Familiarize yourself with the boarding process of each attraction. Ask our team for assistance when needed!

Maintain a minimum 6-foot separation between staff and customers. Attraction queues have been spaced at 8-feet for families.

Use hand sanitizer before boarding and after exiting attractions or when in contact with any high touch surface. Sanitizing stations are available at open facilities.

Wash hands regularly and avoid touching face.

Please follow the Spokane Regional Health District directive to wear a mask indoors and confined public settings, when within 6' of people from outside your household.

All attraction attendants and cashiers are required to wear face masks and gloves.

High touch surfaces including restrooms, carousel horses, scooters, skates and gondolas are regularly sanitized.

When possible interior and exterior doors will be left open to reduce high touch surfaces.

Building and attraction occupancy has been reduced to support social distancing and prevent group congregations.

Those who exhibit cold/flu-like symptoms are encouraged to stay home for their health and safety and for that of other staff and patrons.
