Subject: Shoreline Substantial Development Permit – South Gorge Parking Lot, Trail Connection and River Access

Applicant/Owner: City of Spokane, Department of Engineering Services, Dan Buller
 808 W Spokane Falls Blvd
 Spokane, WA 99201

File Number: Z19-536SSDP

Location Description: The subject property is located at 2790 W Riverside Ave and 114 S A St – parcels 25242.1201 and 25231.1101.

Description of Proposal: This proposal involves improving an existing nonconforming gravel parking lot that is located at the junction of the South Gorge Trail and the Sandifur pedestrian bridge. The gravel parking lot is routinely filled to capacity and this work will pave and stripe the parking lot, bringing it into compliance with current development regulations. In addition, the portion of the project closest to the river will include a trail segment connecting that portion of the South Gorge trail constructed in 2019 to the existing Sandifur pedestrian bridge. Finally, an informal river access trail just north of the parking lot and east of Sandifur bridge will be formalized by way of a concrete path from the proposed trail northward, terminating just above the ordinary high water mark. The subject parcel is quite large and divided by right-of-way, but the triangular portion in the center of the photo to the right is the location of the parking lot. The square parcel to the west is proposed trail location.

Legal Description: The complete legal description can be obtained with the Planning Department.

SEPA: This proposal was issued a DNS on April 5, 2019.

Current Zoning: RSF (Residential Single Family)
