VOLUNTEER OF THE YEAR

KYLE TROTCHIE

Kyle started with the CO-OPs in March of 2008. He volunteered 503 hours in 2009 and has volunteered 852 hours over that past two years.

Kyle is a student at EWU. He works two part time jobs, one with Safeway and also with District 81 Security. Kyle’s work with the CO-OPs is in addition to his very hectic school, home, and work schedule.

Kyle’s work with the CO-OP program during the past two years has been outstanding. He is currently one of two Lieutenants and an Field Training Officer. He coordinates training efforts with the other Lieutenant to make sure that the CO-OPs have quality training and opportunities to get into the field and support patrol.

When Kyle joined the program we had just lost several members due to graduation and hiring by law enforcement agencies. There were less than 10 CO-OPS and Citizen Volunteers trying to regenerate the program. Kyle became a one man recruiting poster, bringing in candidate after candidate into the office. We currently field just short of 20 CO-OP volunteers with three to five waiting to be processed. Most of these were a direct result of Kyle’s enthusiasm for the program and law enforcement in general. With budget cuts affecting monthly training Kyle helped put into effect a monthly training patrol ride instead of doing class room training. He made the CO-OP cars the class room and in put bodies in the field to learn and support patrol.

Kyle has great problem solving skills that improve the other CO-OPs and the program. He is one of those special people who keep you smiling because he always is. Nothing seems to faze him. He seems under complete control at all times. These are traits that many people never master. This is the kind of quality leader Kyle is and will be in the future.
