THE PLANNING PROCESS

Two years ago our five neighborhoods began a planning process that would define the next twenty years. We've done this with your input and information gathered from our neighborhood council meetings, surveys, open houses, intercept events and feedback along the way.

This information has been fine tuned by the Steering Committee (representatives from each neighborhood) at their thirty plus meetings. Our two planning partners, the City of Spokane and MIG, have been there every step of the way, guiding our process.

JOIN US

Our final stakeholder meeting is May 8 at Corbin Art Center at 507 W 7th Avenue in the Cliff Cannon neighborhood:

5:30 - 6:00 pm Open House

6:00 - 7:00 pm Community Dialogue
+ Feedback Session

7:00 - 7:30 pm Feedback via Comment Cards

You'll have an opportunity to discuss the DRAFT plan which includes our Goals and Strategies, Proposed Projects, Map and Toolkit. You can see all of these documents now on our website (SouthHillCoalition.org).
