**GET 1/2 CUBIC  
YARD  
COMPOST  
FREE**

**Need to Order a Green Cart?  
CALL 3-1-1 TO SUBSCRIBE**

## Green Waste Collection

Along with garbage and recycling, add a green cart subscription.

### The green cart can take:

- Yard Debris
- Food Scraps
- Food-soiled, Non-shiny Paper (e.g. napkins, paper towels)

**Yard waste recycle cart: \$18.31 /mo**

Green carts are collected weekly from subscribers March-November, and the service and its charges are suspended during December, January, and February.

**REMEMBER:  
No plastic  
bags, glass,  
or plastic**

## ALL Green Cart Subscribers get FREE Compost!

Go to [gogreenspokane.com](http://gogreenspokane.com) to receive your voucher for 1/2 cubic yard (\$19+ value) of FREE COMPOST available at select landscaping suppliers for a limited time. The compost is locally produced using green waste from green carts like yours, right here in our community.

**Why is compost good for my yard?** Compost improves the moisture-holding capacity of the soil, adds nutrients, and feeds soil microbes. Building healthy soils builds healthier garden plants, lawns, trees and shrubs.

**How do I use compost?** Add 3+ inches of compost to garden soil, and around trees, shrubs and flowers.
