*Projects highlighted in **RED** have notable changes this week. Construction is tentative and subject to change at any time.*

CONSTRUCTION PROJECTS

3RD AVENUE FROM WALNUT TO STEVENS STREETS AND STEVENS STREET FROM 8TH TO 3RD AVENUES

- Crews are working at the following locations:
 - Stevens Street has lane reductions between 3rd and 9th Avenues **until Friday, Oct. 2.**
 - 3rd Avenue has lane closures between Walnut and Stevens Streets.

This project is a grind and overlay of 3rd Avenue from Walnut to Stevens Streets, replacement of curb ramps for ADA compliance where needed, and stormwater upgrades.

This is a \$1 million project.

9TH AND PINE BOOSTER STATION

- There are no street closures. However, construction vehicles use 9th Avenue to access the off-street construction site for the remainder of the construction.

This project will replace the out-of-service booster station with a modern facility.

This is a \$5.3 million project.

ARTERIAL PEDESTRIAN HYBRID BEACONS

- Crews are working at Nevada Street and Cozza Drive. Motorists can expect lane closures and obstructions.

This project enhances pedestrian safety by installing four Pedestrian Hybrid Beacons (PHBs) on busy arterials. It also includes sidewalk upgrades, bike lanes, and improved pedestrian facilities to encourage safer, more accessible travel.

This is a \$1.5 million project.

AUSTIN ROAD EROSION

- Work on this project has been postponed and will **start on Monday, Oct. 26**. Crews will be working from 7:30 a.m. to 5 p.m. Austin Road will be closed between Five Mile Road and Quamish Drive. A detour will be in place, and local access will be maintained.

This project will excavate rock and reinforce the slope off of Austin Road between Five Mile Road and Quamish Drive.

CHESTNUT ST. BRIDGE SCOUR MITIGATION

- The Chestnut St. Bridge is closed with detours in place.

This project will include scour damage repair of the Chestnut St. Bridge including stream bottom and bank restoration, removal of fill, improve hydraulics under the bridge, rip/rap and repair around piers. No work is being done on the bridge structure or deck.

This is a \$2 million project.

CYCLE 13 TRAFFIC CALMING

- Crews will be working at the following locations:
 - Lacey Street and Wellesley Avenue
 - Altamont Street and 11th Avenue
 - Perry Street from 13th to 12th Avenue
 - Rowan Avenue and Maple/Ash Street
 - 3rd Avenue and Cowley Street

Improvements include installing Rectangle Rapid Flashing Beacons, curb bumpouts, Pedestrian Hybrid Beacons, bus pads, and hi-visibility Zicla zebra crosswalks, promoting a walkable and accessible community.

This project is funded by red light cameras.

CYCLE 14 TRAFFIC CALMING QUICK BUILDS

- Construction starts on Friday, Oct. 2. Crews are starting at 5th Avenue and Adams Street.

Improvements include installing curb bumpouts, traffic circles, hi-visibility crosswalks, and neighborhood greenway pavement markings and signage, promoting a walkable and accessible community.

This project is funded by red light cameras.

DESMET & SUPERIOR SEWER REROUTE

- The Centennial Trail is closed between Superior Street and Sharp Avenue.

This project replaces a damaged 10-inch sewer line near the intersection of Desmet Avenue and Superior Street. The existing pipe has deteriorated due to settlement and hydrogen sulfide damage, requiring full replacement. Work involves crossing the BNSF railroad and the Centennial Trail to connect to an existing siphon vault.

This is a \$1 million project.

FISH LAKE TRAIL PHASE 1

- Construction will start on Monday, Oct. 5. Government Way between Sunset Boulevard and 5th Avenue will have sidewalk and existing trail closures.

The project will extend the connection linking the Fish Lake Trail to the Centennial Trail to offer a safer, more accessible trail network and an improved crossing for pedestrians and cyclists. Phase 1 of this project extends the Fish Lake Trail from the Milton Street trailhead north to 5th Avenue, connecting toward the Centennial Trail. Work includes intersection improvements at Sunset Highway/Government Way, a new paved trail from Thorpe Road to the Fish Lake Trail, lighting, and warning systems in the BNSF tunnel.

This is a \$1.8 million project.

GREENE/FREYA/HAVANA ST. BRIDGE DECK RESURFACING

- Crews are working on the Havana Street and Greene Street Bridges.
 - Havana Street is closed between Broadway and Boone Avenues. A detour is in place.
 - Northbound Greene Street is closed between Ermina and Carlisle Avenues. A detour is in place.
 - Southbound Greene Street is reduced to one lane between Carlisle and Ermina Avenues.

This project will include bridge deck preservation work using a thin concrete overlay on Greene St. Bridge, and a polyester modified concrete overlay on two Freya St. Bridges and Havana St. Bridge.

This is a \$3.5 million.

LOCAL ACCESS GRIND AND OVERLAY AND CHIP SEAL

- The following streets are closed to through traffic with local access only and on-street parking restrictions.
 - Cataldo Avenue from Hogan to Napa Streets.
 - Central Avenue from Flemming to A Streets.

The project will include curb to curb asphalt repair, modifying curb ramps so they are ADA compliant and striping if necessary.

This is a \$2.5 million project.

PACIFIC AVENUE GREENWAY FROM HOWARD TO SHERMAN STREET

- Construction is underway. Here is what to expect.
 - Pacific Avenue is closed between Division and Browne Streets.
 - Browne Street has two lanes closed between Sprague and Pacific Avenues.

The Pacific Avenue Greenway creates an east-west bike route from Howard Street to Sherman Street, improving pedestrian safety and connecting downtown Spokane to the University District. Enhancements include bike lanes, pedestrian crosswalks, green space, stormwater improvements, and signal updates.

This is a \$5 million project.

SPOTTED ROAD BOOSTER STATION

- There are no traffic impacts.

Construction of a new water booster station for the Plains Pressure Zone.

This is a \$2 million project.

SUNSET HWY (US 2) FROM SPOTTED ROAD TO ROYAL STREET BICYCLE/SHARE USE PATH

- Sunset Highway and W. Sunset Frontage Road between Spotted Road and Assembly Road have lane closures, and the sidewalk is closed to pedestrians.

The Sunset Boulevard Bike Path Project will construct a dedicated multi-use path along the north side of Sunset Boulevard, connecting Spotted Road to Royal Street and pedestrian hybrid beacon. This 10–12-foot-wide path will improve safety and accessibility for pedestrians and cyclists in a high-traffic corridor.

This is a \$2.5 million project.

WASHINGTON STREET FROM 8TH TO 3RD AVENUES

- Washington Street is closed between 8th and 3rd Avenues. In addition, 8th Avenue remains closed between McClellan and Washington Streets. Here's what to expect:
 - Drivers traveling north on Grand Boulevard will be detoured at 7th Avenue to Division Street.
 - Drivers traveling north on Bernard Street will be detoured at 14th Avenue to Monroe Street.
 - The new Inland Imaging Breast Center at 799 S Stevens St. will be accessible via Stevens Street. Patients coming from the South can take Monroe/Lincoln Street, turn east onto 5th Avenue and then south onto Stevens Street, reaching the center just south of 7th Avenue.

This project is a grind and overlay of Washington Street from 8th to 3rd Avenues, replacement of curb ramps for ADA compliance where needed, stormwater upgrades, and replacement of a water distribution main.

This is a \$3 million project.

EMERGENCY STREETS PILOT PROGRAM

- Ash Street is reduced to one lane between Kiernan and Courtland Avenues.

The Emergency Streets Pilot Program is a new initiative that brings temporary traffic-calming measures to the site of a fatal traffic crash within 48–72 hours. Residents and visitors will see highly visible treatments such as cones, speed feedback signs, roadway stenciling, and bright pink signage. The program encourages drivers to slow down while the City monitors traffic speeds and gathers community feedback about the program and traffic safety.

This program is supported by funding from the Washington Traffic Safety Commission Speed Management Advisory Cooperative, the Cooper Jones Active Transportation Safety Council, and the Spokane Regional Health District.

STREET DEPARTMENT PROJECTS

CRACK SEALING

- Waverly/Park/Cleveland from Post to Division Streets
- Garland Avenue between Ash and Alberta Streets

GRIND & OVERLAY

- Crews are working on Francis Avenue between Smith and Market Streets. There will be lane closures in place.

POTHOLE CREWS

- City crews continue to fill potholes as weather allows. If you see a pothole, report it by calling **3-1-1**. Potholes can also be reported online through [your Spokane 311 account](#). Crews focus on the largest holes on the busiest streets first. Include as much information as possible on the location and size of the pothole.

SWEEPING CREWS

- Bike Lane Crew – NE Bike Lane Rt. 1
- Northeast Crew – North arterials

ADDITIONAL WORK

- Working on 29th Avenue from Myrtle to Havana Streets on mud boils.

ADDITIONAL WORK

WASHINGTON STATE DEPARTMENT OF TRANSPORTATION (WSDOT)

I-90 BNRR BRIDGE TO GEIGER ROAD PAVING

- Work hours are Monday through Friday, 7 p.m. to 6 a.m. Here is what to expect.
 - I-90 eastbound and westbound has single lane closures between SR 940 and Geiger Boulevard.
 - There will be occasional ramp closures.

The project will be accomplished by removing the surface of the existing pavement, repairing portions of the underlying pavement, crack sealing, paving with Hot Mix Asphalt, and installing rumble strips. Once completed, the roadway surface will have a smoother ride that will be preserved for years to come.

NORTH SPOKANE CORRIDOR-US 395/NSC SPOKANE RIVER CROSSING

- The following streets are closed for work.
 - Ralph Street is closed between Euclid Avenue and Upriver Drive.
 - Riverton Avenue is closed under the Greene Street Bridge. Detours are in place.
