TEXT AMENDMENT APPLICATION OVERVIEW

City Council Proposed Amendment to Chapter 2

File Z2018-253COMP
Application Summary:

• The text amendment will add a final paragraph to Chapter Two – Implementation, Section 2.1, Carrying out the plan.

• The intent of the text amendment is to identify the Joint Administration-Council Strategic Plan as the implementation strategy of the Comprehensive Plan. The Strategic Plan is designed to direct attention to projects that implement the goals and policies of the Comprehensive Plan.
In addition to these regulatory tools city staff will implement the tenets of the plan in their projects and programs. Because the Comprehensive Plan is designed to help the community realize a shared vision of the future, as the community, environment, and legal framework changes over time so should the community’s guiding document. To ensure that the Comprehensive Plan functions as a living document, evolving to meet the needs of the community, the Joint Administration-Council Strategic Plan will serve as a strategic implementation guide to help direct the actions and priorities of elected officials and city staff. The Strategic Plan is designed to direct attention to projects that implement the goals and policies of the Comprehensive Plan.
