got to the door he kicked or banged it several times. He was advised the exit with his hands up and visible. I heard a female yell something from behind our location. I turned and observed it was Heather from the Longfellow address who had advised she has no contact with Sabir.

Sabir exited the door and was confrontational. His hands were empty however he kept his arms by his side. He was directed multiple times to get on the ground, he did not comply with these directives. At first he just stood out front looking at the officers left and right of him. He grabbed that hat he was wearing and threw it in the air. Sabir then turned to the north and began to walk away. I was to the south of Sabir, I had my taser accessed as a less lethal option. When Sabir began to walk away to the north a taser application was deployed. From my position I could see the application was successful and caused neuromuscular incapacitation. Sabir went to the ground and officers moved in to take physical control of Sabir. See other reports and video footage for more detail.

I contacted a second male that was in the stair way when officers were taking Sabir into custody. The male was (Walker, Donald). Donald followed directives and complied with commands. I took control of his right arm and assisted in placing him into handcuffs. At that time he was being detained. He had given police permission to enter and clear his apartment. The apartment was clear. It should be noted in the kitchen there was a fake replica handgun in a broken glass case. The handgun was in the kitchen on the S/W corner of the building.

No further information. See other reports and video footage.

NARRATIVE					

On 06/15/15 at approximately 2250 hours, I responded to [REDACTED] #1d for a report of a domestic violence assault. The call notes stated an anonymous complainant called to report a female and two males had been arguing all day. A second caller reported her friend had called her from the location and stated her boyfriend had "tried to choke her out." The caller advised the victim was [REDACTED] #1a in apartment #1d. She stated the suspect male had possibly gone across the street.

The boyfriend was identified as Joseph Sabir and dispatch advised he had a felony DOC warrant. Dispatch also advised the last time Joseph was contacted by police he had resisted arrest and was armed with a gun.

While we were still on our way to the location, dispatch advised they received another call that Joseph had come back to the apartment and attacked [REDACTED] #1a.

When we arrived on scene, Officers Donaldson, Rodriguez, Beasely and I cleared the victim's apartment. She gave us permission to enter and we checked to ensure the suspect was not hiding inside. I saw the victim's apartment door had been smashed apart, there was only one shred of the door still attached to the frame. There was a mess inside the apartment and the victim, [REDACTED] #1a was sitting on the ground crying.

[REDACTED] #1a advised us he had left and I went outside to assist with searching for him. Officer Rodriguez gained intelligence that Joseph may have gone across the street to 220 S Elm St. At first we were

not sure which apartment may have been involved. The building was separated by ground floor apartments and second story apartments. The second story apartments were only accessible by a stairway leading from the ground floor to the second floor apartments. Each stairwell reached two second story apartments, one to the right at the top of the stairs and one to the left. There were three stairwells.

Officer Berrow and I stood by on the ground floor next to the stairwells and held containment on the front of the building. I stood by the stairwell leading to apartments #1 and #3. The door to the stairwell was locked and there was a large window embedded in the door. The stairwell was dark and I had to continually shine my flashlight in the window to watch for anyone exiting either apartment.

I stood by the stairwell while officers attempted to track for the suspect. No one knew for sure if he had gone into one of the apartments or left the scene altogether. While I was standing there, we were advised that the resident of apartment #1, Donald Walker was an acquaintance of the suspect. They later advised that Joseph and Donald live together in apartment #1.

While I was holding containment on the stairwell leading to apartment #1, a gold colored sedan drove up to the building. The driver sat idling in the parking lot for a few minutes and appeared to be waiting for someone. After a few minutes, the vehicle pulled into a parking spot in front of where I was standing. Officer Berrow and I contacted the female driver and she advised she was there to pick up a friend. She said her friend, "Michelle" was supposed to be waiting for her there.

I went back to the stairwell and shone my flashlight in the window. I immediately saw two black males standing in the stairwell. One of the males was heavyset and he immediately turned his back to me. He was approximately four steps down from the top and appeared to have been attempting to come down the stairs before I startled him. He went back in the apartment and the other male was standing at the top of the stairs gesturing at him. I could not hear what was being said but he put his hands out, palms up and appeared to be gesturing for the other male to come back out.

Both males went back in the apartment but the apartment door remained open. Additional officers came to the front and we knocked multiple times to attempt to make contact with the males. I never saw the heavier set male's face and I could not confirm if it was Joseph.

We stood there for several minutes and could hear a crashing sound in the apartment. The heavier set male suddenly exited the apartment door at the top of the stairs. He ran through the doorway and down the stairs straight at us. He ran into the door at the bottom of the stairs and put his face in the window. I immediately recognized him as Joseph from his prior booking photo. Joseph put his face in the window of the door and opened his mouth wide. His eyes were wide open and he had a crazed look on his face. He stepped back and kicked the door. I gave him commands to open the door and step out with his hands up. He opened the door and stepped out.

INCIDENT NUMBER  
**15-201043**

I told Joseph to get on the ground and other officers did as well. He was told multiple times to get on the ground but he refused to comply. He said, "You want to shoot me?" He refused to follow any commands and he stepped away from the other officers. Joseph was the suspect in a 1st Degree Burglary DV and 2nd Degree Assault DV. He had demonstrated his erratic state of mind by breaking in **#1a** door and assaulting her. He ran towards us when we were standing at the bottom of the stairwell and then kicked the door. He refused to comply with any commands and was yelling saying "you want to shoot me?"

I was standing at a 45 degree angle from Joseph. The other officers were also at a 45 degree angle but on the opposite side from me. I created distance by backing away from him but there was a significant slope in the grass. I felt the concrete steps with my rear foot and I could not back up any more. Joseph stopped talking and did not respond to our commands. He appeared to be making a plan. He started walking in my direction. Due to the severity of the crime and Joseph actively attempting to evade arrest by walking away, it was necessary to prevent his escape. He also posed a danger to me as I was the only officer on the side he was walking towards. I had my patrol rifle and if he ran at me he could attempt to disarm me. He out weighed me by at least 60 pounds.

Officer Stone and Officer Lesser deployed their Taser's and Joseph fell to the ground. I stood by while he was taken into custody. He continued to yell and say, "Fuck you!" Once he was escorted to the patrol car I collected the Taser cartridges.

I recontacted the female in the vehicle. She identified herself as Heather Sabir, Joseph's wife. She admitted she had lied about being there to pick up a friend named Michelle. She said Joseph had called her and told her to come pick him up. She did not believe he was on any drugs but that his behavior was likely due to alcohol use and his Bipolar disorder. She also stated he has PTSD from his Army service.

I transported and booked the Taser cartridges onto property as evidence.

See Officer Stone and D. Lesser's reports. See the body camera footage for further details on Joseph's behavior.

<b>NARRATIVE</b>					

On 6/15/15, at approximately 2250 hrs, I responded to a DV call at [REDACTED] #1d on arrival, I assisted by looking for the suspect at a nearby apartment complex. While there, the suspect came out and was uncooperative. Ultimately the suspect was tased for failure to comply with officer's instructions. At that time, I detained another male who came out of the apartment at the same time the suspect did.

I identified the male as Donald Walker, from apartment #1. He was very cooperative and indicated he came out because he wanted nothing to do with harboring a criminal. After other officers had the suspect in custody, I released Donald from the hand cuffs.

Donald said that his friend (the suspect, Joseph), was out of control and had been involved in an altercation with a female across the street. I asked if he had seen the altercation, but he said he did not. He said he saw the door was broken down and the apartment was wrecked, but was not present for the incident. He said that Joseph came over to his home, then started talking about what had happened, so he knew something bad had happened. He reiterated that he did not witness any of the incident, but knew something that had happened. Later, during my conversation with Donald, he said that he never went over to the residence where the incident occurred after the assault. I clarified with him and asked if he had gone over to the residence after the incident. He said "No" that he had gone there before the incident, when everything was calm, and he assisted Joseph in collecting his personal items.

I told him that he changed his story, and before had told me that he saw the damage to the

<b>NARRATIVE</b>					

On 06/15/2015, at 2331 hours, I responded to the area of [REDACTED] #1d reference a domestic violence call. When I arrived on scene there were already numerous officers who had been on scene and believed that the suspect, Joseph Sabir, was inside the apartment.

Right after I arrived on scene, Joseph came to the door of the apartment and we could hear him kicking at it from the inside. Joseph then swung open the front door and stepped out onto the small covered porch.

With the officers already on scene, they already had officers assigned to lethal cover and Tasers. There was also a K9 there on scene as well. I therefore was ready to be part of the arrest team and did not have anything in my hands, leaving me free to handcuff Joseph when the time came.

Joseph was yelling and shouting at the officers but I could not distinguish what he was saying. Partly because I was a little further back than the other officers and also because his wife was yelling at him and us. My attention was divided between Joseph and her and at least twice I told her to move back.

At one point I observed Joseph take off the hat he was wearing and throw it over the heads of the officers that were in front of him. Joseph then started to move to his left, the officers right, along the front of the building.

Joseph was extremely agitated and amped up, He was screaming and yelling and also appeared to be tensing his muscles. His own actions seemed to be getting him more angry and he kept saying he wanted us to shoot him. A couple times I saw him focus directly on Officer Gobble who had a rifle in his hands, wanting him to use it.

As Joseph kept moving further along the building, the decision was made to use force and Tase him. As soon as the probes from the Tasers hit Joseph, he was incapacitated and due to his sideways movement, he fell to the ground. As soon as this happened I moved up to Joseph while he was still under the effect of the Taser and prepared to handcuff him.

Joseph ended up on his back and due to handcuffing suspects behind their back we had to roll him

over. Joseph was rolled left and onto his front, and I was able to handcuff him and double lock them. Joseph, once the affects of the Taser had worn off, started to become angry and agitated again. He started to kick with his feet and we therefore had to restrain them so he did not assault an officer, and possibly cause an injury.

Myself and Corporal Busch had control of his legs and I was using body weight to keep him from lashing out and kicking. He kept screaming that his knee hurt but every time I released some weight he would try to take advantage of it and start to kick. We were about to leg restrain him to prevent this but we sat him up and he stopped kicking.

Joseph continued to be very uncooperative with law enforcement and then with medics when they showed up. Joseph had some small scratches on his head, possibly from the fall to the ground when he was Tased, and at least one probe was in his right bicep area. He refused to answer any of the medic's questions and kept trying to stand up. The probe was removed by the medics and Joseph was then escorted to a patrol vehicle. Once there he was searched again and placed inside the rear of the SUV patrol vehicle.

As soon as the door was shut, Joseph started to bang his head against the partition that separates the rear of the vehicle and the driver's area. Joseph hit his head so violently against the partition that he cut his head open and blood got onto the plastic. We opened the door and told Joseph he needed to stop or he would be leg restrained and placed back in the vehicle, and would be unable to continue his current behavior.

We shut the door again and Joseph started to hit his head once more on the partition. We opened the door and were able to place the seat belt on him and tighten it down as much as we could to stop him banging his head. Officer Stone transported Joseph to the jail and I followed in case there were any further issues.

Once at jail, Joseph continued to be uncooperative with jail staff and they had to place him in the restraint chair to prevent him from injuring an officer or himself.

See other officers reports for further details.

NARRATIVE					

On 6-15-2015 at about 2255 hr. I (Sgt. Kannberg) responded to a violent DV in progress at **#1d**. Radio advised the suspect had tried to choke the victim and was currently at the residence.

Upon my arrival I parked to the east of the residence and exited my patrol car. AT this time I did not see any other officers on scene. I began to approach the residence and I was met by a male who stated he just left. I did not see anyone leave to the north so I believed he could have gone to the south. Other officers began arriving and I advised them of this information. The residence had not been cleared as of this time so I directed them to the residence and waited outside. I was then advised the residence was clear.

I advised the arriving officers that the suspect may have gone across the street (220 S. Elm) however I did not see him leave the residence. K9 Officer Lesser arrived on scene and began tactically placing officers. A perimeter was set up and a K9 track was attempted with no success. At this time there was PC for residential burglary 1\* DV, 2\* Assault DV on Joseph Sabir. Further Mr. Sabir had a DOC warrant and he had arrested with a gun bout 2 weeks prior. In that arrest Mr. Sabir fought with police. Radio also advised the tenant at 220 S. Elm #1 reported a burglary last week there a gun was taken.

An officer at 220 S. Elm advised he may have seen the suspect exiting an apartment #1 and then go back in. Apartment #1 was on the 2<sup>nd</sup> floor of the building and the only access to the apartment was by entering a door and walking up a flight of steps to a small landing. The landing had two doors on either side (apartment #1 and #2). Officers did not find anything on the K9 track and then began converging on the apartment. As this was occurring Mr. Sabir exited apartment #1 and walked down the steps to the ground floor. At this time a formal plan had not been made as events started to unfold rapidly. Mr. Sabir then stepped out from behind the door. Officers stepped back and began giving commands to Mr. Sibir to get on the ground and that he was under arrest. I heard Mr. Sibir state, "Fuck you" numerous times and "shoot me". Mr. Saber was looking around and I stepped back and called for the K9 up to the front as it looked like Mr. Saber was going to run. When I turned back to the scene Mr. Sabir started moving to the north along a walkway in front of the apartment building toward an officer. A TASER application was applied by Officer Lesser and Officer Stone at about the same time. See officers' reports. Mr. Sabir fell to the ground and was taken into custody. During this time I requested Medics to the scene.

Mr. Sabir was lying on the ground on his side while officers were waiting for medics to arrive. He then began to kick his feet toward officers and screaming at this. Officers responded by restraining his legs as he was

kicking at them. He then began to say his knee hurt. I heard a female in the background say he has had recent knee surgery. Mr. Sabir then began screaming that his knee was hurting as officers were restraining him and he wanted to sit up. I went up to Mr. Sabir and asked if he was going to be nice and he indicated he was. I told the officers to sit him up and Mr. Sabir was sat up. He tried to get up and he was told to sit as we were waiting for medics.

Once medics arrived there was only one TASER dart that needed to be removed. The other 3 darts had either fell out or they did not penetrate the skin. During this time Mr. Sabir continued yelling at officers. Once medics cleared him at the scene he was walked over to a waiting patrol car.

Once he was in the back of the patrol car he began hitting his head on the shield. He was then seat belted in so this could not occur however he continued. He was warned that if he continued he would be placed in leg restraints. Not wanting to see him placed in leg restraints I talked to him in the back of the patrol car. I explained to Mr. Sabir what was going to happen if he continued hitting his head. I advised him that leg restraints would not be good for his knee if he had surgery. Mr. Sabir asked me to ride in the back of the car with him to jail and I told him I would not. He then said he would stop if they left for jail. I then advised officers to leave for jail and they left.

I responded to jail a short time later. At this time I was advised Mr. Sabir began hitting his head on the shield about a block out and had to be restrained at jail in a chair. I had no further contact with Mr. Sabir. No further police action was taken.

**STATEMENT OF INVESTIGATING OFFICER  
AFFIDAVIT OF FACTS**

STATE OF WASHINGTON  
COUNTY OF SPOKANE

REPORT NUMBER:  
15-201043

DEFENDANT: Joseph O. Sabir 12/12/1986 b/m

---

The undersigned, a law enforcement officer, competent to testify, states as follows: That he/she believes a crime was committed by the above named defendant/defendants in the City and County of Spokane, State of Washington, because:

**#1a** can testify that:

- She was the girlfriend of the defendant.
- She had locked her door to her apartment to keep the defendant from entering.
- The defendant kicked the door into pieces and entered unlawfully.
- The defendant pushed her up against a wall, pulled her onto a bed, wrapped an arm around her throat, strangling her.
- She could not breathe and thought that she was going to die.
- The defendant knocked over her TV and broke her fan.

Donald Walker can testify that:

- He saw the defendant inside the apartment with the victim.
- He observed the damaged front door, the knocked over TV and the broken fan.

Cpl. J. Daniel

- On 06/15/2015 he was dispatched to **#1d** for photos of domestic violence call.
- He took photos of the damaged door, broken fan and knocked over TV.

- He took photos of the victim's injuries.

Ofr. J. Beasley can testify that:

- On 06/15/2015 he was dispatched to [REDACTED] #1d for domestic violence call.
- He observed the front door of the apartment smashed into several pieces and several items knocked to the ground.
- He observed a TV knocked to the floor and a broken fan.
- He spoke with [REDACTED] #1a and took her statement.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. (9A.72.085)

# DOMESTIC VIOLENCE LETHALITY SCREEN FOR FIRST RESPONDERS

Officer: J. BEASLEY #1255	Date: 06/15/15	Case#: 15-201047
Victim: #1a	Offender: JOSEPH SABIR	
Age: 25	Race: W	Phone: NONE
		Gender: F
<input type="checkbox"/> Check here if victim did not answer any of the questions.		
<p>► A "Yes" response to any of Questions #1-3 automatically triggers the protocol referral.</p>		
1. Has he/she ever used a weapon against you or threatened you with a weapon?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
2. Has he/she threatened to kill you or your children?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
3. Do you think he/she might try to kill you?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
<p>Negative responses to questions #1-3, but positive responses to at least four of Questions #4-11, trigger the protocol referral.</p>		
4. Does he/she have a gun or can he/she get one easily?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
5. Has he/she ever tried to choke you?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> Not Ans.
6. Is he/she violently or constantly jealous or does he/she control most of your daily activities?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> Not Ans.
7. Have you left him/her or separated after living together or being married?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
8. Is he/she unemployed?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> Not Ans.
9. Has he/she ever tried to kill himself/herself?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
10. Do you have a child the he/she knows is not his/hers?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> Not Ans.
11. Does he/she follow or spy on you or leave threatening messages?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No <input type="checkbox"/> Not Ans.
<p>An officer may trigger the protocol referral, if not already triggered above, as a result of the victim's response to the below questions, or whenever the officer believes the victim is in a potentially lethal situation.</p>		
<p>Is there anything else that worries you about your safety?</p> <p>(If "yes") What worries you? NO</p>		
<p>Check one: <input checked="" type="checkbox"/> Victim screened in according to protocol</p> <p><input type="checkbox"/> Victim screened in based on the belief of the officer</p> <p><input type="checkbox"/> Victim did not screen in</p>		

Note: The questions above and the criteria for determining the level of risk a person faces is based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk for lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of victims of intimate partner violence.

**Conducting a Lethality Screen  
for First Responders  
Initiating the Protocol**

When to initiate a Lethality Assessment  
AND

- You believe an assault has occurred
- You sense the potential for danger is high
- Names of parties or location are repeat names or locations, or
- You simply believe one should be conducted.

**How to Conduct a Lethality Assessment**

Use *Lethality Screen for First Responders*.

After asking questions, handle information as follows:

- Yes to Q.1, 2, or 3 = Protocol Referral

- No to Q.1-3, but Yes to four of Q.4-11 = Protocol Referral

\*No\* responses may still trigger Protocol Referral if first responder believes it appropriate.

Ask unnumbered question to help determine whether protocol referral should be triggered.

**Not Screened in or Did/Could Not Participate in Assessment**

1. Advise of dangerous situation.
2. Advise to watch for signs of danger.
3. Refer to provider.
4. Provide first responder contact information.
5. Prepare report.

**Screened in**

**Implementation of the Protocol Referral Process**

1. Advise of assessment.
2. Advise victim he/she is in danger and that people in his/her situation have been killed.
3. Advise that you need to call hotline and you would like for victim to speak with counselor.  
(Remember: You are seeking the victim's permission.)
4. If victim does not want to speak with counselor, tell victim you need to speak with counselor to seek guidance and gently ask victim to reconsider.
5. If victim still does not want to speak with counselor, use same procedures as in first response.
6. If victim wants to leave, arrange for or provide transportation.
7. Assist counselor with safety planning if asked.
8. Notify domestic violence unit or supervisor.
9. Prepare report.
