Tracking Number: F23-055
Incident Number: 2023-20212661
Date of Incident: 10/25/2023
Chain of Command Finding: In Compliance with Policy

INCIDENT SYNOPSIS

An officer responded to an in-progress Burglary call. The homeowner reported an unknown male banging on her door and screaming. Upon arrival, the officer heard a male growling and loud banging on the door of the target address. The officer confronted the male and gave him commands to step away from the door. The officer gave him multiple use-of-force warnings. Despite his warnings, when the officer saw the suspect turn towards the door despite his commands, the officer deployed his TASER. The first deployment was ineffective, but the second deployment worked as intended and the suspect fell to the ground. A second officer arrived shortly after, and they were able to detain the male and place him in handcuffs. After he was cleared by medics, the suspect was booked into jail for Attempted Residential Burglary and 3rd Degree Malicious Mischief.
