Re: Chief's Citation Award

Capt. Dan Torok:

The Chief's Citation Award has been awarded to the members of the Spokane Police Department who participated in Operation Piranha Slayer, a large-scale, multi-agency drug trafficking investigation. This award is intended to recognize members of a team or unit for their participation in an incident, event, series of events, or a project that resulted in a substantial, positive impact on the community or department. It must be superior in nature and further the department's mission and overall effectiveness. When the special awards committee reviewed this nomination, it was clear that those who participated in Operation Piranha Slayer were most deserving of this award.

This 18-month investigation resulted in the indictment of 62 people on 37 federal charges. On February 28, 2013, members of the SPD along with more than 500 law enforcement officers served 47 concurrent federal search warrants in Spokane, Seattle and Los Angeles. Officials seized 31 firearms, 19 vehicles, 10,000 Oxycontin pills, and nearly \$1 million.

The unyielding efforts of those assisting in this operation clearly demonstrates excellence in the pursuit of justice. The following individuals are most deserving of the Chief's Citation Award.

I am very proud to present you with the Chief's Citation Award. Operation Piranha Slayer will receive a plaque and participants will be recognized at our annual Employee Awards Ceremony. A copy of this document will be placed in your department personnel file.
