

CITY OF SPOKANE OBSTRUCTION NOTICE
November 21 – 28, 2025

For more information contact Jessica Fisher
509.625.6749; jfisher@spokanecity.org

- Traffic back-ups getting you down? Travel green. Reduce traffic congestion and save fuel by using a commute alternative. Visit www.mycommute.org for details.
- For details on projects throughout Spokane County, visit www.srtc.org.

*Projects highlighted in **RED** have notable changes this week. Construction is tentative and subject to change at any time.*

CONSTRUCTION PROJECTS

9TH AND PINE BOOSTER STATION

- There are no street closures. However, construction vehicles use 9th Avenue to access the off-street construction site for the remainder of the construction.

This project will replace the out-of-service booster station with a modern facility.

This is a \$5.3 million project.

ADAPTIVE DESIGN TRAFFIC CALMING (SPOKANE SAFE STREETS FOR ALL)

- Work has resumed. Crews are working at the following locations:
 - Riverside Avenue from Monroe to Division Streets
 - Riverside Avenue and Walnut Street
 - Strong Road at Nettleton, Orchard, and Cannon Avenues

All three districts will receive traffic calming improvements. Improvement projects will include bike lanes, shared-use pathways, stairway and crosswalk improvements, ADA ramps, and several other safety and mobility projects for non-motorized users.

This is a \$2.8 million project.

FRANCIS & ASSEMBLY WATER

- This project is done for the winter.

This is the first phase of a larger initiative to enhance water, sewer, stormwater, and traffic infrastructure in the Northwest Terrace area. Phase One involves installing a new water transmission main from the Low Water Pressure System to the NW Terrace Water Pressure System, improving domestic water reliability and supporting future growth.

This is a \$3.2 million project.

FREYA STREET WATER MAIN REPLACEMENT (21ST TO 13TH)

- **This project is substantially complete!**

This project replaces approximately 3,050 feet of 8-inch cast iron water main with a 12-inch ductile iron main. Work also includes roadway repairs (not full-width, just the half where the water main is being replaced), ADA-compliant curb ramps, and coordination with utilities to minimize service disruptions.

This is a \$3.7 million project.

LINCOLN STREET – SUMMIT TO SINTO PEDESTRIAN AND BIKE SAFETY

- Crews are working on striping and concrete islands.

This project enhances bicycle and pedestrian infrastructure along Lincoln Street from Summit Parkway to Sinto Avenue. Improvements include buffered and protected bike lanes, widened sidewalks, a grind-and-overlay from Summit to Boone, and a new signal at Lincoln/Broadway.

This is a \$2.6 million project.

SPOTTED ROAD BOOSTER STATION

- There are no traffic impacts.

Construction of a new water booster station for the Plains Pressure Zone.

This is a \$2 million project.

NON-CITY OBSTRUCTIONS

- North Sky Communications will be working at the following locations from 11/17/25 to 11/21/25.

STREET DEPARTMENT PROJECTS

POTHOLE CREWS

- City crews continue to fill potholes as weather allows. If you see a pothole, report it by calling **3-1-1**. Potholes can also be reported online through [your Spokane 311 account](#). Crews focus on the largest holes on the busiest streets first. Include as much information as possible on the location and size of the pothole.

SWEEPING CREWS

- Northwest
 - Arterial Routes
- Northeast
 - Arterial Routes
- South
 - Arterial Routes

ADDITIONAL WORK

- Crews will be working on utility cuts.
- Crews will be working on leaf pickup.

WASHINGTON STATE DEPARTMENT OF TRANSPORTATION (WSDOT)

NORTH SPOKANE CORRIDOR-US 395/NSC SPOKANE RIVER CROSSING

- The curb lane of northbound Greene Street is closed between Mission and Ermina Avenues.
- Carlisle Avenue between Greene and Ralph Streets is closed.
- Upriver Drive at Ralph Street will be flagged to accommodate overhead work.
- Ralph Street is closed between Grace and Carlisle Avenues.
- The Spokane River is closed at the Greene Street Bridge.

This project will construct the North Spokane Corridor bridge that will cross the Spokane River and connect the skyway portion near Spokane Community College to the south and at Carlisle Avenue to the north of the river.
