

DESCRIPTION OF PROPOSAL:

City of Spokane Waste Water Management proposes to construct a buried 1.8 million gallon CSO prevention tank and associated piping and access road. The City of Spokane WWM Dept. also proposes to construct a stormwater treatment swale in the same location adjacent to the CSO facility.

ADDRESS OF SITE OF PROPOSAL: (if not assigned yet, obtain address from Public Works before submitting application)

The proposed location for the CSO facility/stormwater swale is southeast of the intersection of Northwest Blvd and TJ Meenach Dr. (or, alternatively, northwest of the intersection of Nettleton St. and Buckeye Ave.) at 2400 W. Buckeye Ave. Staging and temporary materials import area is just south at 2401 W. Buckeye Ave.
