Re-Imagine City Life

Parks and green spaces
re-define our 21st century
urban environments.

What's healthy for our
cities is also healthy for us.

Explore, play and get
active in Spokane Parks!

Who we are - SPF is an independent, non-partisan advocate here to help bridge the gap between what local parks departments can afford and what parks need to thrive.

What we do - SPF's mission is to cultivate the health, growth and continued enjoyment of our communities by inspiring giving and passion for our parks. For almost 64 years we've been leveraging the dollars given to us to invest in parks. We've awarded over \$2 million in grants. We've helped local grassroots groups grow into vital park-protecting, park-funding and park-warrior groups. We've advocated for new parks. And we've helped thousands of kids afford to use the public pools located in the parks.

Please package medication by dose in individual extra small zip lock bags or blister cards labeled by the pharmacy to include: 1) name of participant; 2) name of physician; 3) name of pharmacy; 4) dosage and amount; and 5) time to take. For example, if you take six different medications at dinner time there should be six small zip lock bags or blister cards, each with the label information listed above. Then put all bags in a larger zip lock bag labeled with your name, date, day and time to take; e.g. Sam Jones, Saturday, June 15, 6:00 pm. **Send only the amount of medication needed for the dates of the activity. Do not send excess dosages.** Please see the examples below of the small zip lock bag, label, and blister card.

The following pharmacies will package medications this way. Evergreen Pharmacy East, 622 E. 2nd, 838.4826 if you live in a group home. Inland Pharmaceutical Services at 1328 N. Ash, 326.8001, or Walgreen's Express, call 921.0659 for locations, will package medication in small individual blister cards. They do packaging for all clients. Please ask for a Pharmacist. Participants must be able to take their own medications while at the activity. The activity leaders will provide reminders to take medications and to safely secure them when not in use.
