*Projects highlighted in **RED** have notable changes this week. Construction is tentative and subject to change at any time.*

CONSTRUCTION PROJECTS

[33RD AVENUE FROM BERNARD TO DIVISION STREET](#)

- 33rd Avenue is closed from Bernard to Lamonte Street.

This project includes pavement reconstruction and a grind and overlay. The project will replace a sewer main, water distribution main and water transmission main.

This is a \$1.3 million project funded with local funds.

[CENTRAL AVENUE WELL #2 REHABILITATION](#)

- Normandie Street is open between Central and Dalke Avenue.

This project will upgrade and modernize the station with a new building housing and a single pump and motor.

This is a \$995,000 project funded with federal funds.

[DEER HEIGHTS ROUNDABOUT](#)

- Traffic revisions are in place on U.S. 2 near Deer Heights Road. **Crews will be shifting traffic for the next phase of construction on the evening of Sunday, Aug. 18.**

This project includes construction of a roundabout at U.S. 2 and Deer Heights Road.

This is a \$1.5 million project funded with local and developer funds.

ERIE STORMWATER FACILITY FROM FRONT AVENUE TO TRENT AVENUE

- Erie Street is closed from Trent Avenue to Denver Street.

The project includes construction of a new stormwater facility including bio-infiltration swales and related drainage structures.

This is a \$2.1 million project funded with local and Washington State Department of Ecology funds.

FIVE MILE ROAD FROM LINCOLN TO STRONG ROAD

- Five Mile Road is closed between Lincoln and Strong Road. Cars are not permitted; please use the detour route in place, which utilizes Johannsen Road and Cedar Street.

This project will include full depth pavement restoration on Five Mile Road, from Lincoln to Strong. The project includes the installation of ADA ramps at intersections and crosswalks, replacement of an 18" steel water main (from Lincoln to Strong), stormwater improvements (swales and trees), installation of pedestrian illumination at Five Mile and Strong Road, and the installation of a roundabout at the intersection of Five Mile and Strong Road.

This is a \$2.7 million project.

MARTIN LUTHER KING JR. WAY/RIVERSIDE DRIVE PHASE 2B

- Martin Luther King Jr. Way is open. Punch list items remain.

This project constructs a new road from Erie to Perry Street including a new roundabout at Trent Avenue and Perry Street.

The \$2.5 million project is funded with local, state and federal funds.

RESIDENTIAL CHIP SEAL

- Crews are chip sealing in three residential locations:
 - Stonewall/Dakota – Crews will be working in the area bound by Lincoln Road to Vicksburg Avenue and Nevada Street to Antietam Drive.
 - Joseph/Elm – Crews will be working in the area bound by Central to Rowan Avenue and Ash to Belt Street.
 - Fiske – Crews will be working in the area bound by Ray to Regal Street and 33rd to 36th Avenue.

NEIGHBORHOOD TRAFFIC CALMING PROJECTS

- Crews are working at the following locations:
 - Central Avenue between Ash and Belt Street. Drivers should expect delays.
 - Strong Road between Nettleton Court and Austin Road. Drivers should expect lane closures and possible delays.

This project includes installation of sidewalks, driveways and wheelchair ramps.

The \$1 million project is funded with local funds.

RIVER INFILTRATION REDUCTION – CIPP REHABILITATION

- Crews are working daily from approximately 7 a.m. to 4 p.m. Road closures vary daily. **Starting Monday, Aug. 19, Helena Street will be closed from Boone to Desmet Avenue.**

This project will repair several wastewater main line and lateral service pipes by installing pipe linings and repairing side service to mainline connections. A Cure In Place Pipe lining system will be used to repair existing pipes and connections. In general, project limits include the area south of Mission Ave., east of the Spokane River, west of Helena St. and north of Cataldo Ave. These improvements will reduce the amount of groundwater infiltration into the municipal wastewater system.

This is a \$744,900 project funded with Washington State department of Ecology funds.

ROSSMOOR RIDGE FORCE MAIN REPLACEMENT

- Crews are working near the intersection of Cedar Road and Kensington Drive. Local access only.

This project spans Kensington Drive from Cedar Road to just south of Chaucer Avenue and will replace existing 4-inch PVC force main with ductile iron force main.

This is a \$423,900 project.

SPOKANE STREET PRESERVATION NORTH

- **Wellesley Avenue, Driscoll Boulevard to Milton Street**
Wellesley Avenue is closed to through traffic from Driscoll Boulevard to Milton Street. A detour is in place.

SPRAGUE AVENUE REBUILD PHASE 2

- Sprague Avenue is closed between Scott and Grant Street. 1st Avenue is serving as the detour route; business access is open!

This project includes water, sewer, and stormwater utilities, new sidewalk, and roadway reconstruction. There will also be utility work in Grant Street and Riverside Avenue from Sprague Avenue to the University Bridge landing.

This is a \$3.1 million project.

SUNSET BOULEVARD, ROYAL TO LINDEKE STREET

- Sunset Boulevard is open to traffic.

The City of Spokane will repave Sunset Blvd. between the intersections of Royal and Lindeke Street. This project will update the existing pavement surface by grinding the existing pavement down and overlaying it with new asphalt. The new surface will be striped with 3 vehicle lanes and 1 bicycle lane. There will be 2 travel lanes going uphill and one travel lane going downhill. A wide sidewalk with curb will be created along the north side of the roadway and a new bike lane will be installed on the south side of the roadway. Wheelchair ramps will be brought into ADA compliance and minor storm sewer upgrades and/or repairs will also be included in the project. Sunset Boulevard will remain open during construction.

This is a \$2.5 million project.

COMBINED SEWER OVERFLOW (CSO) CONSTRUCTION

I-07C & CSO 34-1 CONTROL FACILITIES

- Street closures include:
 - Riverside Avenue between Napa and Crestline Street remains closed.
 - **The Riverside Avenue and Magnolia Street intersection will remain closed until Friday, Aug. 16. Local access will still be available.**

I-07c work is to construct a 200,000 gallon Combined Sewer Overflow Tank and CSO 34-1 work is to construct a 1.4 million gallon CSO tank. These projects are part of the “It’s all about the River” program to keep our greatest asset, our river, clean.

I-07c is a \$2.8 million project and CSO 34-1 is a \$13 million project.
