

Street Name Change Application

Rev.20180103

1. Describe the purpose or reason for the proposed street name change. In what way will the public's interest or public safety be served by the name change?

Rename W Cliff Ave to W Cliff Dr. This will bring the street name into consistency for improvement to dispatch systems and emergency response operations.

2. What uses are located on the adjacent property and in the vicinity? Describe the character of the street proposed for the name change.

Adjacent properties are residential in nature and the street is a local access roadway.

3. Is the proposed change consistent with the policy for naming streets found in Chapter 17.D.050 of the Spokane Municipal Code? If so, how is it consistent?

Yes. This roadway is commonly referred to as Dr, and has been for some time. All of the existing addresses are assigned as Cliff Dr. Updating this roadway to be consistent with the addresses accessed along it and common reference nomenclature will bring this into alignment with current the SMC.

4. Does the proposed new street name duplicate a street name already in use within the Spokane Metropolitan Area?

Yes, but the two other existing Cliff roadways are in north Spokane County and the town of Rockford and have unique street types and hundred block ranges, so should not cause problems for emergency response..

5. Is the proposed new street name consistent with the name of adjacent streets and streets with a common alignment?

NA.

6. If the proposed name change is within a Planned Unit Development, will the proposed name of the private street be consistent with the names of surrounding public streets?

NA.

7. Will the proposed street name result in an intersection with the same name (e.g. First Avenue and 1st Avenue) or create more than one intersection with the same name?

No.
