- April 4, 2018: City of Spokane Parks Lands Committee

# Downriver Park

- ❖ 95.3 Acres
- ❖ Raft Put-In and Parking Lot
- ❖ Disc Golf Course
  - ❖ Parking
  - ❖ Port-a-potties
- ❖ River Rafting
- ❖ Kayaking
- ❖ Fishing
- ❖ Hiking
- ❖ Biking

## Goals and Objectives:

- ❖ The Downriver Park Master Plan seeks to establish the integration of stormwater management facilities into Downriver Park while enhancing and protecting the park's natural features, shoreline environment and current uses.
- ❖ Downriver Park will accommodate the desired amenities and experiences of multiple types of public users and ease conflict areas.
- ❖ Directly engage residents, local property owners, land managers and major stakeholders, current and future user groups and the general public in the process of identifying and assessing preferred facilities to support identified uses. For example: hiking, biking, water access, fishing, floating, disc golf.

## Project Principles:

- ❖ Protect the Spokane River from stormwater.
- ❖ Develop and manage public access to Downriver Park for a wide range of recreational uses consistent with preservation goals.
- ❖ Maintain and enhance river access for rafters, kayakers and fishing.
- ❖ Maintain and enhance the disc golf course.
- ❖ Resolve user conflicts through design and management.
- ❖ Keep the park accessible for recreational uses including rafting, fishing, kayaking, disc golf play, hiking and biking.
- ❖ Improve safety for bikers, runners and walkers along Downriver Drive.
