

WHO WE ARE

This guide lists classroom presentations, field trips, and other programs available at no cost to your school from various area agencies. Many of these offerings enhance your curriculum and support Next Generation Science Standards. They also encourage students to explore issues that directly relate to their everyday lives.

We hope this guide will be a valuable resource.

-THE PROJECT TREE TEAM

Spokane Regional Clean Air Agency works to achieve and maintain clean air in Spokane County. We administer local, state and federal air quality regulations that address emissions from stationary sources of air pollution, including commercial operations, woodstoves, outdoor burning, asbestos, dust, and odors.

Agency: Spokane Regional Clean Air
Contact: Lisa Woodard
Email: lwoodard@spokanecleanair.org
Website: spokanecleanair.org

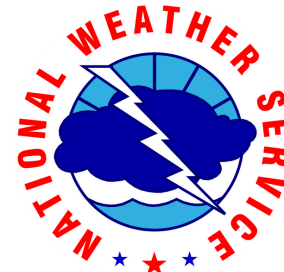

See our full program menu here:
www.SpokaneCleanAir.org

Weather affects our lives, from what we wear to how we plan our day. Weather can be exciting, stormy one day and calm the next. The National Weather Service provides the weather/water forecasts and warnings for the people of the Inland Northwest with the only weather radar in the region.

Agency: National Weather Service
Contact: Robin Fox & Laurie Nisbet
Email: nws.spokane@noaa.gov
Website: weather.gov/spokane

See our full program menu here:
weather.gov/spokane

How does garbage impact our planet? How can we make less? The City of Spokane and the Spokane County Regional Solid Waste System help students answer these questions through engaging lessons. Invite an educator to your school or schedule a tour of Spokane's Waste to Energy Facility.

Agency: Spokane Solid Waste
Email: solidwaste@spokanecity.org
Website: TalkTrashSpokane.com

See our full program menu here:

Spokane Conservation District is a long standing local resource for natural resource education and management. The mission of the SCD is simple: to promote the sustainable use of natural resources within Spokane County. We offer numerous educational programs for teachers, students, adults, landowners, producers, and the public.

Agency: Spokane Conservation District
Contact: Stacey Selcho
Email: stacey-selcho@spokanecd.org
Website: sccd.org

See our full program menu here:
sccd.org

The Lands Council is a local nonprofit that works to restore our region's forests, water, and wildlife. We organize community restoration efforts like our annual Earth Day planting or our Reforest Spokane Day where we plant thousands of trees!

Agency: The Lands Council
Contact: Justyce Brant
Email: jbrant@landscouncil.org
Website: landscouncil.org

See our full program menu here:
landscouncil.org/programs

Northwest Natural Resources Institute works to cultivate a better understanding of the daily importance of our agricultural, mineral, forest and water resources by educating teachers and students about the science, economic and societal aspects of our region's natural resources.

Agency: Northwest Natural Resources Institute
Contact: Diahne Gill
Email: dgill@greaterspokane.org
Website: nnri.org

See our full program menu here:

The Doris Morrison Learning Center (DMLC) is owned and operated by Spokane County and overlooks the newly restored Saltese Flats Wetlands. This land was historically farmland which has since been converted back into a wetland. The DMLC acts as a learning center to host groups interested in exploring the wetland.

Agency: Spokane County
Contact: RaeAnn Nolander & Laura Goff
Email: wrc@spokanecounty.org
Website: www.spokanecounty.org/Doris-Morrison-Learning-Center-DMLC

Additional information here
spokanecounty.org/DMLC

The Spokane County Water Resource Center (WRC) is a regional learning center providing interactive lessons about our local watershed and aquifer for K-12 students. Visit the Water Resource Center for a fun field trip (no-cost!) or request an educator to visit your classroom to provide a dynamic, hands-on learning experience! Our work is funded through the Aquifer Protection Act.

Agency: Spokane County
Contact: RaeAnn Nolander & Laura Goff
Email: wrc@spokanecounty.org
Website: spokanecounty.org/water

Additional info. and request form here:
www.spokanecounty.org/wrc

Water Wise Spokane is a program from the City of Spokane Water Department, dedicated to protecting and conserving our precious water resources. We accomplish this by creating educational materials, forming partnerships, and conducting outreach events.

Agency: City of Spokane
Contact: Will Rettig
Email: waterwise@spokanecity.org
Website: waterwisespokane.org

See our full program menu here:
www.waterwisespokane.org

The City of Spokane wastewater is responsible for collecting, managing, and treating wastewater generated throughout our community. City of Spokane stormwater is committed to promoting behavioral change through increased public awareness of local water quality problems associated with stormwater runoff.

Agency: City of Spokane
Contact: Meghan Havko
Email: mhavko@spokanecity.org
Website: spokanecity.org/publicworks/stormwater

Additional info.
