

Bluff Restoration Update
April 24, 2017

In order to move the Bluff Road Restoration Project forward in a timely manner Avista has taken the lead, as they have existing contractors and staff available to immediately begin the permitting and restoration processes. A Core Team comprised of Avista, City of Spokane, Washington Department of Ecology, Anderson Environmental, and Land Expressions staff has been established for the Project.

We invite you to join us for this stakeholder, planning and update meeting as your input and assistance with this project is vital to its success.

What: South Hill Bluff Restoration
Who: Stakeholders and Interested Parties
When: Wednesday, April 26
Time: 6:00 p.m.
Where: Avista, 1411 E. Mission

Please check-in at Avista security desk upon arrival.

Agenda:

- Current status of work
 - Erosion control measures
 - Surveying
 - Signage
 - Aerial and drone photography
 - Cultural field work
 - Bridge gate locked
- Permitting – shoreline and storm water
- Restoration Plan - road cut and re-vegetation
- Managing the cut trees
- Damage tree protection
- Schedule for project completion
- Anticipated follow up work

We look forward to hearing from you.

Thank you, we appreciate your help.
