The City will:

Stage 1 Snow Event

- Notify citizens of the snow event.
- Plow arterials and fixed STA bus routes on a 20-hour schedule until complete.
- Supplement Street crews with crews from other City departments, as needed.
- Plow Neighborhood Business Districts to the curb, as part of the arterial routes.
- Plow around hospitals and in medical district, as needed.
- Plow residential hills (routes 20 and above).
- Clear snow in Central Business District using de-icer or by plowing to the center of the street.
- Clear sidewalks around priority City-owned property within 24 hours.

Stage 2 Snow Event

- Notify citizens of changing snow event.
- Immediately embark on a full-City plow. A full-City plow will take about 4 days of 24-hour operation, depending on weather conditions.
- Bring in private contractors to supplement City crews.
- Clear sidewalks around City-owned property within 24 hours.
- Be ready to implement the "Snow Corridor Plan," if weather conditions severely restrict the City's ability to keep up with snowfall.

Citizens, meanwhile, will be asked to:

Stage 1 Snow Event

- Move parked cars off all arterials and fixed STA bus routes within 6 hours.
- Move parked cars in residential hill routes (routes 20 and above) to one side of the street within 6 hours. (Odd side of the street during odd seasons—2015-16.)
- Clear sidewalks of snow within 24 hours.

Stage 2 Snow Event

- Keep parked cars off of all arterials and fixed STA bus routes.
- Move vehicles out of downtown street parking spaces between 2 a.m. and 6 a.m.
- Move parked cars in residential areas to one side of the street within 6 hours. (Odd side of the street during odd seasons—2015-16.)
- Clear sidewalks of snow within 24 hours.
- Clear snow off of vehicles that are parked along the street.
- Clear snow from around curb ramps, fire hydrants, storm drains, and mail boxes.

The City may ticket and/or tow for failing to comply with things like parking restrictions. Additionally, tickets may be issued for not clearing sidewalks.

What's the Snow Corridor Plan?

The Snow Corridor Plan is implemented when City crews cannot effectively keep arterials clear because of weather conditions. Crews will concentrate on identified routes (sign shown on the right) that citizens can rely on until conditions improve. The routes include:

North-South

- Maple St./Ash St. — I-90 to the north City limits
- Cedar St./High Dr./Hatch Rd. — I-90 to SR195
- Division St./Newport Hwy. — I-90 to the north City limits
- Bernard St./Grand Blvd. — Third Ave. to High Drive.
- Freya St./Greene St./Market St. — I-90 to the north City limits
- Freya St./Thor St./Ray St./Regal St. — I-90 to 57th Ave.
- Hamilton St./Nevada St. — Trent Ave. to the north City limits

East-West

- Francis Ave./Nine Mile Rd. — West City limits on Nine Mile Rd. to Havana St.
- Wellesley Ave. — Assembly St. to Freya St.
- Mission Ave./Maxwell Ave./Trent Ave. — Ash St. to the east City limits
- Sunset Hwy./Second Ave./ Third Ave. — West City limits to east City limits
- 29th Ave. — High Dr. to Havana St.
- 37th Ave. — Bernard St. to the east City limits

CITY OF SPOKANE Snow Removal Info

2015-2016 Snow Season

When is the "Snow Season?"

The City's Snow Season runs from November 15 to March 15. Spokane sees most of its snowfall during these four months of the year, with snow often concentrated in December and January.

What is a "Snow Event?"

During Snow Season, the City monitors weather conditions 24 hours a day. When snowfall reaches certain thresholds, the City will declare a snow event, which triggers a variety of responsibilities for the City and its citizens. We have two snow event stages, depending on conditions.

What's included in a Stage 1 Snow Event?

The City will declare a Stage 1 Snow Event when 2 inches of snow are on the ground and 4 inches more are anticipated during the current snow event. This declaration will trigger a number of actions.

What's included in a Stage 2 Snow Event?

The City will declare a Stage 2 Snow Event when 6 inches of snow are on the ground and more is anticipated during the current snow event. Again, this declaration will trigger a number of actions.

Parking Tips

Stand with your back to either Division for east-west streets or Sprague for north-South streets

The odd side of the street will be on your left and the even will be on your right.

ODD -- L R -- EVEN

Seasons starting in odd years park on the odd side of the street. Snow seasons starting in even years park on the even side of the street.
