

Preliminary Short Plat

Application

1. List the provisions of the land use code that allows the proposal.
The land use code, section 17G.090.065 allows for the creation of a lot.
2. Please explain how the proposal is consistent with the comprehensive plan designation and goals, objectives and policies for the property.
The code allows for the creation of a buildable lot.
3. Please explain how the proposal meets the concurrency requirements of SMC Chapter 17D.010.
The short Plat will have a minor impact on Traffic. With only 1 additional lot, there will only be a minor impact on sewer + water services.
4. If approval of a site plan is required, demonstrate how the property is suitable for the proposed use and site plan. Consider the following: physical characteristics of the property, including but not limited to size, shape, location, topography, soils, slope, drainage characteristics, the existence of ground or surface water and the existence of natural, historic or cultural features.
The site is on a gentle slope and should not warrant any special design needs.
5. Please explain any significant adverse impact on the environment or the surrounding properties the proposal will have and any necessary conditions that can be placed on the proposal to avoid significant effects or interference with the use of neighboring property or the surrounding area, considering the design and intensity of the proposed use.
There are no significant impacts on the environment or the surrounding properties.
