

This map is a general look at ideas for the future of the City of Spokane's bicycle network. The current portion of Spokane's Comprehensive Plan that relates to bicycles is outdated and currently in process of revision. The black boxes, overlaid on top of the current bicycle network, provide a general outline for outdated roadway classifications that must be addressed as a part of the "Master Bike Plan" update. It is important to remember that these boxes are not intended to represent final changes but suggestions to be commented upon and reviewed for relevancy.

# Ideas for Changes to Existing Bikeway Network

**DRAFT**

Date: 3/28/2007

User: Planning
