Pre-application:

The first step in applying for an amendment to the City’s Comprehensive Plan is to submit a threshold review application. Prior to submitting this application, a private applicant is required to schedule a no-fee pre-application conference with staff. In the case of a map amendment, the applicant is also required to make reasonable efforts to schedule a meeting with the appropriate neighborhood council(s) and document any support or concerns expressed by the neighborhood council(s). Applications are accepted through October 31 each year, during business hours. Applicants are strongly encouraged to make an appointment with Planning Department staff prior to submitting an application.

Description of the Proposed Amendment:

- In the case of a proposed text amendment, please describe the proposed amendment and provide suggested amendment language.
- In the case of a map amendment, please describe using parcel number(s), address, and a description including size, and maps.

In addition to describing the proposal, please describe how your application satisfies the threshold review criteria in SMC 17G.020.026, which are restated below. You may need to use a separate piece of paper.

1. Describe how the proposed amendment is appropriately addressed as a Comprehensive Plan Amendment. This proposed amendment would adjust the Arterial Network Map, TR 12, to correct errors discovered since the last update. This cannot be corrected through any other action.
2. The proposed amendment does not raise policy or land use issues that are more appropriately addressed by an ongoing work program approved by the City council or by a neighborhood or subarea planning process.
   There is no work program currently planned to update the map.
3. The proposed amendment can be reasonably reviewed within the resources and time frame of the Annual Comprehensive Plan Amendment Work Program.
   Yes it can.
4. In the case of a private application for a land use map change, nearby properties may also seem to be candidates for amendment. At the time of docketing or during plan commission review, expansion of the geographic scope of an amendment proposal may be considered, shared characteristics with nearby, similarly situated property may be identified and the expansion is the minimum necessary to include properties with those shared characteristics. Has the applicant had any outreach to surrounding property owners whose property may be so situated?
   Not applicable.
5. Describe how the proposed amendment is consistent with current general policies in the comprehensive plan for site-specific amendment proposals. The proposed amendment must be consistent with policy implementation in the Countywide Planning policies, the GMA, or other state or federal law, and the WAC.
   Not applicable.
6. The proposed amendment is not the same as or substantially similar to a proposal that was considered in the previous year’s threshold review process, but was not included in the Annual Comprehensive Plan Amendment Work Program, unless additional supporting information has been generated.

   Not applicable.

7. If this change is directed by state law or a decision of a court or administrative agency, please describe.

   Not applicable.

8. Please provide copy of agenda or other documentation of outreach to neighborhood council made prior to application.

   This has been discussed with Council during the past six months as the SMC Arterial Street Map update was going through approval. I told them we had some corrections to make on map TR 12.
DESCRIPTION OF THE PROPOSED AMENDMENT:
(Please check the appropriate box(es))

☐ Comprehensive Plan MAP Change  ☐ Land Use Designation Change
☐ Regulatory Code Text Change  ☐ Area-Wide Rezone

Please respond to these questions on a separate piece of paper. Incomplete answers may jeopardize your application’s chances of being reviewed during this amendment cycle.

1. General Questions (for all proposals):
   a. Summarize the general nature of the proposed amendment.
   b. Why do you feel this change is needed?
   c. In what way(s) is your proposal similar to or different from the fundamental concepts contained in the comprehensive plan?
   d. For text amendments: What goals, policies, regulations or other documents might be changed by your proposal?
   e. For map amendments:
      1. What is the current Land Use designation and zoning for each affected parcel?
      2. What is the requested Land Use designation and zoning for each affected parcel?
      3. Describe the land uses surrounding the proposed amendment site(s); e.g. land use type, vacant/occupied, etc.
   f. Do you know of any existing studies, plans or other documents that specifically relate to or support your proposal?
   g. Why did you decide to pursue a comprehensive plan amendment rather than address your concern through some other aspect of the Development Services department’s work program (e.g. neighborhood planning, public input on new regulations, etc.)?
   h. Has there been a previous attempt to address this concern through a comprehensive plan amendment?
      ☐ Yes  ☐ No
   i. If yes, please answer the following questions:
      1. When was the amendment proposal submitted?
      2. Was it submitted as a consistent amendment or an inconsistent amendment?
      3. What were the Plan Commission recommendation and City Council decision at that time?
      4. Describe any ways that this amendment proposal varies from the previously considered version.
