### INCIDENT SYNOPSIS

An officer contacted a male regarding a trespass violation. The officer advised the male he was under arrest for Criminal Trespass. The male suspect fled on his bicycle. The officer followed in his vehicle with lights and siren activated. At one point, the officer got out of his car and tried to grab the suspect, but the suspect evaded this attempt. The officer caught up to the male and stopped his patrol car on the sidewalk in the suspect's path of flight. At the same time, a second officer was in foot pursuit of the suspect. He told the suspect to get on the ground. The suspect refused. The second officer caught up to the suspect and pushed him, which caused him to hit the first officer's patrol car. Officers handcuffed the suspect. He complained of rib pain on his left side. He also had a small bump above his right eye, and a scrape on his right shoulder blade. Medics came to the scene to evaluate him. The suspect was booked into jail for 2<sup>nd</sup> Degree Identity Theft, 2<sup>nd</sup> Degree Criminal Trespass, Making False Statements, Resisting Arrest, Obstructing, and warrants.
