**Current YTD Period:** 1/1/2014 - 8/30/2014      **Prior YTD Period:** 1/1/2013 - 8/30/2013

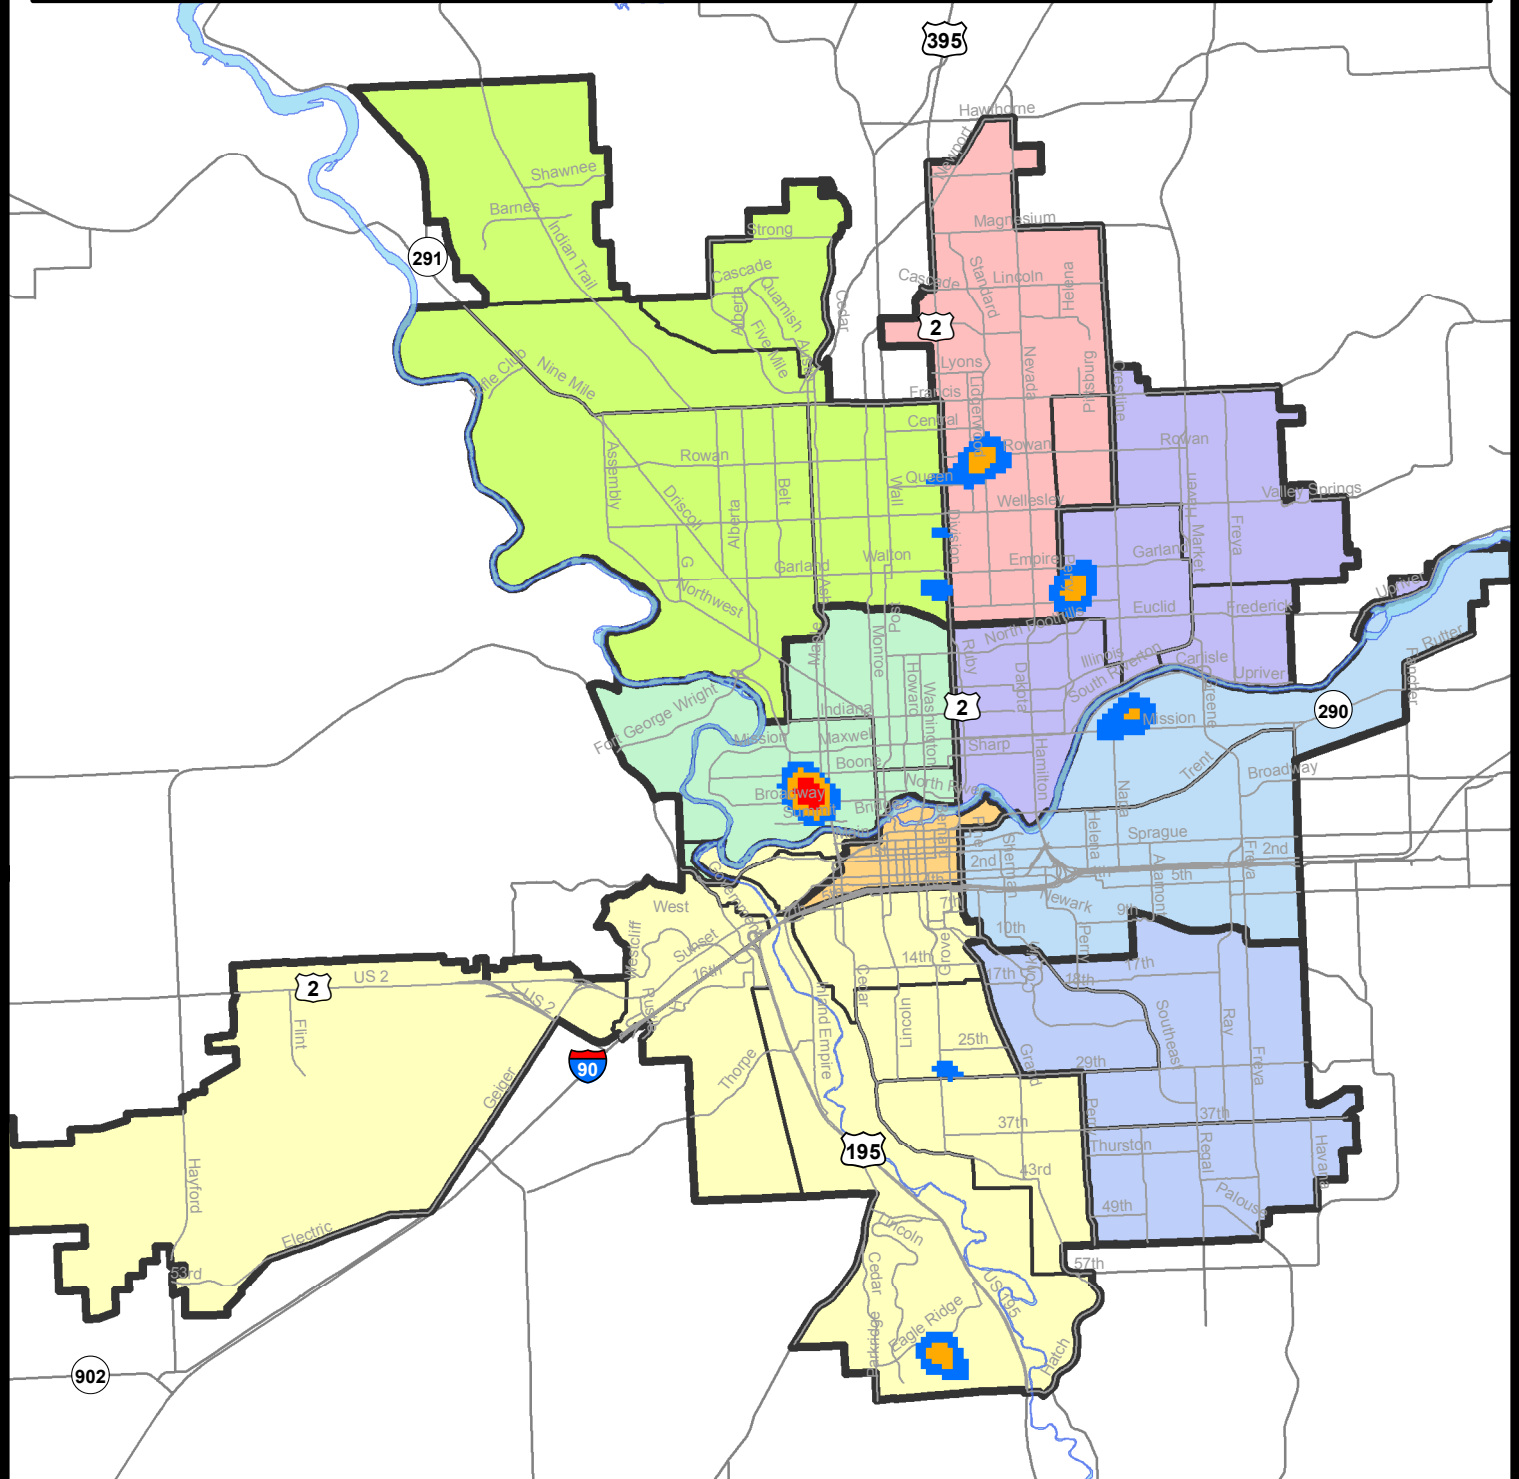

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, :

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards or removing unfounded incidents from actual totals.

# SE - South Central District (P5)

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.

2014 preliminary incidents are reported following Uniform Crime Reporting standards of removing unfounded incidents from actual totals.

Prepared by SPD Crime Analysis Office - Monday, September 01, 2014

With the exception of criminal homicides, this chart represents preliminary counts of the original Police Incident Reports. Full statistical analysis to determine the confidence level of this data has not been performed. In general, the preliminary incident counts are less than the crimes eventually reported on the UCR Crime Report. Further, the % change columns on the preliminary incident count differ from the percentage change on the UCR crime report, sometimes significantly.
