## CITY OF SPOKANE PLANNING SERVICES DEPARTMENT

Shoreline/Critical Areas Checklist

The Shorelines/Critical Areas Checklist is to be filled out by any person preparing a Land Use Permit Application for the City of Spokane. The purpose of the Checklist is to enable City staff to determine whether any potential Shoreline or Critical Areas are, or may be, present on the subject property. The information you provide will help you and reviewing agencies comply with regulations that assure the protection of public and private property, public safety, and the values and functions of environment, water quality, and fish and wildlife. This checklist does not constitute project approval.

A property owner or his/her authorized representative, must fill out the checklist, sign and date it, and submit it to the City as part of a Land Use Permit application process. The City will review the checklist and make a determination of the subsequent steps necessary to complete a Land Use Permit Application.

**Directions:** Please fill out the checklist to the best of your knowledge. The information should be easily available from site observations, agency websites, or data available at City Hall. Maps, supporting data, drawings to scale, and photos must accompany this checklist. Attach a sheet if more space is required.

APPLICANT INFORMATION						
Property Owner Name Avista Corp	Date May 7, 2015					
Address 1411 E Mission, Spokane, WA 99202						
Phone 509-495-8657		E-mail Address				
Agent Name Robin Bekkedahl
