### Incident Summary

---

Ofc. Belitz and his K9 partner "Zeus" were called to locate an Assault 1st degree suspect, Dalebout. He refused to comply with Officers and was barricaded in a house. When he exited the house he went directly to a vehicle that Officers believed contained a handgun. Ofc. Belitz used "Zeus" as an effective apprehension tool to capture Dalebout before he could enter the vehicle and access the firearm. The call for service initiated with Dalebout firing guns from inside his house at his neighbors' houses and then firing at Officers when they arrived onscene.

In compliance with policy per Major King 09/27/16.

<b>Sender's Instructions:</b> For your review				
<b>Recipient's Comments/Response:</b> The use and deployment of K9 "Zeus" is within SPD policy. The explanation of no BWC video was reasonable.				
9/6/2016	Lieutenant David Overhoff	Captain Keith Cummings	(none)	<input checked="" type="checkbox"/>
<b>Sender's Instructions:</b> Please review and add comments if necessary.				
<b>Recipient's Comments/Response:</b> Within policy				
9/9/2016	Captain Keith Cummings	Major Kevin King	(none)	<input type="checkbox"/>
<b>Sender's Instructions:</b> No video available, use of K9 was within policy				
<b>Recipient's Comments/Response:</b> Lt. Overhoff, Please remind Officer Belitz that per policy, he needs to document in his report why he did not have his body camera on. Also remind Sgt. Reynolds that he needs to document in his UOF Additional why he did not interview officers, witnesses, the suspect (reports matched officers statements, suspect not available or refused, etc). Once you have done this, please return to me.				
9/20/2016	Major Kevin King	Lieutenant David Overhoff	Captain Keith Cummings	<input checked="" type="checkbox"/>
<b>Sender's Instructions:</b> See comments				
<b>Recipient's Comments/Response:</b> Major, I sent out an email to all my K9 team regarding the BWC. This should not be an issue in the future and they will put the reason why they either forgot or were not wearing their BWC in the body of the report. I also took care of Sgt Reynolds as well and he will start documenting why he did or didn't contact suspects and witnesses.				
9/25/2016	Lieutenant David Overhoff	Major Kevin King	(none)	<input checked="" type="checkbox"/>
<b>Sender's Instructions:</b> See comments from follow up				
<b>Recipient's Comments/Response:</b> This use of force was within policy and state and federal laws.

**Any Relevant Clarifying Information and Observations:**

**Sergeant Findings:**

After reading the attached documentation and debriefing Ofc. Belitz I find that Ofc. Belitz's deployment of K-9 "Zeus" as an apprehension tool was reasonable, within State and Federal Law, within Department Policy and met Department expectations.

It was within Department Policy because at the time Ofc. Belitz deployed his K-9 he believed the suspect, Dalebout, had committed the crime of multiple counts of Assault 1<sup>st</sup> degree (felony). Ofc. Belitz had information that the suspect had been armed with a firearm and also had several other firearms in the house to include a handgun in the car he was attempting to get to when he was contacted. He also believed this was the safest and most efficient way to take Dalebout into custody for Dalebout, other Officers, and himself. Dalebout was assaultive by shooting at Police

and refusing to comply with Officers commands. Because of this Ofc. Belitz believed the use of his K-9 "Zeus" appeared necessary to overcome his resistance.

It should be noted that Ofc. Belitz did not have his body camera on. He was assisting SWAT with their operation and no one had a body camera for tactical reasons. I viewed all of the other Officer body camera videos that appeared to cover the time when the use of force occurred. None of the Officers were in a position to see the K9 contact.

It should also be noted that reports indicated that Cpl. Hager took photographs of the suspect's injuries and previous injuries. I was unable to locate the photo log.

Sgt. Reynolds #558

SSN  
Gender **M**  
Address **1127 W. Frederick Ave**  
City **Spokane** Zip Code **99205**  
State  
Phone # **509-218-4039**

### Medical Information

Visible Injuries present? **Yes** Subject refuse treatment?  
Treatment Required? **No** Exam/ Treatment Location **Deaconess ER**  
Examined by Doctor? **Yes** Examining Doctor  
Explanation of Treatment **Contact marks needed no medical treatment other than a sterile cleaning.**  
Time of Exam **7:30 PM**

### K-9 Specific Information

Verbal warning given prior to engagement? **No** Number of bites or engagements **2**  
Subjects actions leading to the Use of Force **Subject had fired upon responding officers. He made threats to shoot and kill officers or to force us to kill him. When he exited his residence, he did so with a large 4 foot sword in his possession. PC existed for 5 counts of 1st Degree Assault with a firearm**

Reason no Verbal warning given? **No verbal warning was given because it would have given away our deployment location. Due to the elevated danger of the situation, using the element of surprise to deploy K-9 Zeus was the safest way to apprehend the suspect.**

Off leash apprehension made? **Yes**

## Report Narrative

On 082616 at approximately 1633 hours, I received a K-9 page to assist SWAT units who were dealing with a barricaded subject at 1127 W. Frederick Ave. The suspect was identified as Daryl Dalebout. I arrived on scene and contacted Sgt. Austin. Sgt. Austin was the team leader in command and was still working on his ops plan when I arrived.

Sgt. Austin requested that I deploy my K-9 partner Zeus, and stage in the front of the location with the SWAT units who were set up at that location. I deployed K-9 Zeus from my patrol vehicle and took him to the front. The Bear Cat was the only mobile cover that we had available however, it was being used in the back of the location. Therefore, we took a position of cover behind 2 unmarked Tahoes.

Daryl was known to have several rifles inside of the location many of which had scoped optics on them. Our lack of cover created a very dangerous situation for us in front and therefore I had limited vision on the front of the residence due to where I was staged.

Daryl had stated several times that he was going to come outside of the front door with a gun and either shoot us or force us to shoot him. He even mentioned that he had plans to burn the house down. Hostage negotiators were on scene and speaking with Daryl on the phone. We also received information that Daryl had another gun in his vehicle which was parked directly in front of the residence.

Negotiators tried to get Daryl to surrender peacefully but he was very agitated. At one point, he came to the front door and appeared to be locking and barricading it. Negotiations went on for quite some time. Eventually, Daryl emerged from the front door carrying a very large sword under his arm. Daryl walked all the way out to the front sidewalk of the location and stopped in front of his vehicle there.

Daryl then took the sword out from underneath his arm and stabbed it into the grass along the sidewalk. The sword was approximately 4 feet in length with a large handle. It did not appear that Darrell had any type of firearm in his hands. With the information that Darrell may possibly have a firearm inside of the vehicle, we could not allow him to go mobile or have access to the inside of the vehicle.

The plan was to use a multi force option to distract Daryl with less lethal munitions, and then deploy K-9 Zeus to apprehend him and take him safely into custody. With the extremely high level of danger at this point, we had to act fast. The situation was tense, uncertain and rapidly evolving and could quickly deteriorate if not handled immediately. At this time, SWAT units deployed a blue nose foam less-lethal munition on Daryl.

Again, this was intended to distract Daryl so that I could deploy K-9 Zeus to safely apprehend him. Therefore, for the following reasons, I sent K-9 Zeus to apprehend Daryl at this time:

#### SEVERITY OF THE CRIME:

At this point, there was PC to arrest Daryl for at least 5 counts of 1st Degree Assault with a firearm. These crimes are a Class A Felony, which is the highest level of felony in the RCW and are classified as violent felonies.

#### THREATS TO OFFICERS OR PUBLIC IF NOT APPREHENDED:

Daryl posed an extreme risk to not only officers on scene, but to the community if not apprehended. It had already been confirmed that he had not only fired shots from his residence into his neighbors houses, but when initial responding patrol units arrived, he fired at them. With the time of day and location, the nearby streets were very busy with foot and vehicle traffic. We had attempted to close off as much of the area as we could however, we still had several people on foot in the nearby streets. We had information that Daryl had a firearm in his vehicle which he was now standing directly in front of. Daryl also was in possession of a 4 foot sword which was certainly a deadly weapon. If Daryl gained access to his vehicle with the possibility of the firearm inside, the situation could easily and quickly have become a lethal force situation. Daryl was very large in stature and had yet to be searched for other possible weapons. He stands 6'8" tall and weighs approximately 250 pounds. Daryl was confirmed to have been in possession of several firearms while he was inside of the location, one of which was a handgun and could have easily been concealed on his person. Daryl could have accessed any of these possible weapons during our attempts to take Daryl into custody. When Daryl got to his vehicle and stabbed the sword into the grass, he reached for the door handle of his vehicle and therefore seemed to have a plan to access the inside of the vehicle. Allowing Daryl to gain access to the inside of his vehicle could likely be giving him clear access to the weapon or weapons inside of it. Daryl had already shown complete disregard to the safety of the people around him and deploying K-9 Zeus to apprehend him was the safest and quickest way to accomplish this.

#### RESISTANCE OR ATTEMPTS TO FLEE:

Daryl had been on the phone with negotiators for several hours and refused to surrender. He stated that he was not going to jail and that we were going to have to kill him. He said his good byes and indicated that he would not be going to jail. He had been instructed several times to surrender out of the front door with nothing in his hands, yet he walked out with a very large deadly weapon in his possession (sword). When he reached his vehicle door handle, Daryl attempted to open the door to his car and I can only assume that this was to either gain access to more weapons to resist arrest or to flee in his vehicle.

I had now moved onto the south side of one of the Tahoes that we were using for cover with K-9 Zeus, which was approximately 15-20 yards from where Daryl was standing. After SWAT had fired the first of two foam blue nose less lethal munitions, I sent K-9 Zeus to apprehend Daryl. K-9 Zeus had good target lock on Daryl but when he was about 7-10 yards from Daryl, SWAT fired the second foam blue nose less lethal munition. When this second munition was fired, K-9 Zeus became distracted and turned towards the SWAT members who had fired the munitions and began to run towards them.

I had to move forward towards K-9 Zeus and recall him and get him redirected towards Daryl. K-9 Zeus recalled well and I was able to quickly get him focused once again on Daryl. K-9 Zeus then quickly closed the remaining distance between he and Daryl and contacted Daryl on his left thigh.

I quickly moved up towards K-9 Zeus and Daryl, as did the contact team. At this point, Daryl was attempting to grab K-9 Zeus by the face. I yelled at Daryl to stop fighting my dog and as soon as I could reach it, I grabbed the sword that was in the grass and threw it away from Daryl towards the fence. Just then, I could see Daryl grab K-9 Zeus by the mouth area again and this time, K-9 Zeus yelped. As stated, Daryl is a large man standing 6'8" and weighing approximately 250 pounds and was very capable of hurting K-9 Zeus.

As I was taking positive control of K-9 Zeus, Daryl had both of his hands on K-9 Zeus's snout and appeared to be trying to hurt K-9 Zeus. Just then, K-9 Zeus let go of Daryl's thigh and contacted him on his right hand. At this time, the SWAT contact team was taking control of Daryl and as soon as I took control of K-9 Zeus's collar, he outed from the contact.

I maintained positive control of K-9 Zeus while Daryl was being taken in to custody and pulled him back a few feet. Daryl was still resisting, so I gave him an order to stop resisting or my dog would bite him again. Daryl was taken into custody at this time. I then took K-9 Zeus back to my patrol vehicle while Daryl was checked for his injuries.

Due to the tactical concerns of giving away my location with K-9 Zeus, I did not give a K-9 announcement prior to deploying K-9 Zeus. Doing this could have vastly compromised not only my safety, but the safety of the SWAT members as well. The safest way for everyone involved for me to deploy K-9 Zeus, was to send him while he was focused on the less lethal applications from SWAT and not give away my deployment location.

Deploying K-9 Zeus in the manner that I did, would allow me to use the element of surprise as a tactical tool. Making an announcement would have taken this advantage away from me and the rest of the units on scene. K-9 Zeus was on the contact with Daryl for approximately 10 seconds or less while on his thigh and less than 1 second on Daryl's hand.

Per department policy, Daryl was transported to Deaconess ER to have his injuries checked by a medical professional. I responded to the hospital and looked at Daryl's injuries. As stated, K-9 Zeus contacted Daryl on his left thigh and right hand. I checked him for injuries and observed that he had contact marks on both the inside and outside of his left thigh.

On the outside of his thigh, there were what appeared to be 4 puncture marks and a slight rake mark. On the inside of his thigh, there appeared to be 2 puncture marks and several smaller, much shallower puncture marks in the shape of a half circle from K-9 Zeus's top front teeth. When I checked Daryl's hand where he was contacted, he did not have any marks or injuries.

These were the only injuries from the K-9 contact. Daryl did however, have some minor scrapes on his knees, left bicep and right shoulder which appeared to be consistent with prone cuffing. Daryl also had some dried blood around his lips which when cleaned by medical staff, did not reveal any injury around or near his mouth. The doctor checked Daryl and indicated that his K-9 contact marks did not require any medical attention other than being cleaned.

I requested a Corporal to photograph all of Daryl's injuries per department policy. Corporal Hagar responded to took photos of these marks for me. I notified Sgt. Reynolds of the apprehension and contact as well. I cleared the hospital at this time and checked back into service.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

PRIMARY CHARGE			UCR/NIBRS CODE	
<b>NARRATIVE</b>				

On 082616 at approximately 1633 hours, I received a K-9 page to assist SWAT units who were dealing with a barricaded subject at 1127 W. Frederick Ave. The suspect was identified as Daryl Dalebout. I arrived on scene and contacted Sgt. Austin. Sgt. Austin was the team leader in command and was still working on his ops plan when I arrived.

Sgt. Austin requested that I deploy my K-9 partner Zeus, and stage in the front of the location with the SWAT units who were set up at that location. I deployed K-9 Zeus from my patrol vehicle and took him to the front. The Bear Cat was the only mobile cover that we had available however, it was being used in the back of the location. Therefore, we took a position of cover behind 2 unmarked Tahoes.

Daryl was known to have several rifles inside of the location many of which had scoped optics on them. Our lack of cover created a very dangerous situation for us in front and therefore I had limited vision on the front of the residence due to where I was staged.

Daryl had stated several times that he was going to come outside of the front door with a gun and either shoot us or force us to shoot him. He even mentioned that he had plans to burn the house down. Hostage negotiators were on scene and speaking with Daryl on the phone. We also received information that Daryl had another gun in his vehicle which was parked directly in front of the residence.

Negotiators tried to get Daryl to surrender peacefully but he was very agitated. At one point, he came to the front door and appeared to be locking and barricading it. Negotiations went on for quite some time. Eventually, Daryl emerged from the front door carrying a very large sword under his arm. Daryl walked all the way out to the front sidewalk of the location and stopped in front of his vehicle there.

Daryl then took the sword out from underneath his arm and stabbed it into the grass along the sidewalk. The sword was approximately 4 feet in length with a large handle. It did not appear that Darrell had any type of firearm in his hands. With the information that Darrell may possibly have a firearm inside of the vehicle, we could not allow him to go mobile or have access to the inside of the vehicle.

The plan was to use a multi force option to distract Daryl with less lethal munitions, and then deploy K-9 Zeus to apprehend him and take him safely into custody. With the extremely high level of danger at this point, we had to act fast. The situation was tense, uncertain and rapidly evolving and could quickly deteriorate if not handled immediately. At this time, SWAT units deployed a blue nose foam less-lethal munition on Daryl.

Again, this was intended to distract Daryl so that I could deploy K-9 Zeus to safely apprehend him. Therefore, for the following reasons, I sent K-9 Zeus to apprehend Daryl at this time:

### SEVERITY OF THE CRIME:

At this point, there was PC to arrest Daryl for at least 5 counts of 1st Degree Assault with a firearm. These crimes are a Class A Felony, which is the highest level of felony in the RCW and are classified as violent felonies.

### THREATS TO OFFICERS OR PUBLIC IF NOT APPREHENDED:

Daryl posed an extreme risk to not only officers on scene, but to the community if not apprehended. It had already been confirmed that he had not only fired shots from his residence into his neighbors houses, but when initial responding patrol units arrived, he fired at them. With the time of day and location, the nearby streets were very busy with foot and vehicle traffic. We had attempted to close off as much of the area as we could however, we still had several people on foot in the nearby streets. We had information that Daryl had a firearm in his vehicle which he was now standing directly in front of. Daryl also was in possession of a 4 foot sword which was certainly a deadly weapon. If Daryl gained access to his vehicle with the possibility of the firearm inside, the situation could easily and quickly have become a lethal force situation. Daryl was very large in stature and had yet to be searched for other possible weapons. He stands 6'8" tall and weighs approximately 250 pounds. Daryl was confirmed to have been in possession of several firearms while he was inside of the location, one of which was a handgun and could have easily been concealed on his person. Daryl could have accessed any of these possible weapons during our attempts to take Daryl into custody. When Daryl got to his vehicle and stabbed the sword into the grass, he reached for the door handle of his vehicle and therefore seemed to have a plan to access the inside of the vehicle. Allowing Daryl to gain access to the inside of his vehicle could likely be giving him clear access to the weapon or weapons inside of it. Daryl had already shown complete disregard to the safety of the people around him and deploying K-9 Zeus to apprehend him was the safest and quickest way to accomplish this.

INCIDENT NUMBER  
16-318678

### RESISTANCE OR ATTEMPTS TO FLEE:

Daryl had been on the phone with negotiators for several hours and refused to surrender. He stated that he was not going to jail and that we were going to have to kill him. He said his good byes and indicated that he would not be going to jail. He had been instructed several times to surrender out of the front door with nothing in his hands, yet he walked out with a very large deadly weapon in his possession (sword). When he reached his vehicle door handle, Daryl attempted to open the door to his car and I can only assume that this was to either gain access to more weapons to resist arrest or to flee in his vehicle.

I had now moved onto the south side of one of the Tahoes that we were using for cover with K-9 Zeus, which was approximately 15-20 yards from where Daryl was standing. After SWAT had fired the first of two foam blue nose less lethal munitions, I sent K-9 Zeus to apprehend Daryl. K-9 Zeus had good target lock on Daryl but when he was about 7-10 yards from Daryl, SWAT fired the second foam blue nose less lethal munition. When this second munition was fired, K-9 Zeus became distracted and turned towards the SWAT members who had fired the munitions and began to run towards them.

I had to move forward towards K-9 Zeus and recall him and get him redirected towards Daryl. K-9 Zeus recalled well and I was able to quickly get him focused once again on Daryl. K-9 Zeus then quickly closed the remaining distance between he and Daryl and contacted Daryl on his left thigh.

I quickly moved up towards K-9 Zeus and Daryl, as did the contact team. At this point, Daryl was attempting to grab K-9 Zeus by the face. I yelled at Daryl to stop fighting my dog and as soon as I could reach it, I grabbed the sword that was in the grass and threw it away from Daryl towards the fence. Just then, I could see Daryl grab K-9 Zeus by the mouth area again and this time, K-9 Zeus yelped. As stated, Daryl is a large man standing 6'8" and weighing approximately 250 pounds and was very capable of hurting K-9 Zeus.

As I was taking positive control of K-9 Zeus, Daryl had both of his hands on K-9 Zeus's snout and appeared to be trying to hurt K-9 Zeus. Just then, K-9 Zeus let go of Daryl's thigh and contacted him on his right hand. At this time, the SWAT contact team was taking control of Daryl and as soon as I took control of K-9 Zeus's collar, he outed from the contact.

I maintained positive control of K-9 Zeus while Daryl was being taken in to custody and pulled him back a few feet. Daryl was still resisting, so I gave him an order to stop resisting or my dog would bite him again. Daryl was taken into custody at this time. I then took K-9 Zeus back to my patrol vehicle while Daryl was checked for his injuries.

Due to the tactical concerns of giving away my location with K-9 Zeus, I did not give a K-9

announcement prior to deploying K-9 Zeus. Doing this could have vastly compromised not only my safety, but the safety of the SWAT members as well. The safest way for everyone involved for me to deploy K-9 Zeus, was to send him while he was focused on the less lethal applications from SWAT and not give away my deployment location.

Deploying K-9 Zeus in the manner that I did, would allow me to use the element of surprise as a tactical tool. Making an announcement would have taken this advantage away from me and the rest of the units on scene. K-9 Zeus was on the contact with Daryl for approximately 10 seconds or less while on his thigh and less then 1 second on Daryl's hand.

Per department policy, Daryl was transported to Deaconess ER to have his injuries checked by a medical professional. I responded to the hospital and looked at Daryl's injuries. As stated, K-9 Zeus contacted Daryl on his left thigh and right hand. I checked him for injuries and observed that he had contact marks on both the inside and outside of his left thigh.

On the outside of his thigh, there were what appeared to be 4 puncture marks and a slight rake mark. On the inside of his thigh, there appeared to be 2 puncture marks and several smaller, much shallower puncture marks in the shape of a half circle from K-9 Zeus's top front teeth. When I checked Daryl's hand where he was contacted, he did not have any marks or injuries.

These were the only injuries from the K-9 contact. Daryl did however, have some minor scrapes on his knees, left bicep and right shoulder which appeared to be consistent with prone cuffing. Daryl also had some dried blood around his lips which when cleaned by medical staff, did not reveal any injury around or near his mouth. The doctor checked Daryl and indicated that his K-9 contact marks did not require any medical attention other than being cleaned.

I requested a Corporal to photograph all of Daryl's injuries per department policy. Corporal Hagar responded to took photos of these marks for me. I notified Sgt. Reynolds of the apprehension and contact as well. I cleared the hospital at this time and checked back into service.

On 08/26/2016 at 1548 hrs, I responded to the area of Monroe and Fairview to assist officers with a shots fired call at 1127 W Frederick. Officers were staging at that location.

Upon my arrival, Officers were starting to set a perimeter around the house at 1127 W Frederick. I was on my police motorcycle and started to an area west of the location as a perimeter officer. I went north on Monroe to Euclid and started driving W/B on Euclid.

As I approached Jefferson, the suspects house was one block to the south of my location. I was approx 50 feet east of the intersection of Jefferson and Euclid, when I thought I heard what sounded like several shots. The shots were not very loud and I had my motorcycle helmet on with radio traffic in the background. It was difficult to hear.

I continued W/B just past the intersection of Jefferson and Euclid and stopped my motorcycle. Officers were starting to surround the suspects house a block to the south of my location. I would estimate the house was 200 feet from my location. I could see that the house was located on the Southeast corner of Jefferson and Frederick.

I shut off my motorcycle so I could hear if there were anymore shots being fired. At approx 1554 hrs I saw several subjects exit the house that was one east of the suspects residence. That address was 1123 W Frederick. I saw them get into a vehicle and leave east bound.

At approx 1557 hrs, I heard what sounded like 6-8 gun shots. I could not tell exactly where they were coming from, because they were not very loud. I saw Ofc Voeller coming E/B on Euclid with a long rifle. I then hear Ofc Honaker advise that there were shots being fired from inside the residence. I took up a position N/W on Jefferson and Euclid with Ofc Voeller. Ofc Honaker advised that bullets had struck the house across the street to the west of the suspects location. Ofc Schwering, Kirby, and Yen arrived at my location to assist.

At approx 1617 hrs, a male exited the residence out the front door. Officers started giving verbal commands to have the subject walk towards our location. The male was identified as **2d**. **2d** said his father James Bodam was in the house along with a male named "Daryl". "Daryl" was identified as Daryl Daiebout. **2d** said that Daryl had fired several rounds from a .22 caliber rifle

and was "suicidal". [2d] said that his father James had secured and hid the weapons. [2d] did provide a phone number for his father's cell phone. I gave the command post that information.

[2b] said that the only people in the residence were his father James and Daryl. [2b] said that he thought there was a .357 handgun and another gun in the house, but he was sure his father had secured and hid them.

[2b] was transported to the command post by Officers Yen and Schwering. I did collect [2b] personnel things which included a cell phone, lighter, plastic baggie of marijuana and a prescription bottle with marijuana inside. Those items were dropped off to the command post later where Ofc Fiskvik had custody of [2b].

I remained at my perimeter position until Daryl came out of the house and was taken into custody by SWAT.

On 08-26-16, at 1542 hrs., I was dispatched to assist officers on a report of shots fired at 1127 W. Frederick. I arrived and contacted Ofc. Voeller at a staging point, Monroe and Fairview.

Ofc. Voeller asked me to take a position north of the residence in an attempt to "lock it down". I deployed my patrol rifle and got behind a house, which was directly across the street from the suspect residence. Moments later, I heard shots fired. Officers advised that they came from inside the house. They also reported that bullets had come outside the house and struck the neighbor's house to the west. I made my way to the west side of the house I was at, and took a prone position with my rifle. I covered the front of the suspect residence.

I remained at that position and watched a younger male come out of the front door of the house. He was contacted by officers behind me. SWAT officers arrived at my location and took positions near me. A second male came out and was contacted by officers to the east. Finally, the suspect male came out and was contacted by SWAT officers. I cleared once the male was detained.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

<b>NARRATIVE</b>					

On 082616, about 1546 hrs, I responded to Fairview and Monroe reference Officer Voeller requesting additional units on a shots fired call.

En route i observed the initial call came in at 1507 hrs and the suspect house was 1127 W Frederick. The caller had told dispatchers the neighbor had 'told him to get back into his house' and then he had heard a gun shot.

I also saw where the neighbor at 1203 W Frederick had called in about his east side window being shot at.

I arrived and met with Officers Uberuaga, Fiskvik and Voeller. We made the decision to go to the west of the suspect house and send a couple of units to the north and several of us would take a position to the west.

Voeller and Brownlee took the north positions. The three of us held up at the ne corner of Adams and Frederick until we could see a white full size Chevrolet pickup in front of 1221 W Frederick. We made the decision to go to this location and headed there. This was about 30 feet from Adams.

The truck we were in front of was facing wb and as Officer Uberuaga peered around the left front bumper of the truck I heard 4 rapid shots being fired off. The shots sounded a bit muffled but I could hear them as they whizzed past us and possibly bounced off the street or sidewalk.

INCIDENT NUMBER  
**16-318678**

I immediately believed the shots were intentionally fired at us.

Later we watched Officer Uberuaga's body camera video and you can hear the shots whizzing past the three of us. Officer Uberuaga made the comment 'He's shooting at us' and I advised over the air we needed a patrol car to come in from the west and provide cover so the three of us could back out to safety.

Officer K. Gately came in and provided the cover.

As the call progressed there were multiple updates from Hostage Negotiations that the male 'would shoot cops'. He continued to make multiple threats to come outside with a gun and if cops came through his door he would shoot us.

A juvenile male, **2d** and an adult male, James, did make their way out of the house to police.

When the male suspect, Darryl, did come out I saw he was holding a long silver colored sword in his hand. He walked north down the front sidewalk of his house and through the 3 foot cyclone gate.

We were being told that he had a gun in his white car which was parked directly in front of 1127 W Frederick. I watched as he continued to walk towards his car and got within a few feet of the car.

A tree blocked my view once he got to the sidewalk but I could tell he was doing something with the sword when SWAT contacted him. See Officers additional.

After the scene was secure I went to the house and observed 4-5 holes that looked as if the rounds came from inside the house and shot through the wood siding. These were located on the west side of the house near the northwest window. Cpl Hager pointed out several rounds fired through the northside front window.

I checked the house at 1123 W Frederick and 1128 W Frederick and did not see any physical evidence of damage from his other shots.

Officers checked the area around the truck and houses to the northwest and did not see physical evidence of damage. It is unknown what the bullets went into.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE

<b>NARRATIVE</b>				

On 082616 at 1547 hours I responded to Fairview and Monroe in Spokane regarding a shooting call at 1127 W. Frederick in Spokane. I was directed with other officers to contact Ofc. Voeller and Lt. Walker at the location for instructions.

The original call stated that a male neighbor from across the street told the complainant to get inside and then he heard a gun shot. The male told the complainant to go ahead and call 911, he didn't care. The complainant heard four to five gun shots.

On arrival Voeller confirmed the above information and included that Ofc. Fiskvik heard four or five gun shots fired after she arrived at the rally point. Voeller said there were no police eyes on the target location.

I decided to deploy with my department issued rifle and an extra magazine. I saw Ofc. Applewhaite had arrived and I had him come with me. I advised Voeller we would approach from the south on Jefferson and try and gather intelligence.

Applewhaite and I took up positions to the south at 1128 W. Fairview. Applewhaite was initially in the yard and I was next to an old heavy duty pickup parked on Jefferson.

Initially the target location on the SE corner of Frederick and Jefferson was quiet.

At 1557 hours there were gun shots fired from inside the house. I thought there were approximately four to five rounds fired. The shots sounded like small caliber like a .22 but I obviously could not determine if it came from a rifle or handgun. This caliber can be very dangerous especially in a dense residential neighborhood like we were in.

Immediately afterwards I heard a male voice yell at me from the residence on the SW corner of the intersection. The male said, "A shot went through my dinning room window, what should I do". I yelled at the male to get in his basement. The address of this residence was later confirmed as 1203 W. Frederick.

Ofc. Ponto advised during the volley of rounds that were fired rounds had come in their direction.

☐

INCIDENT NUMBER  
**16-318678**

Since the threat to the community was real and verified, supervisors began issuing resources to lock down the scene for public safety. Earlier I had noticed a woman in a SUV at the intersection of Jefferson and Fairview staring intently at Applewhaite and myself. I saw her pull up in front of the target address on Frederick and sit there for what seemed like 30 seconds or more. I did not know how to get her attention without drawing the shooter's attention to her and making her a target of opportunity.

She then drove to me as I was crouched against the large truck for cover from gun fire. She began asking me questions while parked in clear sight of the residence. I tried to tell her that shots had just been fired from the house directly behind her and she was in danger. I was stunned how rude I actually had to be to get the woman to consider her own mortality and personal safety.

Incredulous over the contact I looked down at my camera hoping that it was all recorded. It was at this time I realized I had failed to activate my body worn camera. I turned the camera on for the remainder of my time on the call until relieved by SWAT.

At 1612 hours the back door of the residence opened. I saw a middle aged W/M, short brown hair possibly balding, wearing white sunglasses on his head, and a green shirt and gray shorts take one step outside. The male did not look at us. The male appeared to set something down at the back door and immediately shut the door. I saw Daryl Dalebout's SPURS photograph at the conclusion of the call. The person I saw did not seem to be between 6'06"-08" tall.

I returned to the CP and gave them the information I had. A major tactical consideration of the house was the addition of a back covered porch. The door for the porch was a solid door with a vertical narrow opening for a window. However, the window had been removed. This being removed created the opportunity for the shooter to deploy in darkness and fire rounds effectively through a gun port which we would not detect until rounds were striking around us.

Later I returned to the scene and saw a single double hung window on the four (west) side of the residence at the 1/4 corner. I could not see this window previously from my position. I saw numerous gun shots out of the siding of the house all around the window. Ofc. Uberuaga confirmed he and Ponto were walking in from the west on Frederick when the shooter fired the rounds.

It appeared the shooter may have been able to see the officers approach as there was little concealment or cover down the street to the west of the target location.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

NARRATIVE					

On 082616 at about 1507 hours, a report of a male possibly shooting off rounds inside the house at 1127 W. Frederick. A neighbor had called into 911 stating that the male at that address had told him to go into his house, shortly there after he heard a shot from inside the house.

I responded to the location shortly after the call had come out. I contacted Officer Voeller at Monroe Fairview. Upon arrival, Voeller asked myself and several other officers to come with him to the north west of the location. I got to Adams north of Fredrick almost to Euclid. Officer Voeller asked myself and Officers Fiskvik and Ponto to try to get a view of the house from the west side. The target address was on the south east corner of Frederick and Jefferson and it a tan house.

We stayed where we were for a couple of minutes to try to figure out where the safest location for us to go was. We determined that we were going to go to the front of a white Chevy truck that was parked in front of about 1221 W. Frederick. I had my long rifle deployed as all three of us ran to the front of that truck. Once we got there, we all hunkered down in front of the truck. Just a few seconds later, I peeked around the south side of the truck to see if I could get a look at the house. At this point we were only at the truck for about 15-20 seconds. As I went to look down the street towards the house, I heard 4-5 muffled shots coming from the direction of the suspects house. Almost immediately after the shots, I heard several whizzing sounds pass over my location. It was difficult to pin point where the bullets went exactly, but I did hear some whizzing by and then striking objects, weather that be the ground or houses in the area.

My immediate reaction to both Officer Fiskvik and Ponto was that we were being shot at and the bullets went directly over our heads. I also believed that the suspect was shooting at us due to the fact that we had not been at our position for any more than 20 seconds before the shots were fired. I also believed that from his point of view he probably saw us run across the street to the front of the truck. I also never saw the male and therefore did not know where he was shooting from.

We immediately advised radio of the situation and called for a unit to come to our location and provide us cover to safely exit. Officer K. Gately arrived on scene and assisted us with getting out of the immediate line of fire. We went west and then south on Adams where I stayed for the duration of the incident. Once the suspect was in custody and the house had been cleared, Officer Ponto and I looked around for bullet holes. I looked around the in the houses and cars in the area

for holes but never found anything. Next, I reviewed my body camera footage and saw that from the time that us three got to the front of the truck to the time you could clearly hear the bullets whizzing by, it was only about 17 seconds. You could also clearly hear several shots and then bullets whizzing past us.

I made my way down towards the house with other officers to look at the scene. I then looked at the house and saw several bullet holes that appeared to have been shot from the inside of the house out. The holes were on the west side of the house, right next to a west facing window. The window looked directly in the direction that myself and Officers Fiskvik and Ponto were when the shots were fired.

Finally, I showed Sgt. Crane the body camera footage and he asked if I would go to the CP and talk to the detectives about it. I responded there and advised Detective M. Hill, of this. I then cleared and responded to write my report.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

<b>NARRATIVE</b>					

On 082616 at approx. 1609 hours I was at the Spokane Regional training center for SWAT training. Sgt. Austin advised us there were shots fired at 1127 W. Frederick and officers were requesting SWAT response. Myself and Officer Pavlischak responded to the scene in his marked patrol car. I was wearing our SWAT issued uniform and wearing a plate carrier with "Police" marking on the front and back. While en route Police Radio was updating responding units that a male from inside the residence had shot numerous rounds inside the home and possibly at responding officers.

Myself and numerous other officers took a position of cover behind the engine block of a Chevy Suburban parked on Frederick off the N/E corner of the residence (1127 W. Frederick). While on scene, we continued to get updates on the status of people inside the home and the crimes committed by the individual shooting from inside the home. Police Radio advised units at one point the suspect shot the home of 1203 W. Frederick and the home was occupied at the time. We were also told there was another male inside the home with the suspect and both were highly intoxicated. Information continued to come in as negotiators spoke with the two males inside the home. The information we received was there were numerous firearms in the home and the suspect, now identified as Daryl Dalebout, had a .357 handgun with ammo.

Eventually negotiators were able to make contact with the other male inside the home, James. James was on the phone with negotiators when Daryl advised he was coming out front with his gun. James then emerged from the front door. We made verbal contact with James and had him walk over to us. James complied and was given to patrol officers so they could debrief him for more information. A short time after officers were able to speak with James, he advised there were numerous guns in the home and some long guns with scopes. The negotiators were again in contact with Daryl and he advised them he also had a gun in the white vehicle parked in front of the residence. Daryl was making "suicide by cop" statements to the negotiators.

Sgt. Austin made a tactical plan that if Daryl came outside holding a gun we would immediately use a 40 millimeter exact impact weapon and he would not be allowed the opportunity to get in the parked white vehicle. I was given the 40 millimeter exact impact weapon and briefed on our use of force option. Daryl continued to make threats over the phone to negotiators that he was going to come out front and start shooting in the air.

INCIDENT NUMBER  
**16-318678**

At approx. 1746 hours I saw the front door start to open. I saw a male, matching the description of a picture I saw of Daryl Dalebout, holding a very large sword and he was walking down the front path towards the vehicle parked in front of the house. This was the vehicle Daryl had advised negotiators that he had another gun in. Officer were yelling at Daryl to put down the sword as he was walking to the fence separating the front yard from the sidewalk. Daryl ignored the commands and opened the front gate. As Daryl opened the front gate and continued to ignore commands to put the sword down, I started to raise the barrel of the 40 millimeter exact impact weapon. Daryl took another couple steps toward the vehicle we had knowledge there was a firearm inside. Officer's continued to give Daryl commands to put the sword down. Daryl then stabbed the sword into the grass near the sidewalk. Daryl stood up and yelled, "Shoot me". As Daryl started to reach for the door handle of the vehicle, I fired the first round from the 40 millimeter exact impact weapon. I fired for the following reasons:

The crime(s) being investigated on Daryl Dalebout were several accounts of 1st Assault with a firearm. Clearly a violent offense with the capability of causing great bodily harm and or death.

Daryl posed an extreme threat to the public and officer's on scene. He had already demonstrated his propensity for violence with the numerous shots fired outside, shots fired into an occupied home (1203 W. Frederick), and shots fired at responding officers to the west. Daryl was described to be highly intoxicated, which can cause a person to think irrationally and have poor decision making. Daryl was inside his own home where we knew he had numerous other firearms including long range rifles with scopes (magnification). He was making suicidal threats wanting to engage officers so they would shoot him.

Daryl had a position of advantage of concealment inside his home. We could hear what sounded like Daryl was going to barricade himself inside the home further giving himself the advantage of cover and concealment. Daryl had a vehicle parked out front that he advised there was another firearm inside it and he would then have the ability to go mobile.

I utilized the red dot sight system on the 40 millimeter exact impact weapon to place my first shot on Daryl. I aimed center mass knowing the distance (later paced at 24 paces, approximately 24 yards) would cause the impact round to loose some velocity targeting the lower abdominal area. I was not able to see where the round made impact but it appeared to have the desired effect when Daryl spun to his right landing up against the front quarter panel of the vehicle. Daryl then stood back up attempting to walk back toward the front driver door. For this reason and the below listed threat factors I fired a second round:

The crime(s) being investigated on Daryl Dalebout were several accounts of 1st Assault with a firearm. Clearly a violent offense with the capability of causing great bodily harm and or death.

Daryl posed an extreme threat to the public and officer's on scene. He had already demonstrated his

propensity for violence with the numerous shots fired outside, shots fired into an occupied home (1203 W. Frederick), and shots fired at responding officers to the west. Daryl was described to be highly intoxicated, which can cause a person to think irrationally and have poor decision making. Daryl was inside his own home where we knew he had numerous other firearms including long range rifles with scopes (magnification). He was making suicidal threats wanting to engage officers so they would shoot him.

Daryl had a position of advantage of concealment inside his home. We could hear what sounded like Daryl was going to barricade himself inside the home further giving himself the advantage of cover and concealment. Daryl had a vehicle parked out front that he advised there was another firearm inside it and he would then have the ability to go mobile.

I fired a second round from the 40 millimeter exact impact weapon. I again was aiming toward the lower abdominal area because due to the angle, I could not see any lower leg target areas. The second round struck the driver side corner of the rear window causing it to break. Seconds later K-9 Officer Belitz and his K-9 made contact with Daryl near the front quarter panel of the vehicle (see Officer Belitz report for more information). Daryl was taken into custody as myself and Officer Brasch covered the front door.

We then cleared the house for any injured individuals. I had a Corporal take photo's of the vehicle and two expended exact impact rounds. Photo's were also taken from the area where I took my shots. Officer Belitz went to the hospital and advised me Daryl did not have any visible marks from the exact impact rounds.

See other officer reports for further information.

On 08/26/16 at approximately 1507 hours I responded to the report of a shooting call at 1127 W Frederick. I arrived on scene at approximately 1537 hours. Officer Voeller and Officer Fiskvik were already on scene. I made contact with them and was advised that an individual inside the listed location had been firing a gun.

I requested more officers respond to assist us. Officer Fiskvik stated she also heard gun fire while we were waiting for additional officers. I was contacted by Lt Wohl and I requested the SWAT team respond to assist with negotiators. I notified the DSO Captain Richards and sent out a command email. Streets were also blocked.

We set our CP at Fairview and Monroe and had medics on standby as well. I had assistance from other supervisors and negotiators began speaking with the male suspect who had been firing the gun. Officers also advised the suspect had fired the gun and struck a nearby residence and it was determined there was pc for 1st assault.

Negotiations continued and we were able to get another male out of the residence and eventually the suspect exited the residence and was taken into custody. The suspect was transported to Deaconess Hospital for treatment and placed under guard until he was clear to be released and booked into jail.

See other officers reports for additional information.

On 08-26-16 at about 2114 hours, I received a call from Sgt. Dashiell of the Spokane Bomb Squad, which I am also a member of. He asked if I was working and if I could respond to the Police Property Room to examine some items that were collected as evidence from an earlier assault call, which were possibly explosive in nature.

I arrived on scene and examined the items which were a pen flare, an electrically initiated blast simulator, and a trip flare.

Because the property facility won't accept these items due to their incendiary nature, I transported them to the EDU Bunker to store them for safekeeping.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT ALL STATEMENTS MADE HEREIN ARE TRUE AND ACCURATE AND THAT I AM ENTERING MY AUTHORIZED USER ID AND PASSWORD TO AUTHENTICATE IT.

This corporal went to the cp at Fiarview and Madison reference to a subject who was randomly firing a weapon from inside his home. This address was 1127 W Frederick.

Once the stand off was over, requests for photos at the house were made.

I took overall photos of the outside of the residence and where the subject was taken into custody. I also took photos of the damaged vehicle parked out in front of the residence. I went next door to 1203 W Frederick since they had a bullet hole in the dinning room window. I took photos of their damage.

Detective C Turman arrived with a signed search warrant for 1127 W Frederick. I read the warrant before we made entry. My main function was to photograph the inside of the home and certain things they feel would be evidence worthy. I photographed several bullet holes inside the main room and the back bedroom.

An armed robbery came out and was broadcasted over the air. Units were requesting a corporal. I was relieved of my duties. I gave Sgt. Storment the memory card from my camera. We would finish taking photos for me.

Later when I became available, I went to Deaconess Hospital to photo the defendants injuries.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

**16-318678**

### NARRATIVE

On 08/26/2016 I was on patrol. At approximately 15:58 hours I was dispatched to 1127 W. Fredrick for a call about shooting. Dispatch advised that an anonymous caller was calling to say that his neighbor told him to go inside and then he heard a shot. Dispatch advised that the complainant heard his neighbor say go ahead and call 911 I don't care. He then heard 4-5 more shots.

At approximately 16:10 hours, I arrived on scene at the Intersection of Fairview and Madison. I proceeded to block Fairview Westbound, and Madison Northbound. I held this perimeter and told any individuals who were outside to enter and stay in their homes.

Shortly after this the Streets department arrived on scene and set up a barricade next to my car. I helped them set up the barricade and stayed on scene blocking people and traffic from coming through the barrier. At approximately 17:48 hours I got word that the individual who was barricading himself was detained. I then secured the perimeter and removed the barricades at Fairview and Madison.

I proceeded to the Southwest Corner of the house at 1127 W. Fredrick and set up a perimeter, and kept people from entering or exiting the premises at 1127 W. Fredrick. I did this while detectives filed for a search warrant of the house.

At approximately 18:48 Detective Turman arrived with a search warrant for 1127 W. Fredrick Ave. I observed that the warrant was to search the premises of 1127 W. Fredrick Ave and it authorized us to enter and search the home for firearms and related items. The warrant was signed by judge Plese on 08/26/2016.

I assisted in searching the home on 1127 W. Fredrick Ave along with Detective Turman and Officer Fairbanks. Outside of the home, I recovered a Wallet with numerous credit cards, and a folding knife along with a cell phone.

Upon entering the home, I assisted Detective Turman and Officer Fairbanks search the home. We recovered two firearms. A Ruger Model 10/22 and a Winchester Model 1902 .22 Short rifle. We also recovered numerous spent casings and live .22lr rounds. We recovered four ammunition cans that contained various ammunition.

We took all the evidence recovered by the Detectives to property in order to process it. On the way to the property unit, we were contacted by Officer Voeller who had a bullet fragment that he recovered from 1203 E. Fredrick Ave at approximately 19:30 hours. I took the bullet fragment in order to place it on property. I was contacted by Officer Fiskvik who had recovered marijuana and scales at Monroe and Frederick. I took the drugs to place on property for destruction.

I got to property and started to catalog the evidence, in order to place it on property. While organizing the property, Officer Fairbanks discovered what appeared to be an explosive device of two explosive cartridges tied to a metal rod. There were also several items packaged in paper and wrapped with electrical tape that appeared to be explosives.

Officer Fairbanks and I contacted the EDU team who advised us that we should stay clear of the item until they responded. Once they arrived at the location, they examined the items and x-ray them. They determined that the items were a pocket flare, blast simulator and two military trip flares. The model of the military flares were M118 and M119

flares. The EDU team took possession of the explosive items for safe storage.

At this point I processed the evidence that I transported to property. I placed the following items on property:

- One Wallet
- One Straw Hat
- One folding knife
- One Cell phone
- Numerous magazines loaded with .22lr ammo
- Several Envelopes containing spent .22lr casings
- Empty Container of .22lr ammo
- A bullet fragment
- Four Separate Ammunition cans full of ammo and various other gun supplies
- One Sword
- One Ruger 10/22 Model .22Lr Semi-Automatic Rifle (Serial # 234-64572)
- One Winchester Arms Model 1902 .22Short Rifle

I completed the property paperwork and submitted everything to the major crimes unit locker at the property facility.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

### NARRATIVE

On 08-26-16 at approximately 1558 hours, Ofc. Yunin and I were dispatched to 1127 W Frederick for a shooting call. Dispatch advised that John Coger called 911 and stated that his neighbor across the street told him to go inside and then he heard a gunshot. For an extended period of time multiple people reported shots were fired from that location.

Multiple officers were already on scene and had containment on the house and we were directed to block traffic at Fairview and Madison. We set up a perimeter and did not allow traffic enter W/B on Fairview or N/B on Madison. Ofc. Yunin stayed at that location and blocked traffic when barricades arrived on scene.

At approx. 1648 hours, I contacted James Bodam, who exited 1127 W Frederick. James told

me the following:

James received a phone call from Daryl at approx. 1552 hours and he could not understand what Daryl was saying. He could tell that Daryl was depressed and scared. He and his son, **2d** **2d**, responded to Daryl's house to see what was going on. When they arrived, Daryl was holding a rifle in his hands. He had tears in his eyes and said that he has had it. At one point James saw Daryl put the barrel of the gun into his mouth. He was not sure if the gun was loaded at that time or not.

James left Daryl in the living room and went into the kitchen area. He then heard multiple "crack, crack, crack" sounds, which he identified as multiple gunshots. He estimated that he heard 15 to 20 gunshots. He stated that he has been around guns his whole life and knew what gun shots sounded like. He walked around the corner into the living room and saw that Daryl was still holding the rifle. He saw holes in the window and casings on the floor. He told Daryl to remove the magazine and eject the last round that was in the chamber. Daryl did this.

James then took the gun and the magazine from Daryl. **2d** distracted him while he took the gun into Daryl's bedroom. He placed the magazine with ammunition in the gun safe in Daryl's room and removed another rifle from the safe. The magazines were two "banana clips" taped together. Both of the rifles were .22 cal rifles the he now had and they were unloaded. He went into the rear addition, that was a workshop area in the back of the house, and hid the two firearms under a tarp by the motorcycles.

James said that he told **2d** to leave after this occurred. Daryl was making suicidal statements and he was upset over a breakup with Gina. She keeps showing up and causing issues for him which has caused a lot of stress in his life.

James verified that there were never any threats against him or his son and at no time did Daryl point the gun at him. They were never held in the house against their will by Daryl as well.

He described the two guns that he hid as .22 cal rifles. One was a B10-22 semi-automatic with a scope and a banana clip and the other one was an older small bolt action rifle. He believed that Daryl had a 357 handgun which had either a 6" or 8" barrel, wooden handle and speed loaders with ammo. He did not know where this gun was in the house but saw Daryl with it approx. 3 weeks ago. He did not know of any other guns in the house.

James said that there were no other people inside the house with Daryl once he left. He did not go upstairs to check for anyone but didn't believe that anyone was in the house.

James does not believe that Daryl will actually harm himself or others. He described Daryl as being 6'8", skinny build, tattoos on both of his arms, wearing a t-shirt and boxers that were green

and blue. James stated that Daryl had been drinking whisky today and seemed to be far more intoxicated than he should be based on the amount he admitted to consuming. (End of James' statement.)

James helped me create a layout map of 1127 W Frederick. Once the map was completed I handed it off to Sgt. Crane to give to the SWAT Leader.

At approx. 1740 hours, James stated that he needed to leave. I cleared this through a Sgt and James left the scene.

Daryl exited the house at approx. 1746 hours. At this time Ofc. Yunin and I adjusted to the south side of the house and held the close perimeter of the house to wait for the search warrant to arrive.

Detective Turman arrived with a signed search warrant. I observed that the warrant listed the address of 1127 W Frederick and was signed by Judge Plese. At 1848 hours, we executed the warrant. Ofc. Yunin and I assisted the Detectives with the process. Detective Turman lead the process. While inside of 1127 W Frederick, I located two ammunition boxes in the basement on a shelf at the bottom of the stairs with Detective Hill. I collected both of these as evidence and advised Det. Turman. There was ammunition inside of both ammo boxes.

Ofc. Yunin and I transported all of the property that was collected during the search warrant to the Spokane Police Property Facility. Once at property, I observed a small item that was inside of one of the ammo boxes that appeared to be some type of an explosive device. I wasn't sure what it was and advised EDU who responded to the scene. It ended up being a blasting simulator, a trip flare spring assembly and a pen flare with two cartridges. EDU units took these items to be placed on for safekeeping at a different facility. (See Ofc. Yunin's report for further details on property.)

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

<b>NARRATIVE</b>					

ON 08/26/16 at approximately 1513 hours I was dispatched to 1127 W Frederick Ave Spokane, WA for a male shooting from his house. The complainant, John J. Cojer (07/10/87) called in and advised someone came outside of 1127 W Frederick Ave and told him and his wife to take their daughter and get inside. John advised he could hear gun shots from inside 1127 W Frederick Ave.

Upon arrival I contacted Officer Voeller who was parked a couple blocks east of the location. Officer Voeller had called and spoke with John on the phone. He advised he thought someone was still inside the house shooting. While we were gathering additional resources I sat in my car with the windows down. While I was sitting there I could hear approximately 6 loud pops from the direction of the house. What I heard almost sounded like someone using a nail gun on top of the roof since the sound was muffled. I was unsure what exactly I heard at that moment.

We started to gather more officers at the location so we could figure out a way to approach the house. As we started surrounding the house and getting into tactical positions the complainant called back in advising he thought the male inside 1127 W Frederick Ave was firing off rounds once again. Due to the time delay I believe what he was hearing could have possibly been what I thought was gunshots.

I got to the corner of Adams and Frederick Ave to start moving in on the house. I was with Officer Ponto and Officer Uberuaga. We had parked to the north of the intersection so we started on the northeast corner of the intersection and moved quickly southeast to get behind a large pickup truck. The truck was parked on the south side of the street just a couple houses east of Adams St. We were able to tactically get behind the truck. We were all ducked behind the truck for approximately 15 seconds when all of a sudden we start hearing gunshots. I was able to hear multiple bullets whiz through the air just to the side and above the truck almost striking us. I could also hear the bullets striking items behind us but I am unsure what exactly they hit. I believe I heard approximately 4 shots. All the shots came from the direction of 1127 W Frederick Ave.

We realized we were not safe to retreat further away from the house without some cover so we had another officer drive her vehicle in so we could use it as cover and move back from our position. We were able to move

further back. I then heard they needed additional Officers to the south of the location on Jefferson so I moved over to that position.

That south position ended up being taken so I began knocking on doors and telling people to get into their basements or as low as possible. I made my way to 1214 W Fairview Ave where I contacted Michelle R. Hendricks (09/27/78) and Brandon T. Geary (07/03/78) who live at the address with several of their kids. Michelle advised they actually knew the male at 1127 W Frederick. They advised his first name was Daryl but were unsure what his last name was. They said he is approximately 55 years old, extremely tall and skinny, and has tattoos covering his body. This description matched the description the complainant had provided Officer Voeller.

They went on to explain that they knew the male because their daughter would sometimes play with his daughter. They said Daryl has an 11 year old daughter who stays with him on the weekends and a younger girlfriend who is there quite often. They were unsure who was at the house at the time. They said they did not have any way of contacting Daryl or his daughter's mom. They did say however they believed he had several guns because his daughter, [REDACTED] 2d had made comments to them before how her dad keeps all his guns locked up in his room so she couldn't get them. I relayed this information to police dispatch. They were not able to provide me with any other information about Daryl.

Brandon did go on to say he saw Daryl shoot off several rounds into the air out his back door. Brandon said he went outside to see what was going on when his contractor told him to come outside and see what was happening. Brandon said he has seen Daryl several times before and knew it was him. Brandon said Daryl opened the door. Slightly stepped outside primarily so his arms were outside and held the gun with the barrel pointing into the sky at an approximate 60 degree angle. Brandon said he saw Daryl shoot off several rounds. He originally thought Daryl could have maybe been just shooting at the birds or something. Brandon said that's when he came inside and made sure his family was safe.

Patrick A. Hughes (04/13/62) advised he also saw the male step outside and shoot rounds out his backdoor. Patrick was the contractor working on the duplex Brandon and Michelle lived in. Patrick said he was outside working on the house when he heard several loud noises. He explained the sound as a "hammer on a sheet of tin". He said he thought the sounds could have either been a CO powdered gun or a 22 raffle. He was unsure but it sounded like a gunshot to him. He said he heard about 6 shots. He said a few minutes later he heard another set of shots and thought it was approximately 6 more shots.

Patrick advised he only could see the raffle and the male's arms coming out from the doorframe. He said it looked like the male wasn't wearing a shirt. Patrick showed me where they were seeing all this from. I looked from the back slider door which had a perfect view of the back door of 1127 W Frederick.

INCIDENT CLASSIFICATION <b>ASSAULT-WEAPON</b>	ATTEMPTED <input type="checkbox"/>	INCIDENT NUMBER <b>16-318678</b>
--	---------------------------------------	-------------------------------------

I received all the information I needed from the location and left.

I then held a perimeter spot. Daryl was eventually identified as Daryl M. Dalebout (12/01/60). Daryl eventually came out of the house and was taken into custody. I was not in view of Daryl or anyone else exiting the house.

Once Daryl was secured and the house was cleared to make sure there were no victims inside I went back to the command post to retrieve my vehicle. I had [REDACTED] 2d in the back of my patrol vehicle. He was inside the house at the time of the incident. His dad was friends with Daryl. I was informed he volunteered to go to the Gardner building to be interviewed. I took him to the Gardner building to be interviewed by Detective Hill. Once the interview was complete I drove him to his house. We were unable to get ahold of his father but he was comfortable going back to his dad's house.

When [REDACTED] 2d exited the house he had marijuana and a scale on his person. [REDACTED] 2d said it was not his marijuana. Officer Yunin retrieved the marijuana from me and placed it onto police property for destruction.

Probable cause was developed to arrest Daryl with six counts of first degree assault. See other officer's reports for additional information.

PC affidavit was completed for Daryl who was expected to be in the hospital at least overnight.

I CERTIFY (OR DECLARE) UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT. I WAS EQUIPPED WITH A BODY CAMERA, AND IT WAS ACTIVE DURING THIS INCIDENT.

On 082616 at approximately 1623 hours, I responded to Euclid and Jefferson for a report of a shooting at 1127 W Frederick.

I held perimeter in the area until advised to move to the front of 1127 W Frederick.

I impounded the vehicle for evidence for being involved in the incident outside of 1127 W Frederick.

The vehicle # AHD4348 was impounded and transported to the property and evidence facility. I followed the tow to the location and was with the vehicle until it was secured as evidence.
