more info on proper  
battery disposal

# LITTLE BATTERIES

**CAUSE BIG PROBLEMS!**

Batteries, even if they are old and used, can spark and explode if damaged.

**WHY**

Batteries cause fires in garbage trucks and at transfer stations. It is costly to clean up after battery fires. These types of fires also are difficult to fight and put firefighters at risk.

**COST**

- Store your used batteries in a plastic bag or container. Be sure to keep it out of reach of children and pets.
- City of Spokane residents can put batteries in a clear, plastic bag and place on the lid of their **blue bin**.
- Look up battery drop off locations online using the Spokane Waste Directory.

**ACTION**

**WHERE CAN BATTERIES  
BE FOUND?**

**Properly  
disposing of  
batteries** →  
**prevents fires**

**KNOW  
BEFORE YOU  
THROW!**
