## GROUP SWIMMING LESSON LEVEL DESCRIPTIONS & GENERAL INFORMATION

### **Tadpole | Parent Assist | Ages 6-36 Months**

Water orientation class for younger children. Parents (one adult per child) are required to be in the water with children. The goal of this class is to introduce water adjustment skills in a safe and friendly environment. Climbing in and out of the pool, floating on front and back, kicking, and arm movement. All swimmers in diapers must be in swim diapers.

### **Seahorse | Preschool | Ages 3-5 Years**

Through games and play, the goal is to introduce preschool-aged kids to water and teach them how to safely navigate this exciting new environment. Students will work on submerging underwater, blowing bubbles with their mouth and nose, supported floating, and introducing leg movements.

### **Level 1 | Penguin | Ages 5-8 Years**

A great place for school-aged kids who are new to lessons or are nervous/afraid around water. The primary goal is to develop comfort and confidence. Students review and master all Seahorse skills, work on floating independently on front and back, refine their kicking, and are introduced to crawl stroke arms.

### **Level 2 | Turtle | Ages 5-9 Years**

Students must be able to demonstrate Level 1 skills to be in this class. Students will continue to develop comfort and confidence, especially underwater and floating. This class focuses on a lot of new skills: kicking and rolling, crawl stroke, and backstroke.

### **Level 3 | Stingray | Ages 6-10 Years**

Students must be able to demonstrate Level 2 skills to be in this class. This class is a challenge! There will be a lot of work on side breathing with crawl stroke, will refine backstroke, and introduce treading water. Students should pass this class before joining our Aqua Ducks Swim Team.

### **Level 4 | Seal | Ages 7-11 Years**

Students must be able to demonstrate Level 3 skills to be in this class. Get ready to swim some laps: in addition to working on crawl stroke, backstroke, and treading water endurance, students will be introduced to breaststroke kick and elementary backstroke.

### **Level 5 | Barracuda | Ages 8-12 Years**

Students must be able to demonstrate Level 4 skills to be in this class. This class is designed to prepare students for swimming for fitness or for continuing to our Jr. Lifeguard class. This class is designed for stroke refinement and endurance, working on crawl stroke, backstroke, breaststroke, elementary backstroke, and introducing butterfly.

### **Essential Eligibility Criteria Statement:**

Essential Eligibility Criteria (EEC) are intended to be a communication resource for anyone considering participating in a Spokane Parks and Recreation \*program. The safety and well-being of our participants and staff is a top priority for our programs! Due to the inherent risks associated with our \*activities, our programs are open to all individuals who meet the general and program-specific EEC independently or with the assistance of a \*\*companion/trained aid. These criteria are not intended to be exclusionary, rather clearly outline the program's requirements. If you have any questions or concerns about our EEC, please contact the program supervisor. We may be able to assist you with a \*\*\*reasonable accommodation.

### **General Recreation Essential Eligibility Criteria:**

Participants must be able to complete the following criteria with or without the assistance of a companion/trained aide who accompanies the participant.

1. Arrive at the program's meeting location on time and ready to participate.
2. Comprehend and follow instructions given to avoid hazards and/or manage risk.
3. Effectively alert others of personal distress, injury, illness, or the need for assistance.
4. Remain alert and focused for the duration of the program.
5. Wear all required safety gear according to manufacturer standards as necessary.
6. Contribute to a safe environment - inappropriate verbal or physical behavior is not tolerated for any reason

### **Terms/ Definitions:**

**\* Activity/Program:** The term 'activity' or 'program' describes any outing, trip, or event sponsored by Spokane Parks and Recreation.

**\*\* Companion/Trained Aid:** In some circumstances, if an EEC can be met with the help of a companion/trained aide participants may be eligible to participate.

- Examples of companions/trained aides include service animals, translators, caregivers, or an individual that can assist a participant with physical, emotional, or communication requirements.
- In the case of a minor needing to meet an EEC with an aide, a parent/guardian or responsible adult may act as an aide.
- Companions/Trained Aides must be able to complete all EEC.
- Spokane Parks and Recreation will permit the attendance of a participant's companion at no additional cost to the participant; however, the companion will be responsible for purchasing their own consumable resources/access fees (e.g. food, event tickets, etc.). For your convenience, these costs can be given upon request. Please contact the program supervisor for coordination.

**\*\*\* Reasonable Accommodation:** An accommodation made that will not fundamentally change the nature of a program, would increase unnecessary risk to the participant or others, or would place an undue financial or administrative burden on Spokane Parks and Recreation.
