

Proposed New Text – Chapter 4, Transportation

The following text is proposed to be added to Chapter 4, Transportation, of the Comprehensive Plan. All of this text is new, and would begin at the end of page 4-71, immediately following the subsection on bridge projects.

Railroad Crossing Projects

There are many at-grade rail crossings within the city. Most of these already have warning devices and gates installed to provide increased protection for vehicles, cyclists, and pedestrians on the road. However, there are a few arterial crossing locations that could use further improvements, as funding becomes available. These locations are already equipped with warning lights and bells. However, due to increased traffic on the roadway or on the rail line, the locations listed in table TR-9 would benefit from additional safety measures.

TABLE TR 9 – RAILROAD CROSSING PROJECT LIST	
Project Name	Needed Improvements
Havana Street crossing of UP (n/o Sprague Avenue)	Widen crossing for sidewalk, install gates, update preemption equipment and track circuit for the adjacent traffic signal
Freya Street crossing of UP (n/o Sprague Avenue)	Install gates, update preemption equipment and track circuit for the adjacent traffic signal
Mission Street crossing of BNSF (e/o Perry Street)	Install gates, update preemption equipment and track circuit for the adjacent traffic signal

Notes: UP = Union Pacific Railroad. BNSF = Burlington Northern and Santa Fe Railroad.
