# **Fish Lake Trail Connection Study - Survey Results**

Survey was available from 4/13/21 to 5/2/21

1320 respondents. Comments sections are summarized.

### Q3 What is your highest priority as a trail user?

ANSWER CHOICES	•	RESPONSES	•
▼ None of the above		0.00%	0
▼ Lower cost and faster timeline to completion		18.88%	237
▼ Park-like environment along the trail		66.77%	838
▼ Other (please specify)	Responses	14.34%	180
TOTAL			1,255

Other highest priorities in the comments (not in a ranked order)

- Personal safety
- Connections to neighborhoods
- Minimal interference with disc-golf course
- Minimal interference with dog park
- Distance from homeless encampments
- Separation from traffic
- Family-friendly
- Connections to other trails

#### Q4 Which alignment do you prefer?

ANSWER CHOICES	▼ RESPONSES	•
▼ None of the above	4.57%	58
▼ Red alignment	32.89%	417
▼ Blue alignment	62.54%	793
TOTAL		1,268

#### Q5 Do you have any comments or concerns to share with city staff?

This is a summary of the most frequently shared comments (not in a ranked order).

- Safety for solo females should be a high priority.
- Spend more money and do it right with the Blue route.
- Not comfortable riding the Blue route due to isolated setting and homeless camps.
- The blue route would need lighting and better enforcement of camping. Also need to address break-ins at the trailhead.
- Lots of people use the dog park trails through the woods. Don't disturb them for the Red route.
- Build the Blue route but also restripe Government Way (as proposed with Red).
- Blue would require changes to the popular disc golf course and could put bikers and walkers at risk of being hit by errant discs.
- The wooded area and creek on the blue route are peaceful and attractive to riders. Better tourism appeal as well.
- Increased activity through High Bridge Park may make it safer for all users.
- Government Way is busy and noisy.
- Trail should not go through fenced area of dog park.
- Many people already use the Red route to make this connection.
- The Red route makes good connections to the residential area, SFCC, Sunset Hill pathway.
- Either option will be an improvement.
- Families prefer to ride away from traffic. So do many other trail users.

## Q6 If you live within the City of Spokane please select your neighborhood.
