

Conditional Use Permit

Planning Services Department

Application

The proposed action requires approval of:

- ☐ Administrative Conditional Use Permit (Type II)
- ☒ Hearing Examiner Conditional Use Permit (Type III)

RECEIVED

SEP 03 2019

PLANNING & DEVELOPMENT

All Conditional Use Permits must provide the following information:

1. List the provisions of the land use code that allows the proposal.
2. Please explain how the proposal is consistent with the comprehensive plan designation and goals, objectives and policies for the property.
3. Please explain how the proposal meets the concurrency requirements of SMC Chapter 17D.010.
4. If approval of a site plan is required, demonstrate how the property is suitable for the proposed use and site plan. Consider the following: physical characteristics of the property, including but not limited to size, shape, location, topography, soils, slope, drainage characteristics, the existence of ground or surface water and the existence of natural, historic or cultural features.
5. Please explain any significant adverse impact on the environment or the surrounding properties the proposal will have and any necessary conditions that can be placed on the proposal to avoid significant effects or interference with the use of neighboring property or the surrounding area, considering the design and intensity of the proposed use.

In addition to Questions 1-5, all Institutional or Other Uses in a Residential Zone must ALSO address the following approval criteria as required by SMC 17C.320.080:

6. Proportion of Residential Household Living Uses.
The overall residential appearance and function of the area will not be significantly lessened due to the increased proportion of uses not in the residential household living category in the residential area. Consideration includes the proposal by itself and in combination with other uses in the area not in the residential household living category and is specifically based on the:
 - a. number, size and location of other uses not in the residential household living category in the residential; and
 - b. intensity and scale of the proposed use and of existing residential household living uses and other uses.

(Continued on back)

7. Physical Compatibility.

- a. The proposal will be compatible with adjacent residential developments based on characteristics such as the site size, building scale and style, setbacks and landscaping; or
- b. The proposal will mitigate differences in appearance or scale through such means as setbacks, screening, landscaping and other design features.

8. Livability.

The proposal will not have significant adverse impacts on the livability of nearby residential zoned lands due to:

- a. noise, glare from lights, late-night operations, odors and litter; and
- b. privacy and safety issues.

9. Public Services.

- a. The proposed use is in conformance with the street designations of the transportation element of the comprehensive plan.
- b. The transportation system is capable of supporting the proposed use in addition to the existing uses in the area. Evaluation factors include:
 - i. street capacity, level of service and other performance measures;
 - ii. access to arterials;
 - iii. connectivity;
 - iv. transit availability;
 - v. on-street parking impacts;
 - vi. access restrictions;
 - vii. neighborhood impacts;
 - viii. impacts on pedestrian, bicycle and transit circulation;
 - ix. safety for all modes; and
 - x. adequate transportation demand management strategies.
- c. Public services for water supply, police and fire protection are capable of serving the proposed use, and proposed sanitary waste disposal and stormwater disposal systems are acceptable to the engineering services department.
