THE 2021 **WATER QUALITY REPORT** IS NOW AVAILABLE

Each year, more than 2,000 tests are performed on Spokane's water.

In line with years past, your drinking water meets or exceeds all water quality standards. We are extremely proud to provide you reliable, high-quality drinking water.

TAKE A LOOK AT 2021'S TEST RESULTS AT:
SpokaneWater.org

To request a copy, call 509-625-7800
or email waterinfo@spokanecity.org

WATERING RULES REMINDER

Support the City of Spokane's watering schedule. Check the calendar below to make sure you're watering on the correct day and time.

With City Council's passage of a new ordinance, this year we are requiring our customers to water their landscape on odd or even days of the week and avoid the peak hours of the day between 10 a.m. and 6 p.m.

Not only does this save water but it also improves the health of the vegetation. Watering deep and infrequently encourages plant roots to grow deeper in the soil profile and become more resilient to weather extremes- high winds, drought, and high temperatures.
