*Projects highlighted in **RED** have notable changes this week. Construction is tentative and subject to change at any time.*

CONSTRUCTION PROJECTS

9TH AND PINE BOOSTER STATION

- 9th Avenue is closed to traffic between Cowley Street and Rockwood Boulevard. Access to the Providence employee parking lot and impacted driveways will be maintained.

This project will replace the out-of-service booster station with a modern facility.

This is a \$5.3 million project.

COCHRAN BASIN CONTROL FACILITY

- Work on this project has resumed. There are no traffic impacts.

This project will construct a stormwater flow control vault.

This is a \$7.3 million project.

CYCLE 11 TRAFFIC CALMING

- There is shoulder work at the following locations as crews install speed feedback signs.
 - Lincoln Boulevard and Kip Lane
 - Lincoln Way and Willapa Avenue

This project aims to enhance the overall infrastructure, ensuring better pedestrian safety, traffic flow, and drainage in the area.

This is a \$2 million project.

FREYA TRANSMISSION MAIN – GARLAND TO WELLESLEY

- Freya Street is closed between Garland and Wellesley Street. The detour is Euclid Avenue to Wellesley via Market Street.

This project replaces an aging 30-inch steel water transmission main along Freya Street with a new 30-inch ductile iron main. Work also includes reconstructing the roadway, improving sidewalks, and installing stormwater management features.

This is a \$4.7 million project.

HIGH SYSTEM WATER TANK

- There are no impacts to the traveling public.

This project will construct a 2-million-gallon elevated steel and concrete water reservoir on the Hamblen Elementary property just south of Hamblen Park.

This is a \$9.8 million project.

PERRY STREET SEWER MAIN (19TH TO 18TH AVENUE)

- Perry Street is closed to traffic between 19th and 18th Avenue.

This project installs a new 8-inch sewer main and replaces an aging 8-inch cast iron water main along Perry Street, between 19th and 18th Avenues. Additional work includes replacing galvanized water service laterals with copper, reconstructing the roadway, and updating curbs, sidewalks, and driveways.

This is a \$396,000 million project.

SCOTT ELEMENTARY SAFE ROUTES TO SCHOOL

- Hartson Avenue is reduced to one lane with flaggers on-site between Freya and Havana Street.

This project improves pedestrian safety around Scott Elementary by adding sidewalks, curb extensions (bumpouts), and enhanced crosswalks. Traffic-calming measures will slow vehicles along key streets, creating safer routes for students walking to and from school.

This is a \$1.9 million project.

SPOTTED ROAD BOOSTER STATION

- There are no traffic impacts.

Construction of a new water booster station for the Plains Pressure Zone.

This is a \$2 million project.

2025 STREET MAINTENANCE CURB RAMPS

- This project will start on Monday, May 5. There will be shoulder work at Columbia Avenue between Stone and Cook Street as crews install new ADA ramps.

The City is undertaking a citywide initiative to install new ADA-compliant wheelchair ramps at various locations. This effort will improve pedestrian safety and accessibility, particularly for individuals with mobility challenges.

This is a \$765,000 million project.
