

Letter of Award

To: Kyndrin Tenny
From: Frank G. Straub, Ph.D. - Chief of Police
Date: May 11, 2015
Re: Chief's Citation Award

Kyndrin,

The Spokane Police Department Technical Assistance Response Unit (TARU) has been nominated to receive the Chief's Citation Award. This award is intended to recognize members of a team or unit for participating in an incident, event, or series of events, or project which has a substantial, positive impact on the community or police department. It must be superior in nature and further the department's mission and overall effectiveness. When the Special Awards Committee reviewed this nomination, it was clear that TARU is most deserving of this award.

Kyndrin Tenny, along with members of the TARU, took over the management of SPD cell phones from City IT in the fourth quarter of 2014. One of their first tasks was to conduct an audit of the cell phone inventory and the lines of service. From that audit, they found a number of lines that were not in use or were not necessary and were able to substantially reduce our monthly bill. In addition, Kyndrin was able to negotiate with Verizon to get a refund of \$16,804.

TARU has gone above and beyond in providing quality service to both the line level officers and the department as a whole. Many comments have come in regarding the responsiveness of TARU. TARU responds promptly to any and all requests including weekends and late evening and they have done a remarkable job of keeping patrol informed on updates regarding computer issues, vehicle issues, and portable radio issues. While TARU is extremely busy and inundated constantly with a myriad of requests, they consistently respond quickly and courteously. The level of professionalism they display is a model for the rest of the department to follow.

Kyndrin, as a member of the Technical Assistance Response Unit, I am very proud to present you with the Chief's Citation Award. You will be recognized and presented with a plaque at our annual awards ceremony in 2016. A copy of this document will be placed in your personnel file.
