CITY OF SPOKANE OBSTRUCTION NOTICE

April 12 – 19, 2019

For more information contact Jessica Fisher
509.625.6749; jfisher@spokanecity.org

- Traffic back-ups getting you down? Travel green. Reduce traffic congestion and save fuel by using a commute alternative.
- Visit http://www.mycommute.org/for details.
- For details on projects throughout Spokane County, visit www.srtc.org.
- Don't compete. Share the street. Visit StickmanKnows.org for rules of the road and safety tips.
- **FUTURE SPOKANE**
  From streets to parks, everything's getting better! While it is, getting around downtown is still a snap. These voter-approved projects are building a better downtown. For project updates and information, get all the info you need here: www.futurespokane.com

Projects highlighted in RED have notable changes this week. Construction is tentative and subject to change at any time.

COMBINED SEWER OVERFLOW (CSO) CONSTRUCTION

ADAMS STREET COMBINED SEWER OVERFLOW (CSO) 24 PROJECT

- The Adams Street CSO project is near completion! The following streets are closed:
  - The northern most lane of Sprague Avenue between Adams and Cedar Street.
  - Adams Street between Sprague and Riverside Avenue is closed to through traffic. Local Access is provided for Q6.
  - Westbound Riverside from Jefferson to Cedar will be closed to through traffic from Monday, April 15 to Friday, April 19. Traffic will be detoured south on Jefferson to Sprague.

This project will construct a 2.4 million gallon Combined Sewer Overflow Tank (CSO) tank and the necessary piping for our Cleaner River Faster Program.

The $16.3 million project is funded with City Utility funds.

EAST CENTRAL STORMWATER IMPROVEMENTS

- Crews are working at the following locations:
  - Crestline Street and Pacific Avenue
  - Crestline Street will be closed between 1st and Pacific Avenue

This work involves the installation of storm structures, a swale and associated storm sewer pipe. This work will separate combined sanitary and storm system flows and divert stormwater to the new swale area.

The $1.75 million project is funded with local and state funds.

I-07C & CSO 34-1 CONTROL FACILITIES

- Riverside Avenue between Napa and Crestline Street remains closed.

  I-07c work is to construct a 200,000 gallon Combined Sewer Overflow Tank and CSO 34-1 work is to construct a 1.4 million gallon CSO tank. These projects are part of the "It's all about the River" program to keep our greatest asset, our river, clean.

  I-07c is a $2.8 million project and CSO 34-1 is a $13 million project.

SPOKANE FALLS BOULEVARD COMBINED SEWER OVERFLOW TANK (CSO 26) PROJECT

- Construction proceeds on the 2.2 million-gallon CSO tank by the Downtown Library.
  - **Spokane Falls Boulevard from Lincoln to Monroe is closed to traffic.**
  - **Traffic on Lincoln Street from Spokane Falls Boulevard to Main is directed southbound; drivers are required to go east or west at Main. Lincoln is the detour for traffic coming from the River Park Square garage and Spokane Falls.**

  Crews are forming retaining walls around both sides of the CSO Tank. Mechanical and Electrical work has begun inside the tank. Crews will continue backfilling the tank. Crews are also started working on the lower bypass retaining wall which they expect to complete on Friday, April 26.

  The left hand turn lane on southbound Monroe Street at Main Avenue is closed for new drainage and sidewalk work.

  The project is part of the City's efforts to get to a Cleaner River Faster. The tank will include a new public plaza with views of the lower falls of the Spokane River.

  The $20 million project is being paid for with City Utility funds.

NON-CITY OBSTRUCTIONS

- The south 50% of Sharp Avenue will be closed between Wall and Monroe from 3/18/19 – 4/19/19 for aerial work.
- The left northbound lane of Division Street from 1st Ave to Spokane Falls Blvd will be closed from 4/11/19-4/19/19 along with westbound curb lane of W Riverside.
- The left lane of Walnut Street between 5th and 3rd Avenue and the right lane of 3rd Avenue from Ash to Walnut Street will be closed for Avista work from 4/8/19-4/22/19.
- Stevens Street and Main Avenue will have alternating lane closures, two lanes of each street at a time from 3/25/19-4/25/19 for Potelco utility work.
- Montgomery will be closed between Ruby and Division from 4/10/19-4/25/19.
- The northbound curb lane of Grand Boulevard between 13th and Rockwood will be closed from 3/28/19-4/26/19 for Sefnco aerial fiber work.

- The westbound curb lane of Francis Avenue between Elgin and Belt closed from 3/28/19-4/26/19 for Quanta telecom work.
- The right eastbound curb lane of Francis will be closed from Myrtle to Havana from 4/15/19-4/26/19.
- Main Avenue will have lane closures from Wall Street to east of Stevens Street. Due to this Potelco work the Stevens left turn lane will be closed. This work is scheduled for 3/25/19-4/30/19 between the hours of 8 a.m. and 4 p.m., there will be no Friday work.
- The right hand turn lane and sidewalk from Washington Street onto 1st Avenue will be closed from 3/14/19 – 5/3/19 for Avista vault work.
- The southbound curb lane on Ray Street will be closed between 17th and 22nd from 4/10/19-5/9/19.
- The northbound curb lane of Freya Street between Main and Olive Street will be closed from 4/10/19-5/10/19 for Sefnco work.
- The east lane of Crestline will be closed between Brooklyn and Weile from 4/15/19-5/10/19.
- The north side of Spokane Falls Boulevard at Post will be closed until 5/30/19.
- The sidewalk on the south side of 1st Avenue between Madison and Jefferson will remain closed until 6/11/19 for building façade work.
- The sidewalk on 5th Ave between Jefferson and Monroe and STA bus stop in that location closed from 10/2/18-11/2/19 for building construction.
- The curb lanes of 1st Avenue between Lincoln and Post (only one lane at a time) will be closed intermittently from 1/1/19-12/31/19 for steam plant remediation.

PEDESTRIAN AND BIKEWAYS

RIVERFRONT PARK CONSTRUCTION

- South Bank: The short pathway between the orange bridge and the East Wooden Bridge will temporarily close again, to allow Promenade construction on the north end of the orange bridge. The closure is anticipated to last February – May. A detour across the East Wooden Bridge will connect pedestrians and cyclists between the south bank and the clock tower pathway. The Rotary Fountain and Looff Carrousel areas are not impacted. View the map.
- North Bank: The sidewalk along the corner southeast of Howard and Mallon by the Spokane Arena will be temporarily closed early winter. Fencing surrounds the Promenade of the North Bank, closing the Howard Street pedestrian bridges (including the blue bridge). Detour routes through the park take visitors either across the suspension bridges or the Washington Street Bridge. Construction on the North Promenade is anticipated to open for Bloomsday in early May, between the North Bank up to the Blue Bridge.
- Pavilion: Fencing is expanded around the Pavilion site. It is anticipated to be in place through fall 2019.
- The website for redevelopment is www.riverfrontparknow.com.

SPRAGUE/SHERMAN BRIDGE PLAZA

- The intersection of Sprague Avenue and Sherman Street will close starting Monday, April 15. Traffic will be detoured to 1st Avenue via Grant and Hatch Street.

  Improve the Sprague Avenue and Sherman Street intersection providing a transit hub to link the University District Bridge with Sprague Avenue. This project includes construction of a multiuse (bicycles, pedestrians and transit) facility between Sprague and Sherman, new signals and pedestrian lighting, landscaping.

  This is a $745,000 project.

STREET DEPARTMENT PROJECTS

ARTERIAL CRACK SEALING

- Southeast Boulevard/Sherman Street, Perry Street to 3rd Avenue weather permitting.

POTHOLE CREWS

- City crews continue to fill potholes. If you see a pothole, report it by calling **3-1-1.** Potholes can also be reported online through your MySpokane account**.** Crews focus on the largest holes on the busiest streets first. Include as much information as possible on the location and size of the pothole.

STREET GRADING

- Crews are grinding the following alleys:
  - 2700 & 3000 E. Diamond/Everett
  - 3000 E. Everett/Sanson
  - 2900-3100 E. Olympic/Wabash
  - 1600 S. Grand/Tacoma
  - 2400-2600 S. Grand/Latawah
  - 2600 S. Grand/Hatch
  - 2900, 3100, 3200 & 3800 E. 35th/36th

STREET SWEEPING

- All sweeping crews are focused on the arterials, cleaning the winter sand on the sidewalks and islands. When that is complete we will start the residential routes.

UTILITY CUT CREW

- Working throughout the city repairing sewer and water repairs.

STREET PROJECTS

2ND & 3RD AVENUE STORMWATER PIPING

- The following streets are closed:
  - 3rd Avenue eastbound traffic will be restricted to one lane only through the Arthur Street intersection.
  - 2nd Avenue will be restricted to one lane from Perry Street through the intersection of Arthur Street.
  - Arthur Street from 3rd to 2nd Avenue will be closed.

This project will install new storm water piping on 2nd Avenue from the Hamilton Street overpass to Perry Street and 3rd Avenue from Hatch to Arthur Street.

This is a $1.7 million project.

2013 DOWNTOWN PEDESTRIAN IMPORVEMENTS

- Work on this project has resumed. Closures include:
  - Lane closures in the vicinity of Stevens Street and Sprague Avenue
  - Washington Street west parking lane closed in the vicinity of Sprague Avenue
  - First Avenue north parking lane closed in the vicinity of Stevens Street
  - Post Street east parking lane closed in the vicinity of Sprague Avenue
- Parking is not available along the southside of First Ave. between Monroe and Lincoln
- Parking is not available along the northside of First Ave. just east of the intersection of First Ave. and Stevens St.
- Parking is not available along the westside of Washington St. just north of the intersection of Sprague Ave. and Washington St.

Construct pedestrian improvements in the Downtown Spokane Core. Includes, in selected areas, structural sidewalk repair/replacement (vaults, non-vault related replacements/repairs, sidewalk removal/replacement, etc.), minor sidewalk repair, street tree infill, replacement of hazardous street tree grates, installation of bike racks, planters and garbage cans.

The $1.4 million project is funded with federal funds.

EUCLID AVENUE WATER AND SEWER FROM MARKET TO RALPH STREET

- The following streets are closed:
  - Euclid Avenue will be closed to eastbound traffic between Market and Freya Street.
  - Ralph Street will be closed from Euclid to Courtland Avenue.

Project work includes relocating and encasing water and sewer mains in beneath BNSF the railroad tracks Euclid Ave. between Market St. and Ralph St. It also includes installation of new water main in Market Street between Euclid Ave. and Bridgeport Ave. and in Ralph Street from Euclid Ave. to Courtland Ave. Work will also impact Market Street North of Cleveland to Euclid. Utility construction on this project is associated with WSDOT's North South Corridor improvements.

This is a $2.4 million project.

MARTIN LUTHER KING JR. WAY/RIVERSIDE DRIVE PHASE 2B

- Martin Luther King Jr. Way from Trent Avenue to Sherman Street will temporarily reopen the evening of Friday, April 12 to Tuesday, April 16.

This project constructs a new road from Erie to Perry Street including a new roundabout at Trent Avenue and Perry Street.

The $2.5 million project is funded with local, state and federal funds.

RED BAND PARK RIVER ACCESS & PRIVACY SHELTER

- No traffic restrictions

This project includes the installation of a rafting boat rail launch system into the Spokane River, located at Red Band Park (the old Glover Field) in Peaceful Valley. The project also includes the installation of a Privacy Shelter which will house Portable Bathroom Facilities.

SPRAGUE AVENUE GRIND & OVERLAY

- A grind and overlay project has closed the south half of Sprague Avenue from Scott to Helena Street. The north half is open for two-way traffic.

SUNSET BOULEVARD, ROYAL TO LINDEKE STREET

- Sunset Boulevard is reduced to one lane in each direction from F to Royal Street.

The City of Spokane will repave Sunset Blvd. between the intersections of Royal and Lindeke Street. This project will update the existing pavement surface by grinding the existing pavement down and overlaying it with new asphalt. The new surface will be striped with 3 vehicle lanes and 1 bicycle lane. There will be 2 travel lanes going uphill and one travel lane going downhill. A wide sidewalk with curb will be created along the north side of the roadway and a new bike lane will be installed on the south side of the

roadway. Wheelchair ramps will be brought into ADA compliance and minor storm sewer upgrades and/or repairs will also be included in the project. Sunset Boulevard will remain open during construction.

This is a $2.5 million project.

WATER DEPARTMENT WORK

HAMILTON STREET AND TRENT AVENUE

The Water Department will be replacing a water main at the intersection of Hamilton Street and Trent Avenue starting the evening of Friday, April 12.

- Northbound Hamilton traffic will be closed from Trent to Springfield Avenue. Detours will be in place.
- Westbound Trent Avenue will be closed from Columbus to Hamilton starting the evening of Friday, April 12 to Monday, April 15

WASHINGTON STATE DEPARTMENT OF TRANSPORTATION (WSDOT)

I-90 HAMILTON WESTBOUND ON-RAMP DECK REPAIR

- The I-90 westbound on-ramp is closed for hydro milling.

Construction Information for the Greater Metropolitan Area
