Suspect Interview Summary

Suspect Paul Reinhardt was in an altered state and was unable to effectively communicate with anyone. No interview was attempted.

Officer Interview Summary

Ofc. Lyons stated that when he got on scene, he observed Cpl Bartlett had contacted Reinhardt as a suspect in the aforementioned crimes being investigated. He saw Reinhardt holding up a pair of channel lock pliers that were about 2 feet in length. He also observed that Reinhardt was yelling at Cpl Bartlett. It appeared to Ofc. Lyons that Reinhardt was about to charge toward Cpl. Bartlett, forcing a deadly force confrontation. Ofc. Lyons accessed his Taser and gave verbal commands to Reinhardt to drop the channel locks. Reinhardt refused to drop them, so Ofc. Lyons deployed his Taser in probe mode, striking Reinhardt in the upper shoulder/torso area. Reinhardt dropped the channel locks, but did not go to the ground. Ofc. Lyons and Cpl Bartlett took physical control of Reinhardt, taking him to the ground. While attempting to take Reinhardt into custody, he grabbed at Ofc. Lyons' leg, pulling it into him which caused Ofc. Lyons pain. Ofc. Lyons then delivered a drive stun with the Taser to Reinhardt's back, which was effective and allowed Reinhardt to be taken into custody.

Cpl. Bartlett stated that he observed Reinhardt at 3/Adams and that citizens were pointing him out as the suspect in the hit/run, and the malicious mischief. He got out to contact Reinhardt who was hiding behind a sign. Reinhardt emerged carrying a large pair of channel lock pliers. Reinhardt started yelling something about people trying to shoot him. Cpl. Bartlett ordered Reinhardt several times to drop the pliers, but he would not. Ofc. Lyons approached Reinhardt from the rear and, gave verbal commands to drop the pliers. When Reinhardt did not comply, Ofc. Lyons deployed his Taser.

Witness Interview Summary

Investigative Summary

During this incident, Ofc. Lyons was assisting in an investigation into a felony hit/run, and a felony malicious mischief. When officers contacted Reinhardt, he was in possession of very large channel lock pliers, which were about 2 feet in length. The pliers could have easily been used as a weapon against officers and/or civilians. Reinhardt's animated state led officers to believe he was unstable and capable of lunging at officers at any moment. Upon Ofc. Lyon's approach, it appeared to him that Reinhardt was escalating and was fearful that he would charge at Cpl Bartlett. Based on this information, he deployed his Taser in probe mode at Reinhardt. After the first Taser application, they got Reinhardt to the ground. While on the ground, Reinhardt grabbed onto Ofc. Lyons' leg, pulling it in and causing pain. Based on this fact, Ofc. Lyons utilized his Taser in a drive stun to Reinhardt's back.

Ofc. Lyons decision to deploy his Taser in probe mode at Reinhardt was reasonable under the circumstances and within policy.

Ofc. Lyons' decision to deploy his Taser in a drive stun in to Reinhardt's back was reasonable under the circumstances and within policy.

NARRATIVE							

On 080415, I responded to 601 N. Maple, reference an injury collision. Dispatch advised that a male left running away southbound from the scene of the collision and was now walking east on 2nd. He had blood on his face and was described as a white male, bald, wearing a blue shirt and shorts.

When I was heading to the scene, Corporal Bartlett advised that he had the suspect at 3rd and

Adams. Upon arrival at the location, the suspect was in custody laying on the sidewalk. He was a white male, 40-45 years old, wearing a blue shirt and shorts. He had blood coming from his face like the witness from the collision advised.

Corporal Bartlett requested that someone make contact with Global Credit Union at 1520 W. 3rd, reference a window that was broken out by the suspect.

I responded to 1520 W. 3rd (Global Credit Union) and contacted several employees outside the main entrance door on the north side of the credit union. I observed a double pane glass door was freshly smashed out with the glass laying inside and outside of the main entrance. Several Employees were cleaning up the glass to make it safe for customers to enter and exit the business.

I contacted Christine Kline, who is the security manager for the credit union. She advised that the window will cost about \$1,000.00 to get fixed between the cost and labor. She advised that the credit union wanted to press charges for malicious mischief and that she had the incident on video surveillance.

I contacted a witness, who identified himself as Richard Herpin. Richard told me that he was inside the credit union, walking to the exit door on the north side of the building. As he was about to the exit door, he observed a white male swing what appeared to be a large pipe wrench at the glass door and it immediately smashed. The male ran to the east in the parking lot and then back to the west. He confronted the male outside the business in the northwest part of the parking lot and asked him what his problem was and why he smashed out the window. The male began running south on Maple and then turned east onto 3rd on the north side walk. He followed him for several blocks before contacting other Police Officers at 3rd and Cedar.

He advised that the male at 3rd and Adams was the same male who broke out the window at Global Credit Union, that was contacted by Corporal Bartlett.

See Officer Noldmeyer's collision report for further information. Officer Noldmeyer arrested the male for Dui and other related charges.

I observed the video surveillance of the incident. I observed the same male from 3rd and Adams, running away from the main door on the north side of Global Credit Union. I also observed witness Richard Herpin attempting to contact the male. He was wearing the same blue shirt and shorts and was bald.

Based on statements and evidence, I determined that there is probable cause to arrest Paul for 2nd degree Malicious Mischief.

He was transported to Sacred Heart Hospital for treatment. Officer Noldmeyer completed an affidavit

On 08/04/2015 at approximately 1142 hours I responded to the report of a hit and run collision with injuries at the south end of the Maple St. Bridge.

Witnesses advised that the driver of the vehicle had fled the scene southbound on foot. The driver of who had fled was described as a W/M, bald, wearing a blue shirt and shorts. He was also described as bleeding from the head.

As I drove east on 3rd from the area west of Maple I observed numerous people pointing east. I stopped and one of the witnesses pointed east and said "The guy from the crash is running, he has blood all over his face".

As I drove east on 3rd I several other people were pointing to the east. I observed a W/M matching the driver's description and bleeding from the head. He was running in the lane of travel of 3rd and then started to run north on Adams.

I was wearing my full duty uniform and driving a black and white fully marked patrol car. I activated my lights and pulled over. As I stepped out of my vehicle I observed the male, later identified as Paul Reinhardt jump behind the base of a large metal car dealership sign. The sign was located on the northwest corner of 3rd and Adams and Reinhardt appeared to be attempting to hide from me.

As I stepped to the front of my car to get a better view o Reinhardt he suddenly emerged from behind the sign. He was holding an large, industrial-type pair of channel lock pliers that were approximately two feet long.

Reinhardt was yelling that "they" were chasing him and people were going to shoot him. Reinhardt walked in several small circles yelling something unintelligible. I yelled for him to drop the wrench at least ten times. Reinhardt turned and stared at me. I had removed my Taser and was trying to get compliance using verbal commands.

He was still holding the pliers out in front of him with both hands. I continued telling him to drop the pliers and he turned and stared at me.

Reinhardt began yelling either shoot me, or they are going to shoot me. It appeared that he was under the influence of an unknown substance and he continued ignoring my commands to drop the extremely large pair of channel locks.

At the time I contacted Reinhardt I believed he had committed a felony hit and run.

He appeared to be under the influence of something, ran approximately four to five blocks from the collision scene and was refusing to drop the very large pair of channel locks. He appeared to be paranoid and delusional, rambling about people chasing him and wanting to shoot him.

It was close to noon, there was heavy vehicle and pedestrian traffic in the area and in the surrounding businesses. I had already observed Reinhardt running into traffic and believed he would likely run again. He then made statements to either shoot him or that people were going to shoot him.

Officer Lyons arrived shortly after. Reinhardt did not initially see Ofc. Lyons arrive and appeared to be focused only on me. Officer Lyons and I also gave more commands for him to drop the pliers/wrench. When Reinhardt saw Ofc Lyons he did a few quick step back and forth.

Officer Lyons approached from Reinhardt's left and I approached as he faced me. Officer Lyon's was several feet closer to Reinhardt and deployed his Taser (see his report).

Reinhardt did drop the channel locks, but remained standing. I took hold of Reinhardt's left arm. Ofc. Lyon's, Reinhardt and I went to the ground. Reinhardt tried hooking his leg into one of mine.

Officer Lyons and I were able to handcuff (DL) Reinhardt. I immediately called for medics. Reinhardt would not answer any questions and at one point started having slight convulsions. We rolled him onto his side and monitored him as we waited for medics to respond.

I was approached by employees of Global Federal Credit Union. I was advised Reinhardt had broke the glass door of the business as he fled the scene of the collision on foot.

I photographed Reinhardt at the scene, the broken glass door and the collision scene.

I responded to 3rd and Adams regarding a hit/run suspect being taken into custody by Cpl. Bartlett and Of. C. Lyons. They advised the suspect had been taserd. I talked briefly with the suspect, Paul Reinhardt, because I noticed he appeared to be convulsing so I asked him if he was diabetic. He tried to respond verbally but I couldn't understand him but he nodded slightly. I also asked him if he was on some sort of drug as I told him the medics, who were enroute to treat him, needed to know.

Once again he tried to speak but I couldn't understand him. I asked him if he was on meth and he nodded. Medics arrived and I gave them the limited information I had regarding Reinhardt's condition. Reinhardt was transported to SHMC by AMR. I responded to that location to stay with Reinhardt as he had been combative to Cpl. Bartlett and Of. Lyons.

At the Heart Reinhardt was very unresponsive and was constantly twitching in jerky motions, especially his legs. The nurses were treating him for his cuts and abrasions from the crash he was involved in. A short time later, Of. T. Nollmeyer arrived and attempted to talk to Reinhardt. Of. Nollmeyer read Reinhardt his rights but got no response from him when Of. Nollmeyer asked him if he understood his rights. Of. Nollmeyer then left to obtain a blood search warrant while I stayed with Reinhardt.

The AMR crew who transported Reinhardt was still onscene and contacted me. Mathew Eaton came up and was holding a small, plastic baggie of a white, crystalline substance. He said he and his partner, Erik Risa, had found it on the floor of the ambulance when they were cleaning it up after transporting Reinhardt and handed ti to Eaton. I asked Eaton when was the last time he cleaned his ambulance. He said he cleans it after every time he transports a patient.

Risa said he thinks the baggie came from Reinhardt's right sock. He said this is because he was putting a heart monitor electrical lead to Reinhardt's right ankle when he noticed a small bit of plastic sticking out of his right sock. Risa didn't investigate further as he wanted to take care of his patient first. I advised Of. Nollmeyer a plastic baggie was found in the ambulance.

An hour or so later, Of. Nollmeyer came back to the hospital where he had a legal blood draw done by a hospital phlebotomist. After that I stayed with Reinhardt until I was relieved by Of. C. Lyons. The total time I was with Reinhardt at the hospital was just over three hours.

NARRATIVE					

On 080415 at approximately 1144 hours, I responded to the area of the Maple street bridge regarding a hit and run head on collision. Complainants advised that the suspect male, who was bleeding from the head ran south bound and then eastbound on 3rd. As I arrived in the area, Cpl. Bartlett advised that he was out with the suspect at 3rd / Adams.

Upon arrival I could see the male, who was later identified as Paul J. Reinhardt standing at the north west corner of 3rd / Adams. Cpl. Bartlett was standing beside his marked Spokane Police patrol vehicle with over head lights activated and appeared to have Paul at gun point (I later learned that Cpl. Bartlett had his Taser out, not his handgun). Paul was bleeding from the head and appeared to be under the influence of a stimulant. Paul was holding a large pair of metal channel locks that were approximately 2 foot long in both hands at chest level and appeared to be screaming at Cpl. Bartlett. It should be noted that I was driving a marked Spokane Police patrol car with over head light bar (which was activated), and was wearing my duty uniform. As I came to a stop I could see that Paul was still screaming at Cpl. Bartlett and had not dropped the channel locks. Paul appeared to be escalating and I feared that Paul was going to charge Cpl. Bartlett. It should be noted that I was behind Paul on Adams just north of 3rd.

As I exited my patrol vehicle I could tell that Paul had not yet noticed me. Paul was still yelling and I could hear Cpl. Bartlett giving Paul commands to drop the tool, which were ignored. I drew my X26P Taser, and moved to the south, which would have avoided myself and Cpl. Bartlett being in a cross fire situation.

---	---------------------------------------	-------------------------------------

I raised my Taser, pointing it at Paul and gave him several verbal commands to "Drop it". Paul turned his upper body towards me and continued to yell. After several commands it was obvious that Paul was not going to drop the channel locks.

At this point I knew that Paul was the suspect in a head on hit and run collision and was likely the suspect in a felony hit and run. I could also see that Paul was armed with a large metal channel lock that could be used as a deadly weapon and that he was ignoring commands from a uniformed Police Officer to drop the weapon. I could also see that Paul appeared to be escalating his behavior and I feared that he would attempt to force a deadly force encounter with Cpl. Bartlett or myself.

Due to the above listed facts and Paul's refusal to drop the channel locks at my command I deployed my X26P Taser in probe mode, aiming from Paul's upper left side chest/shoulder area. The probes struck Paul and he started to crumple forward and fall to the ground. Paul dropped the channel locks as this happened but stood back up before he fell to the ground. It appeared as if the connection of one of the probes was severed, which caused the Taser to only effect Paul for a few seconds and did not incapacitate him. Fearing that Paul could still re-arm himself with the channel locks which were now lying at his feet, I closed distance and kicked the channel locks away from Paul, to the west. I could see that Cpl. Bartlett had also closed distance on Paul. We took a hold of Paul, who had not turned towards me, and took him to the ground. I was only able to grip Paul's, left arm with my left hand due to the fact that I still had the Taser in my right hand.

As we took Paul to the ground I lost my grip on his left arm and he wrapped his left arm around my right leg. I could feel Paul's arm tense and he pulled my leg into him causing me pain. I ordered Paul to let go of my leg and delivered a drive stun application with my X26P Taser to the left side of his back. It should be noted that I told Paul several times to stop fighting. The drive stun bounced off Paul's back due to his movement and I was able to re-apply it. The drive stun application was successful and I could feel Paul's entire body stiffen up as if the drive stun completed the circuit with the still attached probes. Paul let go of my leg and I was able to pull his left arm behind his back. Once the Taser completed its cycle I could feel Paul tense up again as if he were trying to pull away. We now had Paul in the prone handcuffing position and were able to place Paul into handcuffs (DL).

As we held Paul on the ground we could see that he was exhibiting the signs of excited delirium. We asked for medics and rolled Paul into his side.

I could see that I had Paul's blood on my uniform and arms. Several other Officer's arrived and took custody of Paul so that I could decontaminate myself.

I also noticed 3 plain clothes WSP Troopers that were onscene. I contacted WSP Detectives Ben McBride, Ryan Spangler, and Larry McGill who advised that they witnessed the incident. (See WSP's Detectives report)

Sgt. Hallock was also onscene and advised that he observed part of the incident.

While I was onscene, Richard Herpin contacted me and advised that he observed Paul break out a window at a bank with the channel locks. I asked Richard what had happened and he told me the following: He was in the Global Credit Union and exiting when he saw glass fly. Paul was standing with the channel locks and hit the window 3 times, breaking it. He yelled, "What are you doing" and Paul ran southbound on Maple and then stopped at 3rd and he followed. Richard advised that the male we had in custody (Paul), was the male he saw break out the window at the bank.

Lt. Stevens responded and I advised him of the incident.

Cpl. Bartlett took photographs of the channel locks, the Taser cartridge, and Paul's injuries.

Cpl. Bartlett collected my Taser cartridge and probes to be placed on Police Property as evidence.

I responded to the Public Safety Building and met with Lt. Stevens who downloaded my X26P Taser. The print out showed activations at 11:30:42 and 11:30:55. The print out also showed that the clock in my Taser was 14 minutes slow.

At 1516 hours, I responded to Sacred Heart Hospital to relieve Ofc. Stanton who was guarding Paul.

I guarded Paul until hours, when I was relieved by Ofc Wilkinson at 1715 hours.

It should be noted that due to the rapidly evolving nature of the incident I was not able to turn my body camera on until we already had Paul in handcuffs.

---	---------------------------------------	-------------------------------------

I approached from the north. Traffic was backed up all the way across the bridge from the collision, which occurred at the south end of the bridge where the roadway splits and separates between north and southbound traffic. Upon arrival, I saw the listed vehicle was facing northbound in the southbound lane of travel. The front end was heavily damaged. The passenger side window was broken out of the vehicle. There were drops of blood on the outside of the front passenger door. The floor of the vehicle was scattered with tools and miscellaneous personal property. On the passenger side floorboard, I saw a medical insurance card in the name of Paul Reinhardt. I also saw what appeared to be an empty 16 ounce can of Rolling Rock beer on the driver's side floorboard.

The other vehicle involved was in the inside SB lane and had extensive front end damage. The driver, Curtis Williams, told me the following:

He had been traveling SB. He was approaching the curve at the end of the bridge when the listed vehicle came into view. The vehicle was traveling at about 60 miles per hour. Williams was unable to swerve or brake. The other vehicle struck his vehicle. Williams suffered cuts to his face from the collision. His wife Linda was treated and transported by AMR for a sore back and chest, as well as cuts to her face.

After the collision, the other driver, later identified as Paul Reinhardt, broke out the passenger door window and exited his vehicle holding a large pair of channel lock pliers. He stood near the concrete median for a moment before running away SB.

I then contacted Pam Tissue, who told me the following:

She was one or two cars behind the collision, traveling in the curb lane. She came to a stop and saw the listed suspect standing outside his vehicle. She described the driver as a white male with a skinny build. He had no hair, tan shorts and an orange tshirt. He was bleeding from the face and held a pair of large orange pliers. He ran away SB.

I then contacted Jennifer Oliver, who told me the following:

She was in the curb lane just behind the Williams' vehicle. She saw the listed silver Kia driving NB at a high rate of speed. She saw it crash into the Williams vehicle. She saw the driver exit through the passenger window. She gave a similar description as Tissue did.

I then contacted Jacob Gonzalez, who told me the following:

He was in the curb lane next to the Williams' vehicle. After the collision, he saw the driver break out the passenger front window of the vehicle. He heard the driver say "oh my god", then run away SB. He gave a similar suspect description as Tissue and Oliver did.

Cpl Bartlett contacted Reinhardt a few blocks away. See his report, along with Ofc Heuett's, Ofc Lyons, and Ofc Stanton's for more of Reinhardt's shenanigans following the collision.

Ofc Workman arrived and coordinated the towing and impound of the two vehicles. See his impound report. Ofc Bartlett photographed the damage to both vehicles.

I rode to Sacred Heart ER. I first contacted Ofc Stanton, who was standing by with Reinhardt. Reinhardt was restrained to his hospital bed. His entire body was shaking. Ofc Stanton told me Reinhardt had been trying to speak but the volume of his voice was nearly inaudible. Ofc Stanton also said that Reinhardt admitted to using drugs prior to being transported to the hospital.

I approached Reinhardt. I saw his eyes were open very wide and he rarely blinked. His pupils were constricted and the white part of his eyes was bloodshot. His mouth was gaping open. He shifted his limbs around against the restraints as I spoke to him. I asked if he could hear me. I asked him to say yes if he could. He moved his mouth but no sound came out. He eventually nodded, moving his head up and down slightly.

I advised Reinhardt of his constitutional rights. He stared at me blankly and did not respond.

Based on Reinhardt's, his constricted pupils, his bloodshot eyes, his body shaking and general uneasiness, I believed he was under the influence of a stimulant.

I briefly contacted Mr. Williams and returned his driver's license to him.

I rode to the Spokane Police station to being a search warrant for Reinhardt's blood. Probable cause existed at that time for DUI and Felony Hit & Run. Ofc Heuett notified me that probable cause also existed for Malicious Mischief 2nd.

I completed a search warrant and presented it to Judge O'Connor, who signed it. I returned to Sacred Heart ER. Brenda Parker, a phlebotomist responded from the lab to draw Reinhardt's blood. At 1410 hours, Parker used iodine to sterilize Reinhardt's left and and drew his blood. She placed it in two gray topped vials that I provided. Prior to drawing the blood, I saw the vials expire in 2017 and had a small quantity of white powdery anti-coagulant in them.

Parker gave me the vials. I secured them in a styrofoam box. Ofc Stanton also gave me a small plastic baggie of white powder that AMR personell located in Reinhardt's right sock. The powder appeared to be methamphetamine.

I transported both the blood and white powder to the SPD property facility. I booked them on as evidence.

Ofc Lyons later relieved Ofc Stanton at Sacred Heart. He advised that Reinhardt appeared to be unconscious and there was no ETA as to when he would be released.

I completed a PC Affidavit for the Felony Hit & Run and DUI portion of the incident. I also completed the collision report and the WA state DUI Arrest Report.

STATE OF WASHINGTON		
SPOKANE	COUNTY	SUPERIOR COURT
STATE OF WASHINGTON,		Case No.
Plaintiff,		Report/Case No. 15-268486
v.		DECLARATION IN SUPPORT OF SEARCH WARRANT FOR EVIDENCE OF A CRIME, TO WIT:
<u>Paul J Reinhardt 08/10/1968</u> ,		DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502
Defendant.		Felony Hit & Run (Injury involved)

I, SPO Trevor Nollmeyer, being duly sworn and upon oath, depose and say—

I am a duly appointed, qualified, and acting law enforcement officer for the:
Spokane Police Department

I am charged with responsibility for the investigation of criminal activity occurring within City of Spokane, and have probable cause to believe, and do, in fact, believe, that evidence of the crime(s) of:

DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502

Felony Hit & Run (Injury involved) is contained in the blood of the person of Paul J Reinhardt, who is currently located in City of Spokane, my belief being based upon information acquired through personal observations and interactions with Paul J Reinhardt, said information being as further described herein—

My training and experience regarding investigations of the above crime(s) is as follows:

I have been a police officer in the state of Washington for 12 years. I have investigated

over 100 incidents of DUI and numerous collisions.

The facts supporting my belief that Paul J Reinhardt is under the influence of intoxicants and/or drugs are as follows:

Vehicle in Motion:

The vehicle driven by and registered to the defendant (2005 Kia Spectra WA license ADF8758) traveled NB in the SB lanes of the Maple Street Bridge from 2nd Ave. The vehicle struck another vehicle traveling SB in the inside SB lane. The defendant broke out the passenger front window of his vehicle with a large pair of channel lock pliers, then fled southbound on foot toward 2nd Ave. The driver and passenger in the other vehicle both suffered cuts to the face. The passenger also suffered chest and back pain and was later transported by AMR to Sacred Heart.

Personal Contact with Driver:

At 3rd and Adams, Spokane, WA, Cpl Bartlett contacted the defendant, who made several statements about people chasing him and wanting to shoot him. The defendant was walking in a circle repeating that people were chasing him. He repeatedly ignored Cpl Bartlett's commands to drop the large tool he was holding. Ofc Stanton observed the defendant being treated by AMR. AMR personnel told Ofc Stanton they found a small plastic baggie of a white crystalline substance in the defendant's right sock. I contacted the defendant at Sacred Heart ER. He was restrained to the treatment bed by one and arm one leg. His body was trembling. His pupils were constricted to pin points. I asked if he could understand me. He nodded his head slightly. I asked him to speak by saying "yes". He was unable or unwilling to do so. I advised him of his constitutional rights. He stared at me blankly but did not respond verbally or by nodding his head.

Voluntary Standardized Field Sobriety Tests

The defendant was unable to perform them.

Opinion on Intoxication

Obvious

The defendant, Paul J Reinhardt:

- is exhibiting impairment consistent with drug and/or alcohol use.
- was not offered an opportunity to take a breath alcohol test on an instrument approved by the State Toxicologist because EXhibiting signs of intoxication consistent with a substance other than alcohol.
- was being treated at Sacred Heart Medical Center and no breath test device was available at the facility.

A sample of Paul J Reinhardt's blood, if extracted within a reasonable period of time after he last operated, or was in physical control of, a motor vehicle, may be tested to determine his current blood alcohol level and to detect the presence of any drugs that may have impaired his ability to drive. This search warrant is being requested 1 hour(s) 30 minute(s) after Paul J Reinhardt ceased driving a motor vehicle.

Therefore, I request authority to cause a sample of blood, consisting of two vials, to be extracted from the person of Paul J Reinhardt and to be thereafter tested to determine the blood alcohol level and the presence and quantity of any drugs that may have impaired the defendant's ability to drive. The extraction shall be performed by a physician, a registered nurse, a licensed practical nurse, a nursing assistant as defined in chapter 18.88A RCW, a physician assistant as defined in chapter Ch. 18.71A or Ch. 18.71 RCW, a health care assistant as defined in chapter 18.135 RCW, or any technician trained in withdrawing blood.

This declaration was submitted to the issuing judge or magistrate using an electronic device that is owned, issued, or maintained by the below-identified criminal justice agency.

I certify under the penalty of perjury under the laws of the State of Washington that all statements made herein are true and accurate and that I have entered my authorized user ID and password to authenticate it.

His wife Linda was treated and transported by AMR for a sore back and chest, as well as cuts to her face.

After the collision, the other driver, later identified as Paul Reinhardt, broke out the passenger door window and exited his vehicle holding a large pair of channel lock pliers. He stood near the concrete median for a moment before running away SB.

She was one or two cars behind the collision, traveling in the curb lane. She came to a stop and saw the listed suspect standing outside his vehicle. She described the driver as a white male with a skinny build. He had no hair, tan shorts and an orange tshirt. He was bleeding from the face and held a pair of large orange pliers. He ran away SB.

His pupils were constricted and the white part of his eyes was bloodshot. His mouth was gaping open. He shifted his limbs around against the restraints as I spoke to him. I asked if he could hear me. I asked him to say yes if he

could. He moved his mouth but no sound came out. He eventually nodded, moving his head up and down slightly.

I completed a search warrant and presented it to Judge O'Connor, who signed it. I returned to Sacred Heart ER. Brenda Parker, a phlebotomist responded from the lab to draw Reinhardt's blood. At 1410 hours, Parker used iodine to sterilize Reinhardt's left and and drew his blood. She placed it in two gray topped vials that I provided.
