Essential Eligibility Criteria Statement:

Essential Eligibility Criteria (EEC) are intended to be a communication resource for anyone considering participating in a Spokane Parks and Recreation *program. The safety and well-being of our participants and staff is a top priority for our programs! Due to the inherent risks associated with our *activities, our programs are open to all individuals who meet the general and program-specific EEC independently or with the assistance of a **companion/trained aid. These criteria are not intended to be exclusionary, rather clearly outline the program's requirements. If you have any questions or concerns about our EEC, please contact the program supervisor. We may be able to assist you with a ***reasonable accommodation.

General Recreation Essential Eligibility Criteria:

Participants must be able to complete the following criteria with or without the assistance of a companion/trained aide who accompanies the participant.

1. Arrive at the program's meeting location on time and ready to participate.
2. Comprehend and follow instructions given to avoid hazards and/or manage risk.
3. Effectively alert others of personal distress, injury, illness, or the need for assistance.
4. Remain alert and focused for the duration of the program.
5. Wear all required safety gear according to manufacturer standards as necessary.
6. Contribute to a safe environment - inappropriate verbal or physical behavior is not tolerated for any reason

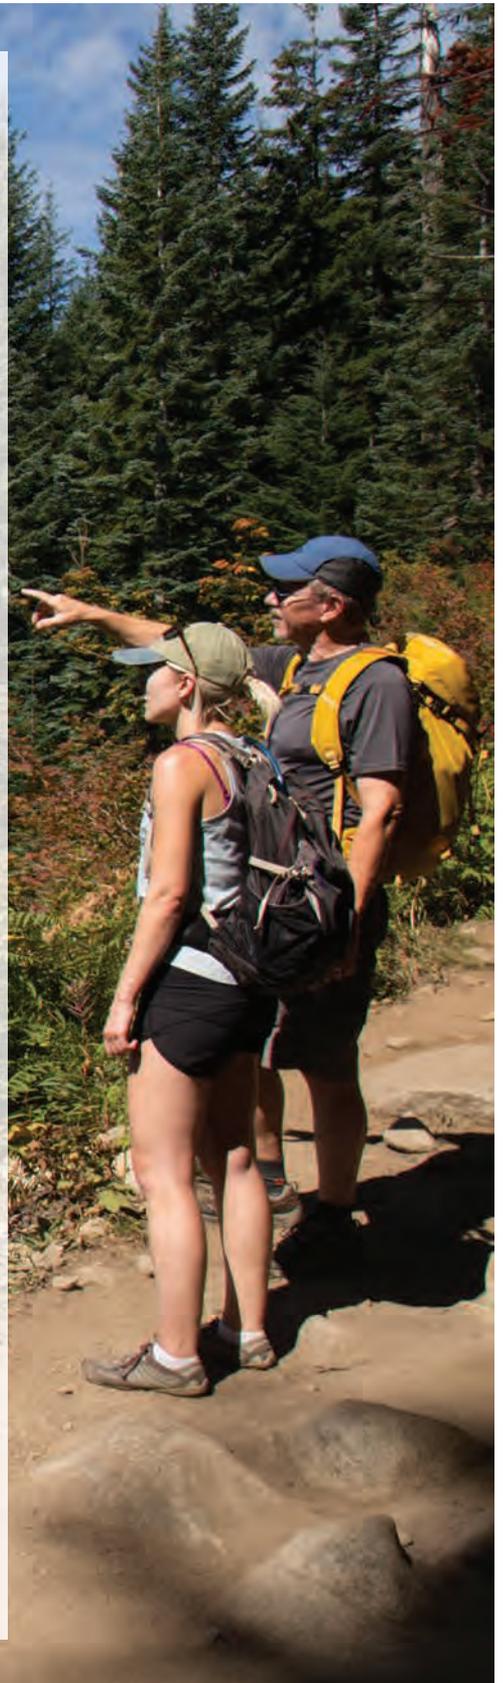

Terms/ Definitions:

*** Activity/Program:** The term 'activity' or 'program' describes any outing, trip, or event sponsored by Spokane Parks and Recreation.

**** Companion/Trained Aid:** In some circumstances, if an EEC can be met with the help of a companion/trained aide participants may be eligible to participate.

- Examples of companions/trained aides include service animals, translators, caregivers, or an individual that can assist a participant with physical, emotional, or communication requirements.
- In the case of a minor needing to meet an EEC with an aide, a parent/guardian or responsible adult may act as an aide.
- Companions/Trained Aides must be able to complete all EEC.
- Spokane Parks and Recreation will permit the attendance of a participant's companion at no additional cost to the participant; however, the companion will be responsible for purchasing their own consumable resources/access fees (e.g. food, event tickets, etc.). For your convenience, these costs can be given upon request. Please contact the program supervisor for coordination.

***** Reasonable Accommodation:** An accommodation made that will not fundamentally change the nature of a program, would increase unnecessary risk to the participant or others, or would place an undue financial or administrative burden on Spokane Parks and Recreation.

LEVEL DESCRIPTIONS & GENERAL INFORMATION

Tadpole | Parent Assist | Ages 6-36 Months

Water orientation class for younger children. Parents (one adult per child) are required to be in the water with children. The goal of this class is to introduce water adjustment skills in a safe and friendly environment. Climbing in and out of the pool, floating on front and back, kicking, and arm movement. All swimmers in diapers must be in swim diapers.

Seahorse | Preschool | Ages 3-5 Years

Through games and play, the goal is to introduce preschool-aged kids to water and teach them how to safely navigate this exciting new environment. Students will work on submerging underwater, blowing bubbles with their mouth and nose, supported floating, and introducing leg movements.

Level 1 | Penguin | Ages 5-8 Years

A great place for school-aged kids who are new to lessons or are nervous/afraid around water. The primary goal is to develop comfort and confidence. Students review and master all Seahorse skills, work on floating independently on front and back, refine their kicking, and are introduced to crawl stroke arms.

Level 2 | Turtle | Ages 5-9 Years

Students must be able to demonstrate Level 1 skills to be in this class. Students will continue to develop comfort and confidence, especially underwater and floating. This class focuses on a lot of new skills: kicking and rolling, crawl stroke, and backstroke.

Level 3 | Stingray | Ages 6-10 Years

Students must be able to demonstrate Level 2 skills to be in this class. This class is a challenge! There will be a lot of work on side breathing with crawl stroke, will refine backstroke, and introduce treading water. Students should pass this class before joining our Aqua Ducks Swim Team.

Level 4 | Seal | Ages 7-11 Years

Students must be able to demonstrate Level 3 skills to be in this class. Get ready to swim some laps: in addition to working on crawl stroke, backstroke, and treading water endurance, students will be introduced to breaststroke kick and elementary backstroke.

Level 5 | Barracuda | Ages 8-12 Years

Students must be able to demonstrate Level 4 skills to be in this class. This class is designed to prepare students for swimming for fitness or for continuing to our Jr. Lifeguard class. This class is designed for stroke refinement and endurance, working on crawl stroke, backstroke, breaststroke, elementary backstroke, and introducing butterfly.

 1. Stay with the group.

 3. No smoking permitted except in designated areas upon approval of TRS staff.
 4. No food or drink allowed on the vans or other transport vehicles.
 5. No stealing

Absolutely No Sexual Harassment or Assaultive behavior will be tolerated. We reserve the right to send participants home if displaying inappropriate behaviors or not abiding by the TRS Customer Involvement Policies. We strive to provide a safe and enjoyable experience for everyone in a Therapeutic Recreation Services activity.

IMPORTANT INFORMATION

SERVICE PHILOSOPHY

Primary goal is to make recreational activities available to a broad spectrum of people with developmental and/or physical disabilities. Our purpose is to assist people to have positive experiences and develop appropriate leisure and social skills they can use throughout their lifetime. Mastery of leisure skills often leads to an increase in self-esteem and the ability to tackle other obstacles in life.

VOLUNTEER/STAFF

Volunteers are vital to our programs. Parents/care providers, siblings, and students are encouraged to volunteer. If you are interested in volunteering, call 509.625.6245. Paid positions also available.

PARTICIPANT PERSONAL NEEDS

Therapeutic Recreation staff provides leadership for the activity and are unable to provide attendant care *(feeding, toileting assistance, giving medications, transfers, etc.)*. Care providers should accompany participants who need personal care. Participants who have behavioral issues may be asked to participate with a care provider in attendance. Registration fees for care providers may be waived or will vary depending on the activity.

MEDICATION POLICY

Participants who take medication during a Therapeutic Recreation program must complete a **MEDICATION INFORMATION AND WAIVER** form and return it before start of class. Participants must be self-medicating. Program staff can take custody of medication and remind participants when to take medication. Program staff cannot administer medication. All medication must be packaged according to program instructions. Participants should have a current medical coupon/medical insurance card, and identification with current address and phone number.

MISCELLANEOUS INFORMATION

Participants will be notified of class changes. Classes held in Spokane school facilities do not meet on holidays, vacation & curriculum days.

PROGRAM FEES

Limited scholarship funds are available should a participant be unable to afford a class. Donations are tax deductible and assist us to better serve the leisure needs of people with disabilities. Therapeutic Recreation Services is a registered contractor with DSHS and is eligible to accept DDA respite funds for payment of activities through the Provider system. Contact your local DDA case manager for more information.

PROCESS TO USE DDA FUNDING:

1. Contact your DDA case manager and inform them of price.
2. Have case manager send funding approval to: trs@spokaneccity.org
3. Fill out registration and then on page 13 indicate DDA as payment source and list case manager.
4. When registration form has been received and processed by TRS, a confirmation receipt will be sent to participant/family.
5. Provide copy of confirmation receipt to case manager
6. If camper needs to cancel registration, regular refund policy and procedures apply (see below). **DDA WILL NOT PAY IF PARTICIPANT DOES NOT ATTEND BUT DID NOT CANCEL.** In this case, payment responsibility falls to participant's family.

REFUND POLICY

Participants will be notified if a class or program is canceled due to lack of enrollment and will be offered an alternate choice, full refund or credit on account. Participants who wish to cancel enrollment must notify Therapeutic Recreation at least fourteen days prior to the program date to be considered for a refund. Refund amount will be based on the number of students enrolled and any supply costs incurred on the participant's behalf. Care providers may not substitute participants. Every participant must be preregistered. Requests for refunds must be made in writing and approved by Therapeutic Recreation supervisor. Refunds will not be made after the first session or for missed sessions. Trip deposits are non-refundable unless cancellation is made at least 30 days before trip departure date.

TRANSPORTATION/PARATRANSIT USERS

The Spokane Transit Authority offers both fixed route and para-transit services to the public. For fixed route service, call 509.328.7433; para-transit service, call 509.328.1552. STA will not wait for instructors or buildings to open. Our instructors arrive fifteen minutes prior to the start of the class. In order to prevent participants from being dropped off too early please give a "no earlier than drop" time of 15 minutes before the class starts. Do not use a "no later than" time as it causes problems of too early of an arrival. Care providers must accompany participants who cannot find the class location independently or wait appropriately for the instructor. Therapeutic Recreation works with STA and care providers to identify early and late arrivals and make changes in schedules as needed. *Another suggestion is to use subscription trips. After attending a class three weeks in a row the rider qualifies. With this ride you won't need to call in each week - just call when need to cancel. Schedule rides early. If participants need additional supervision while waiting for transportation after program hours, a bill will be sent to cover staff expenses. Para-transit is not recommended for those activities involving a flexible return time - i.e. trips.

REGISTRATION PROCEDURE:

- Advance registration is necessary for all programs except where noted.
- Registration is processed on first paid, first served basis. Payment can be accepted over the phone with Visa/MC/Discover only. No verbal reservations over phone.
- Mail in, phone in or walk in.
- Medication Information & Waiver form filled out as necessary.
