Such information, if disclosed, would invade an individual's privacy and possibly cause unintended consequences for that individual.	RCW 71.05.390 (Confidential information and records)

## Spokane Police Department Use Of Force Report

- [Print](#) this incident.

**Incident Entered By:** Sergeant Sean Wheeler

### Incident Details

---

<b>Date Received</b>	<b>Date of Occurrence</b>	<b>Time of Occurrence</b>
3/6/2016	3/3/2016	12:01
<b>Record ID #</b>	<b>Incident No</b>	<b>IA No</b>
9233	16-76442	F16-020
<b>Date/Time Entered</b>		
3/6/2016 17:52		

### Incident Summary

---

Officer Van Tassel contacted a male inside 3609 N Division after the male fled on foot from a vehicle he was attempting to stop. The suspect assaulted Officer Van Tassel by punching him in the head when Officer Van Tassel attempted to detain the suspect for DUI. Officer Van Tassel tried a variety of control techniques (LNR level one & two) and control devices (TASER and Baton) unsuccessfully to detain the male and deescalate the situation when he had time waiting for backup. Officer Specht arrived on scene, witnessed the suspects violent assaultive behavior, utilized an LNR (level one and level two) and took the suspect into custody.

In compliance with policy per Assistant Chief Meidl 03/27/16.

### Incident Location

---

<b>Sender's Instructions:</b> UOF review. See comments for store video link				

**Recipient's Comments/Response:** Officer Van Tassel and Specht were dealing with an assaultive person. Their uses of force were within policy. Van Tassel UOF (1): Level one neck restraint-after being assaulted with closed fist strikes to the head by Dominic Johnson. Van Tassel UOF (2): Attempted level two neck restraint-for the same reasons as above. Van Tassel UOF (3): TASER deployment with probes-as Johnson continued to fight with Officer Van Tassel and use his physical resistance to defeat previous attempted control techniques. Van Tassel UOF (4): Second TASER deployment with probes-Johnson refused to comply with law commands to give up and continued to show his aggressive violent behavior towards Officer Van Tassel. Johnson also puts his hand in his pocket which might contain a weapon. Van Tassel UOF (5): Baton strike to Johnson's right forearm-Johnson reached towards Officer Van Tassel's face while keeping his left hand hidden in the sweatshirt and continuing with his aggressive violent behavior. Van Tassel UOF (6): Baton strike to Johnson's lower left leg-While attempting to flee on foot outside, Johnson stopped, turned around and took a lowered body center of gravity stance with his fist clinched. Specht UOF (1): Level one neck restraint-Witnessing Johnson physically resist officers attempt to take him into custody after running out of the store. He gave Johnson verbal commands to stop resisting and time to comply. Specht UOF (2): Level two neck restraint-Johnson failed to comply with lawful orders to stop resisting and continued to grab officers in attempt to get free. Johnson's violent and irrational behavior was perceived as assaultive. He was also told by Sergeant Reese to put him out (LNR 2). Lt. Arnzen 095

**Incident #: 16-076442**

**Date: 03-03-2016**

**Involved Officer(s) BWC Y/N: Officer Ron Van Tassel/Yes & Officer Erick Specht/No**

**Reviewing Supervisor: Sgt. Wheeler #881**

**INSTRUCTIONS:** *Include any information below that is not already adequately covered in the Incident Report. For information already reported refer the reader to the applicable report.*

**Incident Summary:** Officer Van Tassel attempted to make a traffic stop on a vehicle with a cracked windshield in the parking lot of 3609 N. Division (Adam & Eve). The male driver exited the vehicle and went into Adam & Eve before Officer Van Tassel could make contact with him. Officer Van Tassel went into the store and made contact with the male, Dominic D L Johnson 12/25/88. Johnson attempted to get past Officer Van Tassel and then attempted to elbow strike Officer Van Tassel in the upper torso. Officer Van Tassel was able to take Johnson to the ground with bodyweight but was then quickly assaulted by Johnson with closed fist strikes to his head. Johnson was also kicking Officer Van Tassel in the shins in an attempt to get to his feet. Officer Van Tassel applied a level one neck restraint but Johnson wrestled his way to his feet where Officer Van Tassel then tried to apply a level two neck restraint. The level two neck restraint was unsuccessful due to Johnson's combative nature and ability to get free from Officer Van Tassel's grasp. Officer Van Tassel used his TASER twice and both deployments did not have the desired effect because Johnson violently fought causing the cables to break on the first deployment. The second deployment failed due to Johnson pulling his sweatshirt over his head using it like a shield to defeat the probes by not allowing the probes to make a connection. Officer Van Tassel utilized a draw and direct technique with his baton and then struck Johnson in the right forearm as Johnson reached towards his face. The baton strike had little to no effect on Johnson. Johnson eventually ran out of the store as Officer Jamieson arrived inside the store. Officer Van Tassel used a baton strike to Johnson's lower left leg when he turned towards Officer Van Tassel with his body in a lowered center of gravity stance and his fists clinched. Officer Specht was able to get in a position where he applied a level one neck restraint. Officer Specht gave Johnson commands to stop fighting, however Johnson continued to grab officers and fight to get back to his feet. Officer Specht applied a level two neck restraint and rendered Johnson unconscious. Johnson was taken into custody without further incident.

**Officer Interview Summary:** The information I received from the involved officers matched what the officers documented in their reports. See attached officer reports.

**Subject Interview Summary:** I spoke with Johnson's girlfriend, Coleen Ketchum, who was the passenger in the vehicle Officer Van Tassel stopped in the parking lot of Adam & Eve. I was wearing my body worn camera and advised Ketchum. Ketchum was handcuffed and being detained in the back seat of a patrol car due to her attempt to break the glass door where Officer Van Tassel and Johnson were fighting. I asked Ketchum to explain what happened. Ketchum told me the following, however most of her statement was broken up with hysteria and was unintelligible. This is her statement to the best of my knowledge:

She and her boyfriend were leaving a store from getting some cigarettes and decided to get a few things from Adam and Eve. They were pulling out of the parking lot when a police officer followed them in. They parked their vehicle and then a police officer pulled up in front of them. Her boyfriend went into the store to buy a few things because they just got some money. The officer went into the store. She got out of the car and saw the officer assaulting and tasing her boyfriend inside the store. He didn't do anything wrong and the officer had no reason to talk to him.

-End of Coleen Ketchum's statement

I then spoke with Dominic Johnson who was being treated by AMR. Dominic was very agitated and glaring at every officer around him. I introduced myself to Dominic and asked him what happened today. Dominic said, "Yeah your officer assaulted me and I'm pissed." I asked Dominic to start from the beginning and he told me the following:

I went into "Lovers" as we were on our way to get the windshield replaced in their car. My wife wanted some lube so I backed into the parking lot and went inside. Your officer came inside and started being a "dick" to me and said, "Where's your ID?" I said, "Well it's in the car." We can step outside, I'll give it to you and I'll talk to you. You can write me a ticket for the windshield, I'm on the way to get it replaced right now. He then grabs me by the neck telling me I'm under arrest. He then tried tackling me down and I said, "Excuse me, we can talk." I wasn't giving him an attitude, I wasn't resisting or anything, I was talking to him civilly." Then he shot me with his Taser. Then I told him, "this is police brutality, you need to call your sergeant and keep your hands off of me." Then he told me that now your under arrest for resisting. I said no, call your sergeant. "This is bullshit, he had no reason to come in there and assault me, no reason to try and tackle me, no reason to hit me with his stupid ass stick, and no reason to shoot me two or three times with his fucking taser."

I then wanted to verify a few things he stated about the sequence of events involving the Taser and baton strike. Dominic explained how the first Taser deployment deflected and said, "I blocked it." I asked Dominic if he was talking calmly to the officer like he was talking to me. Dominic stated, "No, I was actually calmer than I am now, I was perfectly civil with him. He had no reason to shoot me." Dominic then jumped back in his story saying the officer then tried to tackle him, told him he was under arrest and being detained. Dominic got distracted for a moment when the medics removed the two probes from his back. I continued asking Dominic clarifying questions about the sequence of events. I asked him about the baton strike. Dominic said that happened outside. He said when another officer came in the store, he went outside where he would be in view of everybody. Dominic stated he went around all the cars and that's when everybody pulled up. "He then cracked me in the fucking shin. I can't even fucking walk on my left leg. Then everybody tackled me and choked me."

I asked Dominic at any point inside the store was he fighting with the officer. Dominic's voice started to raise and said, "I pulled away from him, your damn right because that's police brutality and I do not put up with that." I asked Dominic if he ever took a swing at the officer and he said, "no, not one time." Dominic then acknowledged he knew about his warrants but called his public defender today and she was having them taken care of with a warrant recall. I asked Dominic if he had any questions for me and he said no. This concluded my interview with Dominic.  
-End of Dominic Johnson's statement

I had pictures taken of his injuries. Dominic had a small pin prick on his left chest from a TASER probe, two small cuts from the TASER probes in the middle of his mid-lower back, and a small abrasion to his left lower shin. Cpl. Adams and myself went to jail the next day (03/04/16) and took pictures of the same injuries. It should be noted that Dominic Johnson was involved in a very similar situation on 02/07/16 (#SC160045097) with Spokane County deputies. See attached CAD report for more details.

**Witness Interview Summary:**

I contacted Angela Richart the next day by telephone and asked her if she would tell me what she saw inside the store. Angela told me the following:

I was working at the front counter when a male came inside the store and walked over by the lubricants. The male kept looking out the window and wasn't looking at anything in the store. I checked the video surveillance and saw a police officer standing by the vehicle the male got out of. I asked the male if that vehicle was his and he said no. I watched him get out of the vehicle. The officer then came in and asked the male if the vehicle out front was his and the male said yes. The officer asked the male, "Can I please see your driver license." The male refused to give the officer his name and the officer asked him several times, "Please give me your first and last name." The male then got on his cell phone and tried to walk past the officer. The officer told the male he was under arrest and the male said, "No, I'm not under arrest." The male continued to look around and tried to push open the door by the aisle they were in. We lock that door because people steal stuff and go out it all the time. The officer told me the male he was under arrest several more times. The officer told the male to put his hands behind his back. The male pulled away and then tried to hit the officer. They both went to the ground by the mannequin near the window. The male started punching the officer and "growling." The male was kicking and thrashing around trying to get away from the officer. The male tried to bite the officer on the arm several times. The officer then tased the male twice and it had no effect on him. The male was screaming and yelling refusing to obey the officer. The officer then pulled out his baton and gave the male orders to get on the ground. The officer probably told the male he was under arrest about 20 times. Another officer came in the store and the male ran outside. The male did some acrobatic jump over the car he came in and more officers helped take him down.

I wanted to clarify with Angela about the strikes she saw on the officer. I asked Angela to describe where the officer and male suspect were at when she saw the officer getting punched. Angela said the male was punching the officer in the head when they were on the ground near the window. She also described how the male was growling and kept trying to bite the officers' arm when it was around his neck. I asked Angela if she saw anything that happened outside and she said no. I thanked Angela for her statement and this ended our conversation.  
-End of Angela Richart's statement

**Witness Officer Interview Summary BWC Y/N:** Officer Ryan Jamieson/No, Officer David Eckersley/Yes

The information I received from the witness officers matched what the officers documented in their reports. See attached officer reports.

**Any Relevant Clarifying Information and Observations:** I had pictures taken of Officer Van Tassel after the incident due to an obvious lump contusion on his forehead where he said Dominic struck him. Officer Van Tassel also had a large scrape down his left shin from the altercation. Cpl. Adams took photos of Officer Van Tassel the following day (03/04/16) due to the progression of his injuries. Cpl. Adams and I also went the following day (03/04/16) to jail and took photos of Dominic Johnson for the same reasons.

**Sergeant Findings:**

I have reviewed this incident and believe the below listed eight individual uses force utilized by both Officer Van Tassel and Officer Specht were **justified** and **within SPD policy 300** due to the assaultive behavior displayed by Dominic Johnson. Johnson assaulted Officer Van Tassel numerous times and despite the de-escalation techniques Officer Van Tassel utilized while waiting for backup, Johnson continued refusing lawful commands to give up and displayed assaultive behavior throughout the remainder of the incident until he was taken into custody.

Van Tassel UOF (1): Level one neck restraint-after being assaulted with closed fist strikes to the head by Dominic Johnson.

Van Tassel UOF (2): Attempted level two neck restraint-for the same reasons as above.

Van Tassel UOF (3): TASER deployment with probes-as Johnson continued to fight with Officer Van Tassel and use his physical resistance to defeat previous attempted control techniques.

Van Tassel UOF (4): Second TASER deployment with probes-Johnson refused to comply with law commands to give up and continued to show his aggressive violent behavior towards Officer Van Tassel.

Van Tassel UOF (5): Baton strike to Johnson's right forearm-Johnson reached towards Officer Van Tassel's face while keeping his left hand hidden in the sweatshirt and continuing with his aggressive violent behavior.

Van Tassel UOF (6): Baton strike to Johnson's lower left leg-While attempting to flee on foot outside, Johnson stopped, turned around and took a lowered body center of gravity stance with his fist clinched.

Specht UOF (1): Level one neck restraint-Witnessing Johnson physically resist officers attempt to take him into custody after running out of the store. He gave Johnson verbal commands to stop resisting and time to comply.

Specht UOF (2): Level two neck restraint-Johnson failed to comply with lawful orders to stop resisting and continued to grab officers in attempt to get free. Johnson's violent and irrational behavior was perceived as assaultive.

**SPD Policy 300 Use of Force**

**-Assaultive:** Noncompliance perceived as, or resulting in, an actual assault on an individual or officer. The scope and severity of the attack would likely not result in serious bodily injury or death.

**-Control Devices-** Includes TASER, baton, Oleoresin Capsicum (OC), 2-Chlorobenzalmalononitrile (CS), and Mechanical Restraints

**-Control Techniques-** Includes Lateral Neck Restraint (LNR), Personal Impact Weapons, Counter joint, and Take Downs.

**-Draw and Direct-** The purposeful display of a force option (OC, Baton, TASER, Firearm, other) and directing a person to comply with commands through the presence of the force option.

**-De-escalation:** The use of verbal communication, body language, and/or tactics to defuse a situation.

### **SPD Policy 300.3 Use of Force**

Any force used by an officer must be objectively reasonable based on the totality of the facts and circumstances known to the officer at the time the force is used.

#### **SPD Policy 300.3.2 Factors Used to Determine the Reasonableness of Force**

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Perception of the known and potential threat considerations to the public, the officer(s) and subject involved.
  - The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
  - Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, and the number of officers available vs. subjects).
  - The effects of drugs or alcohol on the subject.
  - Subject's mental state or capacity.
  - Potential for injury to officers, suspects and others.
  - Training and experience of the officer.
  - Proximity of potential weapons or dangerous improvised devices.
  - Prior contacts with the subject or awareness of any propensity for violence.
  - Any other exigent circumstances.
- (b) The level of resistance and/or attempts to flee demonstrated by the subject.
  - The risk and reasonably foreseeable consequences of escape.
  - The degree to which the subject has been effectively restrained and the subject's ability to resist despite being restrained.
  - The apparent need for immediate control of the subject or a prompt resolution of the situation.
  - The availability of other options and their possible effectiveness.
  - Time available and split-second decision-making required under the circumstances.
  - Environmental factors.
  - Suspect's response to de-escalation efforts.
- (c) The severity of the crime and/or community caretaking function.

Officer Van Tassel did a great job of staying calm and professional throughout this incident. He responded appropriately to the level of resistance and evaluating if the technique being utilized each time was effective. When he determined the technique was not effective, he tried different appropriate techniques to the level of resistance. Officer Van Tassel also gave the male ample opportunity to comply while waiting for backup and not continuing to escalate the situation causing a higher likelihood of injury to Johnson and himself.

Officer Specht utilized appropriate techniques as he evaluated the level of resistance Johnson was displaying at the time. Officer Specht was coming into the scene with no previous knowledge of Officer Van Tassel being assaulted by Johnson.

Sgt. Wheeler #881

Spokane Police Department  
Internal Investigation

CONFIDENTIAL

IA#F16-20  
Additional

This incident occurred on 03/03/2016 #16-076442. Officer Van Tassel's supervisor, Sergeant Wheeler responded to the scene and did the administrative investigation. Sergeant Wheeler is also a SPD defensive tactics instructor. He did a very thorough report and findings as to the 8 uses of force. His investigation showed all uses of force were within policy.

Officer Van Tassel having witnessed a traffic violation had the legal authority to stop and detain Johnson to investigate this violation. Johnson who had quickly pulled over after seeing the officer then went into the Adam and Eve store where he was contacted by the officer. Officer Van Tassel was by himself upon first contact. Upon contact with Johnson he thought Johnson was DUI. Johnson was giving indications that he was trying to flee and kept trying to get the officer to let him go outside. Johnson didn't ID himself to the officer and tried to walk past him after being told he was being detained. This is when the physical confrontation started. Johnson tensed up and tried to hit Van Tassel who had hold of his arm. Van Tassel ended up taking him to the ground.

Officer Van Tassel and witnesses give similar accounts of a struggle and fight between the officer and Dominic Johnson. Johnson is described as hitting, elbowing, biting and kicking the officer. The incident was partially captured on Van Tassel's body camera before it is knocked off. His audio was still capturing his orders to Dominic which Dominic doesn't comply with. The store video also captures some of the arrest. You can see Dominic fail to comply with the officers commands. He aggresses at the officer with his finger pointing at him. Clearly not complying and exhibiting assaultive behavior. He uses the shelving and counter tops to help defeat the officers attempt to control him by pulling away. A lot of the assaults aren't clearly captured on the store video but certainly are in the reports and witness statements. Johnson can be heard yelling at Officer Van Tassel and making demands over and over for him to call his sergeant. He can also be heard refusing the officers commands. Johnson also admitted to Sergeant Wheeler that he pulled away from the officer.

Officer Van Tassel showed restraint during this arrest even though he used 6 uses of force. He called for backup and can be seen on video keeping distance from Johnson. Van Tassel transitioned from one type of use of force to the other when one didn't work. This is what we teach at our defensive tactics training. Nothing seemed to work on Johnson who appeared to be under the influence of some sort of drugs. Van Tassel described him as having super human strength.

Officer Specht also used a LNR 1 and 2 on Johnson during the arrest. The LNR 2 was effective and rendered Johnson unconscious allowing officers to handcuff and finally take control of him.

Johnson's minor injuries are consistent with force used.

Officer Van Tassel also has some facial injuries consistent with being assaulted by Johnson.

I agree with Sergeant Wheeler's assessment of the 8 uses of force. They are all justified and within policy.

<b>NARRATIVE</b>				

On 3-3-16 I was south on Division from Wellesley. I observed a vehicle to my right, which I thought was on Gordon street. It appeared that the vehicle had just pulled out of the parking lot of 3609 N Division. As I was driving pass the vehicle, I saw that the driver (Johnson) looked at me, then looked

--------------------------------------------------	---------------------------------------	-------------------------------------

down and away. It appeared that Johnson was attempting to hide his face from me as I passed by. I tried to look directly into the windshield to see his face, but there was a large shatter mark and I could not see inside. I slowed down and started to look back at the vehicle, to see what Johnson was going to do next. I observed the vehicle start to go in reverse. I thought this was very suspicious and felt that Johnson was attempting to hide something. It should also be noted that I was currently on a "hotspot". The area has been documented as having a lot of vehicle thefts, prowlings and other crimes associated with that.

Based on the above, I decided to circle the block and go make contact with Johnson. As I turned onto Glass street, I could see that Johnson backed into the parking lot at 3609 N Division. Johnson exited the vehicle and walked into a business. This again raised my suspicion that Johnson was breaking the law. This is not normal behavior by a person just from seeing the Police drive by.

I pulled into the parking lot and noticed there was a female (Ketchum) in the passenger seat. I asked Ketchum the name of the driver and she said she was not going to tell me. Radio advised that the registered owner is Andrew Hood. I asked Ketchum if the male was Hood and she said no. This raised my suspicion even more, thinking that Johnson should not be driving this vehicle.

I went into the store to make contact with Johnson. He was standing on the far side of the store looking at merchandise. I contacted him and he immediately stated that he knows his windshield is cracked. Within seconds I recognized several things about Johnson. I first saw that he was sweating, I later documented that it was 55 degree's outside. Johnson's chest was puffing in and out quickly, indicating rapid breathing. Johnson's eyes were looking back and forth rapidly and his eyes were dilated. I noticed that his veins were protruding out of his neck. Johnson was also looking around in different directions and seemed to be very paranoid. Based on my immediate observations of Johnson I felt that he was under the influence of drugs. It was my intent now to investigate Johnson for DUI.

Johnson continually looked back and forth, almost as if he was looking for an escape route. He kept on trying to get me to walk outside with him. I felt that if we went outside, that Johnson would take off running. I wanted to contain him where we were to avoid a foot pursuit.

I asked Johnson for his ID and he stated it was in his car, again trying to get me outside. I told Johnson to just give me his name, he refused and stated he doesn't believe he has to. Johnson then attempted to walk pass me, I placed my hand on his chest and advised him to stop. I told Johnson that he was being detained at this time and was not free to leave. Johnson turned away from me and attempted to walk the other direction. There was a door about 10 feet behind Johnson. Johnson then stopped and turned back towards me. I could see that he was becoming very nervous and he was being evasive.

Due to Johnson attempting to hide his identity from the very first time I drove by him, I felt that he

# INCIDENT REPORT CONTINUED

Page 5

INCIDENT CLASSIFICATION <b>ASSAULT-SIMPLE</b>	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER <b>16-076442</b>
--------------------------------------------------	---------------------------------------	-------------------------------------

may have warrants for his arrest. I grabbed onto Johnson's right arm, in a right arm control position. I told Johnson to put his hands behind his back. I immediately felt Johnson's arm tense up. I attempted to get him to turn away from me, into a handcuffing position. Johnson looked right at me and I felt him raise his arm up. Johnson then attempted to strike me in the face or chest area with an elbow strike. I still had a hold of his arm and I was able to stop him from making contact with me. He did knock by body backwards from the attempted strike.

It should be noted that we were on a very tight aisle inside the store. There was a shelving unit to my right and a large glass window just to my left. I attempted to keep Johnson closer to the shelf to avoid going through the large window and causing serious injury.

I attempted to grab Johnson's clothing, around his shoulder area and then take him to the ground. He resisted this and started to pull backwards. Johnson's entire body was tense and rigid and he was attempting to counter everything I did.

I was then able to take Johnson to the ground. It should be noted that at this time my body camera fell off. When Johnson and I fell to the ground, he landed on his back and I landed on top of him. Johnson had a hold of me and I was laying on top of him, face to face. I felt that Johnson had his arms wrapped around my shoulder area, holding me down.

While on the ground Johnson started to yell and scream at me. He then closed his fist and struck me in the face two to three times. He hit me above my right eye, on my forehead. He also hit me just below my right eye. I was then able to break free of Johnson and stand up. He attempted to stand up. I had a hold of his left arm still. I used a straight arm bar take down and took Johnson straight to the ground.

During this incident I heard a female screaming outside. I looked up and saw the passenger Ketchum standing at the window. She was screaming and pounding on the window. Ketchum did this during the entire incident inside the store. She was hitting the window so hard that I thought she was going to break it. The store employee (Richart) went outside and even yelled at Ketchum to stop it. I had to alter my attention away from Johnson numerous times and concentrate on what Ketchum was doing.

At this point this is what I knew. Johnson was driving a vehicle and appeared to be under the influence of drugs (DUI). There was still many un-answered questions about other crimes, such as possible warrants and the status of the car Johnson was driving. Johnson was violently resisting arrest and assaulted me by punching me in the face twice, attempted to strike me in the face with his elbow and was continually kicking me. Johnson was still actively being assaultive and attempting to flee.

Johnson was able to stand up right away and attempt to flee. I had a hold of Johnson, still

# INCIDENT REPORT CONTINUED

--------------------------------------------------	---------------------------------------	-------------------------------------

attempting to take him to the ground. We were both standing up, I had Johnson in a level 1 neck restraint (LNR). I had the intention of just attempting to control Johnson and take him down. While holding Johnson in this technique, he started throwing kicks back at me. He kicked me in the shins several times. While he was kicking me, I was able to trip Johnson and take him to the ground again.

Johnson was able to stand up again. We were now at the front counter of the business. I still had Johnson in a level 1 LNR. Based on his continued attempt to flee and his assaultive behavior, I decided to apply a level 2 LNR. Johnson was still fighting this. He attempted to tuck his chin down to counter the application. He was also still throwing kicks back into my legs.

We were still in a standing position. Johnson had a hold of the counter and I was not able to take him to the ground to continue the level 2 LNR. I decided to deploy my taser into Johnson's back. I still had a hold of Johnson. I placed the taser in the small of his back and activated it. I saw both taser probes stick into his back and I could hear the taser start to cycle. Johnson briefly yelled out. He never went to the ground and stayed standing. As my taser was still cycling for the 5 seconds, Johnson was walking backwards and continued to yell at me. The taser had little to no affect on Johnson.

Johnson walked behind a display that was in the middle of the store. The display was about 4 feet high and about 3 feet wide. Johnson had his finger pointed at me and he was screaming as loud as he could. He was only pointing his right finger at me. Johnson was wearing a hoody sweat shirt. He had his left hand in his front pocket of the sweat shirt and would not show me his hand. I attempted to talk to Johnson, but he continually screamed at me.

I had Johnson at taser point. I demanded he remove his hand and that he get on the ground. I told Johnson in a loud clear voice that he was under arrest and to put his hands behind his back. Johnson refused over and over.

At this point I was still investigating the above mentioned crimes. The fact that Johnson was able to fight off a taser application raised my suspicion he was under the influence of drugs. Johnson now presented a new threat by keeping his left hand out of sight and in his pocket. This made me very concerned for my safety and was fearful Johnson would access a weapon. This fear was based on his overall behavior and his altered state of mind.

I then chose to deploy my taser a second time. I watched one probe hit and stick into Johnson's shoulder and one into his chest. Johnson was still behind a display rack and I had no other targets to attempt except for his face. The taser again had no affect at all. Johnson walked backwards, away from the display and behind a second display. As he walked away I could see Johnson pulling the taser wires and removing the probes from his body. Johnson then wrapped his sweat shirt around his arms and placed it in front of him, almost as a shield from further taser applications.

Page 7

INCIDENT CLASSIFICATION <b>ASSAULT-SIMPLE</b>	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER <b>16-076442</b>
--------------------------------------------------	---------------------------------------	-------------------------------------

I decided to use by extendable baton. I removed the baton and held it in a ready position. Johnson was on one side of the display and I was on the other. Johnson still had one finger pointed at me and was screaming at me. I was still continually telling him that he was under arrest and to put his hands behind his back, he continued to refuse.

Johnson at one point walked towards me, still pointing his finger and yelling. There was a lot of merchandise in the store and no where for me to safely backup without jeopardize the risk of tripping and falling. Johnson came within arms reach of me.

For the above mentioned reasons, I was still in fear of Johnson assaulting me. He still had his left hand concealed in the clothing and he was becoming more aggressive by approaching me. This is not normal behavior for a subject attempting to just get away from Police, this is behavior of somebody that is willing to assault Police. His hand was still close to me. I used an downward strike with my baton and struck the inside wrist area of Johnson's right arm. His arm was knocked away backwards, but he immediately raised it back up. He continued to point at me and scream. He never winced out in pain and never acted like it hurt at all, continuing my suspicion of drug usage.

I continually gave Johnson commands to get on the ground and he continued to yell at me. He was now walking around numerous display racks in the store, always keeping at least one between us. I had already put out a "code 6" over the radio, indicating I was requesting immediate back up. Because of this, I did not advance on Johnson at all. I let him walk around and pace back and forth. I knew backup was responding to my location. I kept myself between Johnson and the door so he could not flee.

Ofc Jamieson arrived shortly after. I advised him that Johnson was under arrest. Johnson then took off running right between Ofc Jamieson and I. We grabbed onto his clothing, but his clothing ripped. Johnson made it to the front door and exited. He attempted to run north on Division, then turned to run south. Ofc Specht was pulling into the parking lot and blocked Johnson's path. Johnson then jumped over the front of his own vehicle and continued to run.

Johnson then ran to the south east corner of the building and then ran into the window. Ofc Jamieson and I got to Johnson first. Johnson had spun around and was now face to face with us. As I approached, Johnson raised both of his hands. He had them raised in a position to throw a strike, one hand behind the other as in a fighting position.

At this point I was still investigating the above mentioned crimes, now including 3rd assault on an Officer. Johnson had just attempted to flee the scene on foot. Once Officers caught up to Johnson, he did not go to the ground and surrender, he instead turned around ready to fight. I did not only come to that conclusion based on his current stance, but also the previous several minutes with Johnson.

--------------------------------------------------	---------------------------------------	-------------------------------------

To prevent further assault on Officers, I decided to use my extendable baton again, which I had retained in my hand as we ran. While Johnson's hands were in a raised position, I was able to move in. I used my left arm and deflected his raised left hand away from me. I then used a vertical strike with the baton and struck Johnson in the left shin area.

I could feel Johnson's body buckle at this time. I did not feel that any further strikes were needed and I grabbed onto Johnson. Other Officers were now onscene and we took Johnson to the ground.

While on the ground Johnson continued to yell and resist. His entire body was still tense and rigid. He was thrashing around, kicking and grabbing at Officers. There was about four Officers attempting to restrain Johnson and he was flailing around so violently that we could not gain control. We continued to be assaulted by Johnson's kicking and thrashing. He had grabbed onto my arm several different times during the incident. Ofc Specht then applied a LNR level 2. This was very affective because it let us gain control of Johnson and restrain him with handcuffs. It also prevented any further injury to not only Officers, but Johnson as well.

Other Officers onscene had detained Ketchum, who was screaming at us still, see their reports.

After Johnson was detained he was still very agitated. I noticed that his hands were constantly opening and closing and flexing, a sign of drug usage.

Johnson was arrested for the listed crimes. I did also charge him with DUI. Not only for my listed physical observations of Johnson that I mentioned before, but also Johnson's reaction during the incident. Johnson was not affected by either taser application or by the first baton strike inside the store. Johnson is fairly small in stature and I was not able to keep him contained on the ground at all. Johnson seemed to have "super human strength" during the incident, leading me to believe he was under the influence of drugs. Ofc Akins arrested Johnson for DUI, see his report for the DUI processing.

It was decided onscene that based on Ketchum's behavior and her constant distraction to me while dealing with Johnson, that she was placed under arrest for rendering criminal assistance. See other Officer reports.

After the incident Johnson still had two taser probes stuck in his lower back. He had a red mark on his left shin from the baton strike. Photographs were taken of the scene, including Johnson's injuries. I noticed pain in my face. I had a quarter size red mark and swelling on my forehead. I don't have a mark under my eye, but there is continual pain from being struck. My right shin has numerous red marks and a cut from being kicked. My left shin and knee also have red marks from being kicked. Photographs were taken of that as well.

<b>NARRATIVE</b>				

On 030416 at approx. 1510 hours, I contacted Angela Richart by telephone on follow up to the incident that occurred the day before (030316) inside the Adam and Eve store located at 3609 N. Division. Angela was the female employee working inside the store at the time of the incident.

I asked Angela if she would tell me what she saw inside the store. Angela told me the following: I was working at the front counter when a male came inside the store and walked over by the lubricants. The male kept looking out the window and wasn't looking at anything in the store. I checked the video surveillance and saw a police officer standing by the vehicle the male got out of. I asked the male if that vehicle was his and he said no. I watched him get out of the vehicle. The officer then came in and asked the male if the vehicle out front was his and the male said yes. The officer asked the male, "Can I please see your driver license." The male refused to give the officer his name and the officer asked him several times, "Please give me your first and last name." The male then got on his cell phone and tried to walk past the officer. The officer told the male he was under arrest and the male said, "No, I'm not under arrest." The male continued to look around and tried to push open the door by the aisle they were in. We lock that door because people steal stuff and go out it all the time. The officer told me the male he was under arrest several more times. The officer told the male to put his hands behind his back. The male pulled away and then tried to hit the officer. They both went to the ground by the manikin near the window. The male started punching the officer and "growling." The male was kicking and thrashing around trying to get away from the officer. The male tried to bite the officer on the arm several times. The officer then tased the male twice and it had no effect on him. The male was screaming and yelling refusing to obey the officer. The officer then pulled out his baton and gave the male orders to get on the ground. The officer probably told the male he was under arrest about 20 times. Another officer came in the store and the male ran outside. The male did some acrobatic jump over the car he arrived in and then more officers helped take him down.  
-End of Angela's statement

I wanted to clarify with Angela about the strikes she saw on the officer. I asked Angela to describe where the officer and male suspect were at when she saw the officer getting punched. Angela said the male was punching the officer in the head when they were on the ground near the window. She also described how the male was growling and kept trying to bite the officers' arm when it was around his neck. I asked Angela if she saw anything that happened outside and she said no. I

<b>NARRATIVE</b>					

On 03/03/2016 at about 1201 hrs, Officer D. Eckersley and myself (Two-man patrol car) were working patrol in our uniform of the day, black jumpsuit with sewn on SPD Badge, Spokane Police patches on the shoulder along with other police insignia, and a utility belt equipped with firearm, handcuffs, and other tools. I was driving my assigned patrol vehicle, #364, Ford Interceptor SUV equipped with overhead emergency lights and "Spokane Police" written on the sides. We were dispatched to assist Officer Van Tassel at 3600 N. Division in reference to a suspicious vehicle call. While I was enroute to his location Officer Van Tassel advised he needed immediate assistance at the location (Code 6). Officer Van Tassel again advised he was Code 6 over the radio and it sounded as if there was a struggle in the background. Believing Officer Van Tassel was possibly engaged in a physical confrontation with a subject from the noises heard over the radio and his request for a Code 6, I activated my emergency overhead lights and responded to his location.

I responded just to the south of his location (3609 N. Division) and pulled into the parking lot from Gordon Ave. There I observed a male (Johnson) running SB through the parking lot towards my direction with Officer Van Tassel behind him. At this point the male was about twenty feet from my location so I positioned my patrol vehicle in front of the male as he ran in an attempt to get him to stop, trying to use another parked vehicle to block his path. Johnson then jumped over the hood of the parked vehicle and continued to run SB towards Gordon Ave.

I exited my patrol vehicle and began to pursue the male on foot and he was contacted by other Officers at the southern part of the store on the customer pathway.

As I approached Johnson I could see him actively resisting Officer's attempts to take him into custody. His fists were balled up and he was not complying to their verbal commands to get onto the ground, and was actively trying to get

--------------------------------------------------	---------------------------------------	-------------------------------------

away from them pulling his arms away appearing as if he would be assaultive towards them if he was to get free from them.

Officers were able to get Johnson down to the ground where he landed it what appeared to be a sitting position with his upper torso upright. Johnson was still actively moving his body around and pulling his arms free from the officers. I positioned myself behind Johnson.

At this time based on the following:

**Crime:**

- Officer Van Tassel's requests for a Code 6 and the sounds of a struggle in the background.
- My observation of Johnson running away from officers.

**Resistance:**

- Johnson actively resisting multiple Officer's attempts to detain him and his fist balled up while trying to pull away from them.

**Threats:**

- Actively resisting multiple officer's attempts to detain him with balled up fists.

I then decided to apply a Lateral Neck Restraint (Level 1) on Johnson to assist other officers in detaining him, keeping him from being able to escape, and to prevent any possible future injuries to him or officers.

I placed my right arm around the front of his neck with the crook of my elbow positioned in front of his Adam's apple to prevent injury, and I applied slight pressure. I advised Johnson that he needed to relax as other officers keep verbally advising him to quit resisting.

Johnson continued to yell back at officers to let him go and I could feel him continually trying to pull his arms away from them and trying to move his upper torso around to break our grips.

As I maintained my grip on Johnson I was able to see into the store through the front window and could see multiple products knocked off of the shelf and strewn across the floor. It appeared as if they were thrown to the ground or knocked over as a result of a struggle.

Johnson actively flailed his body around violently making it difficult for myself and other officers to control him. I could feel his body was tensed up and he was still trying to break free from our attempts to detain him. Because of the way Johnson was still acting I believed he was an assaultive threat towards us if he were able to get free.

At this time with Johnson showing no signs of complying with verbal commands, flailing his body violently in attempts to break free from us, and I believed he would become assaultive towards us, I decided to apply a Level 2 Lateral Neck Restraint to momentarily render him unconscious so he could be placed into custody without any future possibility of

injury to himself, myself, or other officers at the location.

I applied more pressure to the sides of his neck with my right arm for a few seconds and Johnson stopped fighting and his body relaxed. I was able to tell that he had been rendered unconscious.

Officers were then able to place him into handcuffs without incident and I released the Lateral Neck Restraint (LNR).

I advised Police Dispatch of the LNR application and requested medics respond to evaluate Johnson, and I advised Sgt's at the location off the LNR application.

I responded inside of 3609 N. Division and contacted, Angela Richart, an employee at the location who stated the following about the incident:

She was working at the above location when an unknown male (Johnson) entered into the store by himself and went over to the lubricant aisle. There she observed Johnson looking through the store window out to the parking lot. Through the store security camera display she could see a green car parked in the parking lot on the other side of the window. In the car she could see a female parked in the passenger seat.

Richart asked Johnson if that was his car and he stated it was not.

An officer (Van Tassel) then walked into the store and asked Johnson about the car. Johnson advised Van Tassel it was his car and he knew the windshield was broken. Van Tassel then asked Johnson if he had a driver's license and he responded he did not.

Johnson removed his cell phone and made a call on it. Officer Van Tassel asked him to put the phone away multiple times and he refused to do so. Officer Van Tassel asked Johnson to step outside so they could talk and he refused to do so.

Johnson then went towards the south door of the location and tried to push it open but was unable to do so because they keep it locked. Officer Van Tassel told Johnson to put his hands behind his back multiple times and Johnson did not comply.

Officer Van Tassel attempted to grab Johnson and he then pulled away. The two of them fell to the ground where Officer Van Tassel was able to hold him down for a moment. Johnson was able break free from Officer Van Tassel. She advised she could hear Officer Van Tassel tell Johnson he was under arrest multiple times.

Officer Van Tassel then used his Tazer on the male two times and it did not seem to affect the male.

Officer Van Tassel then blocked the other store entrance and pulled out his baton and Johnson remained near the cashier area.

--------------------------------------------------	---------------------------------------	-------------------------------------

Richart stated at one point during the incident Johnson was at the counter and grabbed onto it while Officer Van Tassel was trying to pull him away. There she observed Johnson bite Officer Van Tassel in the area of the upper arm.

Another Officer responded to the location and Johnson ran outside of the store.

Richart stated that during the incident, the female (Ketchum) was kicking on the store window so hard she thought it was going to break. She had to go to the store entrance two times to yell at Ketchum to get away from the window.

I provided Richart with a crime/victim card with the incident report number.

I then transported Ketchum to the Spokane County Jail where she was booked for Rendering Criminal Assistance 2nd.

See Officer Van Tassel's report for more information.

<b>NARRATIVE</b>				

On 03/03/16 at 12:04 hours, I responded to 3609 N Division to assist Ofc. Van Tassel who went Code 6 (officer needs assistance). Upon arrival, officers on scene already had Dominic Johnson in custody and a female detained in handcuffs.

I placed the female in my patrol vehicle and identified her as Coleen Ketchum. I was advised a short time later, that Ketchum was being arrested. I searched Ketchum incident to arrest. I verbally advised Ketchum I was using the back of my hand during my search. While trying to search Ketchum, she would not stand still and continued to yell about going to jail and that I could not search her.

Ofc. Van Tassel had probable cause to arrest Johnson for DUI. I was asked by Ofc. Van Tassel to complete a search warrant for blood. Ofc. Van Tassel provided me with the probable cause information to write the search warrant. I completed the search warrant and had Sgt. Wheeler approve it. I sent the warrant to Judge Derr, who returned a signed warrant to me at 14:19 hours.

At the jail, Paramedic Karnitz from AMR responded to complete the blood draw. I gave Karnitz a copy of the search warrant. Johnson was brought out to us to complete the blood draw. I advised Johnson we had a search warrant for his blood. I verified that I had two gray top vials, not expired and the white powder was present in the tubes. I advised radio that the search warrant was being executed at 15:02 hours. I observed Karnitz used Iodine to sterilize the area where the blood was to be drawn. I witnessed Johnson's blood go into the two vials. The blood draw was complete at 15:08 hours. Sgt. Wheeler was present during the execution of the search warrant.

Karnitz completed the receipt for property taken and the inventory and return of property taken under the search warrant. I observed Johnson sign both copies. I provided Johnson with a copy of the search warrant, the property taken and the inventory and return of property taken papers.

I filed the search warrant with the Spokane County District Court.

I then placed the two vials containing Johnson's blood onto property as evidence. I completed a toxicology examination request for the blood. I also completed the DUI arrest report packet.

Ofc. Widhalm was on scene assisting and was wearing his department issued body camera.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

**NARRATIVE**

On 03/03/16 Officer E. Specht and I (Officer D. Eckersley a two person patrol vehicle) were dispatched to assist Officer Van Tassel in a suspicious vehicle in the area of 3600 N. Division St.

While in route to the location I heard Officer Van Tassel over the radio call out a code 6. I again heard him call out over the radio code 6.

We arrived on scene to find several officers in a foot pursuit with a white male in front of the location. The male was later identified as Dominic D Johnson.

As I ran to assist in detaining Johnson I observed him in a fast run from officers. While running from officers Johnson actually jumped over the hood of the vehicle he had arrived in.

Johnson was cornered by officers next to the building. At this time Johnson still was resisting arrest and took a fighting stance by lowering his center of gravity and bringing his hands up in front of him as if he was ready to continue to assault officers. Out of my peripheral vision I observed one baton strike to Johnsons left shin. I did not see who used the baton.

Johnson was brought to the ground by multiple officers at which time I grabbed Johnson's legs, crossed them, and used my upper body to hold them to the ground. This is the extent of the use of force that I applied.

Once Johnson was handcuffed he was placed in the back of a patrol vehicle.

Later to assist Cpl Adams I held Johnsons shirt up for photographs of his back and chest. I also displayed Johnsons hands for photographs. I had observed two tazer probes in Johnsons back and one small mark on his chest. I did not see any marks on the palms of Johnsons hands. It was during this time that medics were treating Johnsons injuries. I also observed a fresh cut on Johnsons left shin.

Once the scene was secure I completed a tow form for a DUI impound per Officer Van Tassel.

Officer Specht and I transported Coleen A Ketchum to jail for rendering criminal assistance 2nd

PRIMARY CHARGE				UCR/NIBRS CODE
<b>NARRATIVE</b>				

On 03-03-2016 at approx. 1204 hours I hear Ofc. Vantassel put out a Code 6 at the Adam and Eve, 3609 N. Division.

When I arrived on scene I observed a female employee pointing at a W/F who was banging on the glass. I asked her where the officer was, to which she said he was inside. I ran inside. Ofc. Vantassel had his baton out and was giving orders to a W/M, later identified as Dominic Johnson. Johnson was facing him in a bladed stance with his fists clenched as if he was preparing for a fight, an obvious assaultive stance. Ofc. Vantassel then informed me that Johnson was under arrest. I took out my Taser but Ofc. Vantassel informed me that he had deployed his Taser twice with no effect. I re-holstered my Taser as Johnson began to move laterally as if to get to an exit. I moved my position to block him and when he charged past me, I attempted to grab ahold of him. I grabbed his shirt but he broke free.

Ofc. Vantassel and I chased Johnson into the parking lot. He ran around my police vehicle and I again attempted to grab him. He got away from me again and jumped the hood of a green Subaru. At that time I was again chasing him when other officers arrived on scene. Officers blocked him from running past the south side of the building. I grabbed his right arm to do a arm bar takedown. Other officers pulled him away to the left.

I continued to control Johnson's right arm while officers continued to try to control the rest of his body.

I placed him in handcuffs(dl) and began to search him. At this time I noticed that my body camera had been off and not activated. I turned it on and activated it at this time. We then sat him up and placed him in the back of my patrol vehicle. Medics were called to the scene to evaluate Johnso. Photographs were taken of his injuries. Medics cleared him at the scene.

Johnson continually demanded to talk to a Sgt. Sgt. Wheeler contacted him and interviewed him. After that interview he demanded to talk to the Sgt. again when he saw that his girlfriend was also going to jail. He was told that she was going to jail for rendering criminal assistance. He once again began yelling and swearing at us and me in particular.

INCIDENT CLASSIFICATION <b>ASSAULT-SIMPLE</b>	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER <b>16-076442</b>
--------------------------------------------------	---------------------------------------	-------------------------------------

I received information as to what we would be charging Johnson with. I then transported him to the Spokane County Jail. I informed jail staff that he had been Tased, struck with a baton to the leg, and rendered unconscious with a Lateral Neck Restraint while he was being processed for booking. He looked at me and the jail nurses, then stated that he had never gone unconscious. I booked him for three warrants as well as charging him with Assault 3rd degree with lesser included crimes of Resisting arrest, DUI, and DWLS-3rd. A charge of taking a Motor Vehicle without owner's permission was added later.

See other Officer's reports for further details.

I later assisted Ofc. Widhalm and Ofc. Akins serve a blood search warrant on Johnson for the DUI. See their reports for further details.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

PRIMARY CHARGE				UCR/NIBRS CODE

**NARRATIVE**

I responded to assist Officer Van Tassel who had called out a code 6 on March 3, 2016 at 1201 hours. Officer Van Tassel had done a traffic stop at 3609 N Division. When Officer Van Tassel spoke on the radio, I could hear a struggle in the background and could tell by his voice that he needed assistance. I was at Boone and Washington and responded code to the location.

As I arrived on scene, I could see a male, later identified as Dominic Johnson, run from the front door of Adam and Eve headed east. He was being chased by at least 3 officers. I could see the officers trying to grab Dominic and attempting to get control of him. As I entered the driveway of the business, I saw Dominic turn and run south towards me. I parked my car and blocked the sidewalk, not allowing Dominic to continue to run south. I watched him turn around and face the officers that were chasing him. I parked my car and got out and did not see what happened. I ran around the back of my patrol car and saw that Dominic was on the sidewalk. Officer Specht was on his side trying to put an LNR technique on Dominic. Officer Jamieson had a hold on Dominic's right arm and Officer Eckersley was down by Dominic's legs. I ran in and grabbed Dominic's left arm.

At this point, Dominic had already been in a prolonged fight with Officer Van Tassel. He ran from the store and was doing everything he could to get away from officers. He was not following commands and was still fighting on the ground. Even though I had Dominic's left arm, he was still pulling his arm in towards his body and was still actively trying to break free from our control. I looked over and saw that Officer Jamieson and Officer Eckersley appeared to be struggling to get control of Dominic. Officer Jamieson and I were trying to get Dominic's hands behind his back so that he could be handcuffed. I was pulling on Dominic's left wrist and trying to bring it behind his back. I felt that if I forced his hand behind his back, I would break his arm. There was a high possibility that Dominic would be injured while being taken into custody because of his resistance level.

He was still pulling his hands to the center of his body and was flailing his body around. Officer Specht had Dominic in a level 1 LNR control hold. I told Officer Specht repeatedly to "put him out." I gave Dominic a warning to give up now or he would be rendered unconscious. By rendering Dominic unconscious, we would be able to take him into custody safely and quickly without an officer or him getting hurt.

Officer Specht went to a level 2 LNR and I watched Dominic go limp and stop resisting after a few

seconds. I then watched Officer Jamieson get the handcuff on Dominic's right wrist. I told Officer Specht we were ready, and he got off Dominic. I brought Dominic's hand to the small of his back with no resistance. It should be noted, that after Officer Specht used a level 2 LNR technique, I could easily control Dominic's left hand and arm with one of my hands. Dominic was placed in handcuffs. He appeared to be unconscious for a very short period of time and was back to demanding a sergeant. I told him I was right there and asked him what he needed. He told me that he did nothing wrong and that he was assaulted by an officer. I asked Dominic if he was injured and he said no. We got him up and took him to a car to search him.

The application of the LNR level 2 was very effective in safely getting Dominic into custody without anyone getting hurt. See related reports for further. See my body camera footage for the exact events and statements in this call. Sergeant Wheeler will be doing the use of force on this incident. I did not use any force other than control holds and hand cuffing.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

**STATEMENT OF INVESTIGATING OFFICER  
AFFIDAVIT OF FACTS**

STATE OF WASHINGTON  
COUNTY OF SPOKANE

REPORT NUMBER:

DEFENDANT:

---

The undersigned, a law enforcement officer, competent to testify, states as follows:  
That he/she believes a crime was committed by the above named defendant/defendants  
in the City and County of Spokane, State of Washington, because:

**The def did commit the listed crimes in the city of Spokane on 3-3-16 as follows:**

**Ofc Van Tassel will testify to the following:**

- He is a Police Officer with the Spokane Police Department.
- Observing a vehicle parked in a parking lot at 3609 N Division.
- Originally thinking the vehicle was stopped on Gordon street, just south of the location.
- While passing by the vehicle, noticing that the def was driving it.
- That the def looked away and down, in an attempt to conceal his face.
- After passing by the vehicle, the vehicle then backed up, through the parking lot and into a parking space in front of a business.
- Knowing that this is suspicious activity and that reasonable people don't try to hide their face, then drive the other direction with a Police car drives by.
- Driving around the block to see what the vehicle was up to.
- Observing the def exit the vehicle and walk into the business, leaving a passenger in the vehicle.

- Running the plates and finding out the vehicle was registered to Andrew Hood.
- Asking the passenger the name of the driver and she indicated she was not going to respond to that question.
- Asking her if the driver was Andrew Hood and she stated no.
- This and the def's actions raising the concern that he is not supposed to be driving that vehicle or he has warrants.
- Making contact with the def inside the store.
- Immediately recognizing several physical observations with the def.
- He was sweating profusely and it was only 55 degree's outside, noticing his veins protruding out of his neck, his pupils were dilated and the def's chest was rapidly raising up and down.
- All of these are indicators of somebody being under the influence of drugs.
- This directed my contact into a DUI investigation.
- Asking the def who owns the car and he could not give provide a direct answer right away.
- Asking for the def's ID and he stated it was in the vehicle.
- Asking for the def's name and he indicated he was not going to provide it.
- That the def nervously asked numerous times to go outside. This request was refused based on the belief the def would attempt to flee on foot.
- Again asking the def for his information, at which time he turned and started to walk away.
- Advising the def he was being detained.
- Based on the def's overall behavior, deciding to place him into handcuffs. He was being detained for a DUI investigation and now for failure to cooperate at a traffic stop.
- Grabbing onto the def's left arm and instructing him to place his other arm behind his back.
- The def resisted and threw an elbow strike at my face, but was not able to make contact.
- Taking the def to the ground.
- While on the ground the def held onto my shoulder, then with a closed fist, punched me in the face two to three times.
- As a result of the assault, receiving a quarter sized red mark which was raised and swollen, just above the right eye.
- The def continued to struggle and not cooperate.
- The def stood up and I grabbed him from behind in an effort to take him down to the ground again.
- The def kicked my several times in both shins, causing redness, swelling and a cut on my shins.
- The def had received two different taser applications and a baton strike up to this point and he showed no signs of pain or giving up, both indications of drug usage.
- Telling the def at least 10 times to get on the ground and that he was under arrest.
- The incident continued in the store for about 3 minutes.
- The def broke free and took off running out the front door.
- The def continued to run until he was physically taking down by numerous Officers.
- After being taken down the def continued to struggle and fight until he was rendered unconscious.

- That the def was booked for the listed charges.
- That Ofc Akins arrived and wrote a search warrant for the def's blood for DUI, based on my observations.
- A name check of the def through WA DOL showed that he was DWLS 3<sup>rd</sup>.

**Ofc Jamieson will testify to the following:**

- He is a police officer for the Spokane Police Department and responded to a Code 6 at 3609 N. Division on 03-03-2016 at approx. 1204 hours.
- Arrived on scene and saw only one other patrol vehicle in the parking lot.
- Observed Ofc. Van Tassel in the store confronting a male, later identified as the Def. The Def. was standing in a bladed stance to Ofc. Van Tassel and had his fists clenched.
- Ofc. Van Tassel informed him that the Def. was under arrest. The Def. denied this.
- Assisted Ofc. Van Tassel take the Def. into custody.
- Transported the Def. to the Spokane County Jail where he was booked for three warrants, Assault 3<sup>rd</sup>, TMVWOP 2<sup>nd</sup>, resisting arrest, DUI, and DWLS-3<sup>rd</sup>.
- Observed the execution of the blood search warrant as evidence of the DUI.

**Angela Richart can testify to the following:**

- That she works inside the business where the incident occurred.
- She observed the def come into the store and not shop around, but instead look outside at the Police.
- She asked the def if the vehicle the Police were looking at is his and he responded no.
- That when the Police came inside, the def pretended to be looking at merchandise.
- That she heard the Officer asking the def for his name and information and the def refused.
- That the Officer told the def numerous times he was under arrest and to stop fighting, but the def continued to struggle.
- That at one point, it appeared that the def attempted to bite the Officer.

**Andrew Hood can testify to the following:**

- That he is the registered owner of the vehicle being driving by the def.
- That he loaned the def the vehicle last Friday (6 days ago) and he was supposed to return it that day.
- That he texted and called the def numerous times and the def did not return any calls.

- That he called 911 to report it stolen, but was told he had to wait three days before he could do so.
- That today is the 3<sup>rd</sup> day and he wants to report it stolen.
- That for the past 5 days he has called and texted the def over and over and over and has not heard any response at all from the def.

MAR 03 2016  
SPOKANE COUNTY DISTRICT COURT

SPOKANE	STATE OF WASHINGTON COUNTY	DISTRICT	COURT
STATE OF WASHINGTON,  Plaintiff,		Case No. Report/Case No. 16-76442	
v.		DECLARATION IN SUPPORT OF SEARCH WARRANT FOR EVIDENCE OF A CRIME, TO WIT:	
<u>Johnson, Dominic D L 12/25/1988</u> ,  Defendant.		DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502	

I, Ryan Akins, being duly sworn and upon oath, depose and say—  
I am a duly appointed, qualified, and acting law enforcement officer for the:  
Spokane Police Department  
I am charged with responsibility for the investigation of criminal activity occurring  
within City of Spokane, and have probable cause to believe, and do, in fact, believe, that  
evidence of the crime(s) of:  
DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502  
is contained in the blood of the person of Johnson, Dominic D L, who is currently located in City  
of Spokane, my belief being based upon information acquired through personal observations and  
interactions with Johnson, Dominic D L, said information being as further described herein—  
My training and experience regarding investigations of the above crime(s) is as follows:  
Your affiant, Officer Akins has completed the 720 hour Washington Basic Law  
Enforcement Academy October 2016. He is currently a police officer with the Spokane Police

Department and was previously a reserve officer with the Spokane Police Department prior to being hired full time. Your affiant completed the Washington State Basic Reserve Academy in May of 2009. He has completed the training on SFST's. Your affiant has used the BAC machine multiple times in the past when processing DUI's and hold a current BAC Certification. Your affiant has completed one prior field sobriety test in the field and has observed multiple individuals in the past who were under the influence of miscellaneous drugs.

The facts supporting my belief that Johnson, Dominic D L is under the influence of intoxicants and/or drugs are as follows:

Vehicle in Motion:

Ofc Van Tassel will testify to the following:

- Making hundreds of arrest of subjects under the influence of drugs and making over 600 DUI arrest.
- Observing the def pulling out of the parking lot at 3609 N Division.
- The def was on Gordon St, saw me then started to drive in reverse down Gordon Ave into oncoming traffic, committing a traffic infraction.
- Attempting to initiate a traffic stop on the def.
- Just prior to the traffic stop, the def exited his vehicle and entered into the store at the location.

Personal Contact with Driver:

- Contacting the def inside the store and attempting to obtain his name.
- Observing the def breathing rapidly and was sweating, the air temperature was approximately 55 degrees.
- The def was looking back and forth rapidly and I noticed that his pupils were dilated.
- Asking the def for his name and birth date, but the def refusing to provide the information as required by law.
- Attempting to arrest the def for refusal to provide information and DUI but the def fought violently.
- The def kicked and punched in and attempt to get away.
- The def was tasered twice and there was no affect given by the def at all.
- The def was struck twice with a baton and never winced out in pain.
- The def's veins were protruding out of his neck and he was screaming the entire time.
- The def is small in stature and it took 4 Officers to bring him to the ground, this was after a several minute fight.

-After the arrest the def continually flexed his hands open and shut over and over and could not sit still.

-Based on my physical observations of the def, his high pain threshold and his seemingly “super human” strength, I came to the conclusion that the def was under the influence of drugs.

-Arresting the def for the above crimes in addition to assault 3rd, resisting arrest and DWLS 3rd.

#### Voluntary Standardized Field Sobriety Tests

Not conducted due to the defendants continual violent behavior.

#### Opinion on Intoxication

#### Obvious

The defendant, Johnson, Dominic D L:

- is exhibiting impairment consistent with drug and/or alcohol use.
- was not offered an opportunity to take a breath alcohol test on an instrument approved by the State Toxicologist because The suspicion of being under the influence of drugs, not alcohol. The def violent behavior.

A sample of Johnson, Dominic D L’s blood, if extracted within a reasonable period of time after he last operated, or was in physical control of, a motor vehicle, may be tested to determine his current blood alcohol level and to detect the presence of any drugs that may have impaired his ability to drive. This search warrant is being requested 1 hour(s) 57 minute(s) after Johnson, Dominic D L ceased driving a motor vehicle.

Therefore, I request authority to cause a sample of blood, consisting of two vials, to be extracted from the person of Johnson, Dominic D L and to be thereafter tested to determine the blood alcohol level and the presence and quantity of any drugs that may have impaired the defendant's ability to drive. The extraction shall be performed by a physician, a registered nurse, a licensed practical nurse, a nursing assistant as defined in chapter 18.88A RCW, a physician assistant as defined in chapter Ch. 18.71A or Ch. 18.71 RCW, a health care assistant as defined in chapter 18.135 RCW, or any technician trained in withdrawing blood.

This declaration was submitted to the issuing judge or magistrate using an electronic device that is owned, issued, or maintained by the below-identified criminal justice agency.

I certify under the penalty of perjury under the laws of the State of Washington that all statements made herein are true and accurate and that I have entered my authorized user ID and password to authenticate it.

SPOKANE COUNTY DISTRICT COURT

STATE OF WASHINGTON	
SPOKANE COUNTY	DISTRICT COURT
STATE OF WASHINGTON,  Plaintiff,	Case No. Report/Case No. 16-76442
v.	SEARCH WARRANT FOR EVIDENCE OF A CRIME, TO WIT:
Johnson, Dominic D L 12/25/1988 ,  Defendant.	DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502

TO ANY PEACE OFFICER IN THE STATE OF WASHINGTON:

WHEREAS, upon the sworn complaint heretofore made and filed and/or the testimonial evidence given in the above-entitled Court and incorporated herein by this reference, it appears to the undersigned Judge of the above-entitled Court that there is probable cause to believe that, in violation of the laws of the State of Washington, evidence of the crime(s) of:

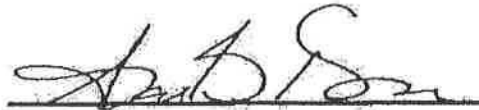

DRIVING WHILE UNDER THE INFLUENCE, RCW 46.61.502

is contained in the blood of the person of Johnson, Dominic D L, who is currently located within the City of Spokane.

NOW, THEREFORE, in the name of the State of Washington, you are hereby commanded with the necessary and proper assistance of a person trained and qualified to draw blood pursuant to RCW 46.61.506(5), to extract a sample of blood, consisting of two (2) vials,

from the person of Johnson, Dominic D L, within three (3) hours of the issuance of this search warrant and to ensure the safe keeping of the same and to make a return of said warrant within three (3) days; with a particular statement of all the articles seized and the name and title of the person who extracted the sample of blood. The blood samples seized shall be submitted within ten (10) days for analysis to determine the blood alcohol level and/or to detect the presence and/or level of any drug(s). Personnel qualified to draw blood are directed to assist the officer in obtaining the requested blood samples. A copy of said warrant shall be served upon the person from whom the blood is to be extracted and upon the person who extracted the sample of blood together with a receipt for the blood that was extracted.

AUTHORIZED this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_\_\_, @\_\_\_\_\_.

**TASER Information**

**Dept.** SPOKANE CITY POLICE DEPARTMENT  
**Serial** X12000NCR  
**Model** TASER X26P  
**Firmware Version** Rev. 04.020  
**Device Name** E SPECHT  
**Health** Good

**Report Generated by**

**Name** Wheeler, Sean  
**Badge ID** 881  
**Local Timezone** Pacific Standard Time (UTC -0800)  
**Generated On** 03 Mar 2016 13:55:12

**Device (X26P)**

**TASER Information**

**Dept.** SPOKANE CITY POLICE DEPARTMENT  
**Serial** X12000N6D  
**Model** TASER X26P  
**Firmware Version** Rev. 04.020  
**Device Name** R VANTASSEL  
**Health** Good

**Report Generated by**

**Name** Wheeler, Sean  
**Badge ID** 881  
**Local Timezone** Pacific Standard Time (UTC -0800)  
**Generated On** 03 Mar 2016 13:50:02

**Device (X26P)**
